STATE RECORDS COMMITTEE
Interim Report January 1, 2016, to June 30, 2016

WELCOME!
This report covers the work of the State Records Committee from the last five months of fiscal year 2015-2016. It has been decided, to coincide with the ombudsman's, to publish a fiscal report versus an annual committee report. This report covers January 1, 2016, through June 30, 2016.

So far, 2016 started out as another very busy year for the state records committee. By the end of June, a 41% increase of appeals filed from the same time in 2015, and the trend has continued with each month experiencing an increase of appeals filed. To accommodate the increased workload in May the committee held an interim meeting in addition to the regularly scheduled meeting to accommodate the continuances.

This report contains a brief synopsis of the appeals filed, participants, findings, and appeals status. From January 1, 2016 to June 30, 2016, the Committee received 58 notices, 1 remand, heard 23 appeals, and executed 23 decisions.

Unfortunately, the increased number of appeals filed and multiple postponements have created an unforeseeable three-month backlog of scheduled hearings set well into September 2016.

MEET THE COMMITTEE
The State Records Committee was established in 1992 by the Utah Legislature under the Government Records Access and Management Act (GRAMA), Utah Code § 63G-2-101. The seven-member committee is comprised of a governor's designee, a Utah League of Cities and Towns representative, state history designee, two citizen representatives, media representative, private sector records manager and legal counsel. The Governor with the consent of the Senate appoints all members.

The Committee develops rules to govern its own proceedings as outlined in Title 63G, Chapter 3, and Utah Administrative Rulemaking Act; and by ordering, after notice and hearing, reassign classification and designation for any record series by a governmental entity if the governmental entity's classification or designation is inconsistent with the law. In order to proceed with business transactions there must be a quorum of five members present or be available telephonic.

The body is required to meet at least quarterly to review and approve state and local schedules for the retention and disposal of records. In addition, it is charged to hear appeals from the public requesting records they were denied by the governmental entity. All Committee work is in accordance with Utah Code § 63G-2-101 and it follows Administrative Rule R35 regarding procedures.

Practices and Procedures
The Committee held seven scheduled meetings in 2016 on the second Thursday of each month, with two exceptions, the March meeting was scheduled a week later because of the legislative session, and in May a special meeting was scheduled to accommodate three continuances. The Committee spent a large portion of time hearing appeals from the public for when access to records is denied by a governmental entity. The decisions and orders handed down by the Committee are available online: http://www.archives.state.ut.us/src/index.html. Anyone who is interested all audio files, minutes, and handouts of each meeting are available on the Utah

LITIGATION

In addition to hearing appeals, the state records committee is actively involved in appellate litigation surrounding GRAMA. Any party who disputes the committee's order may petition for judicial review to the District Court. In 2016, seven new judicial reviews were petitioned, nine are still active from 2015, and three judicial reviews were dismissed. The committee's legal counsel has been the voice for the committee by filing briefs, conducting oral arguments, and attending hearings.

A significant Supreme Court ruling was issued in 2016, *Schroeder v. Utah Attorney General's Office*, 358 P. 3d 1075 (Utah 2015) providing further clarification and guidance for the government and the public seeking records access using GRAMA. Copy of this ruling and others are available on the State Archives webpage.

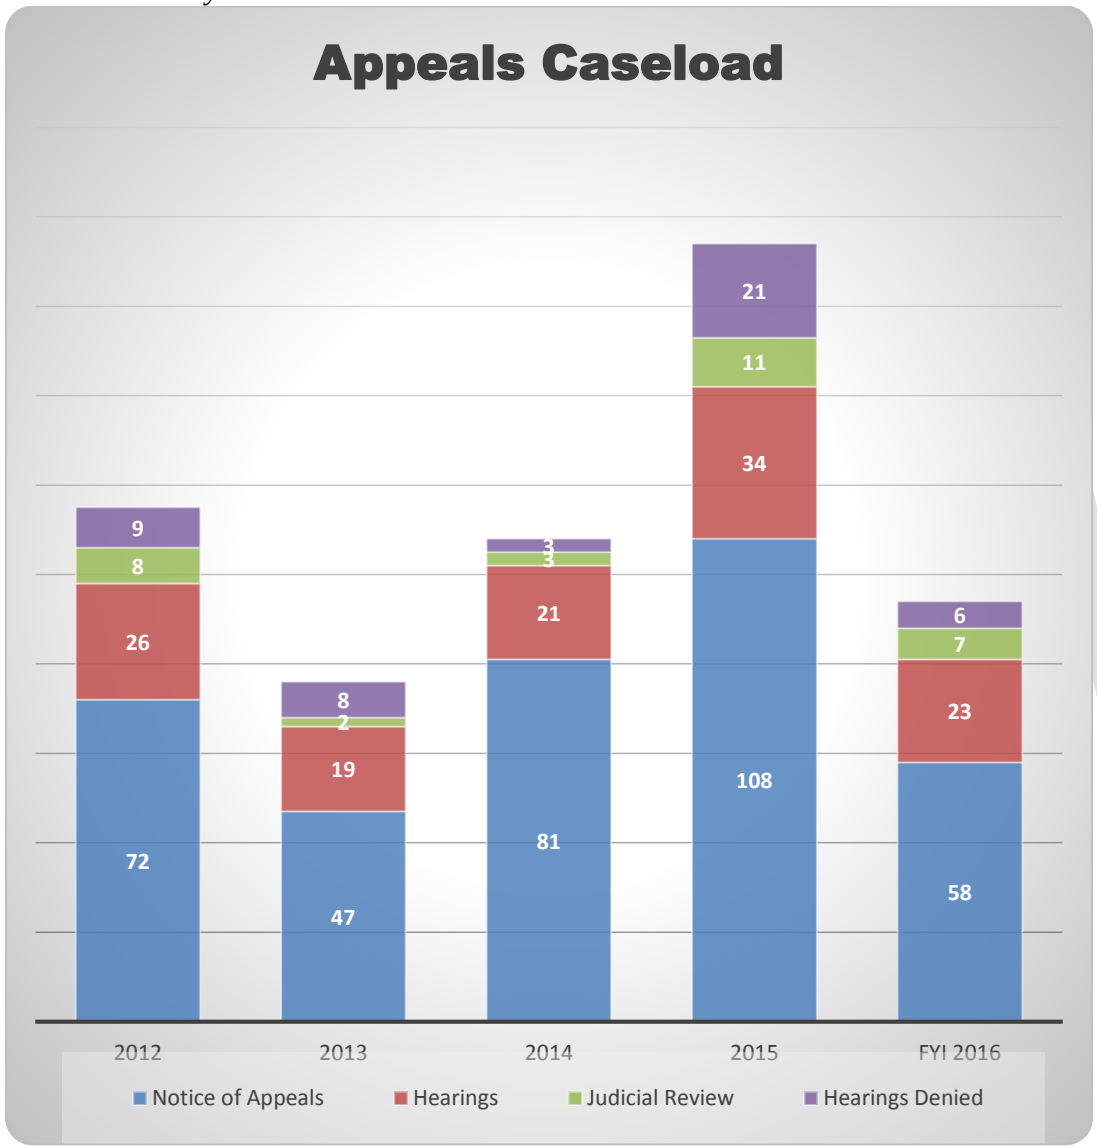
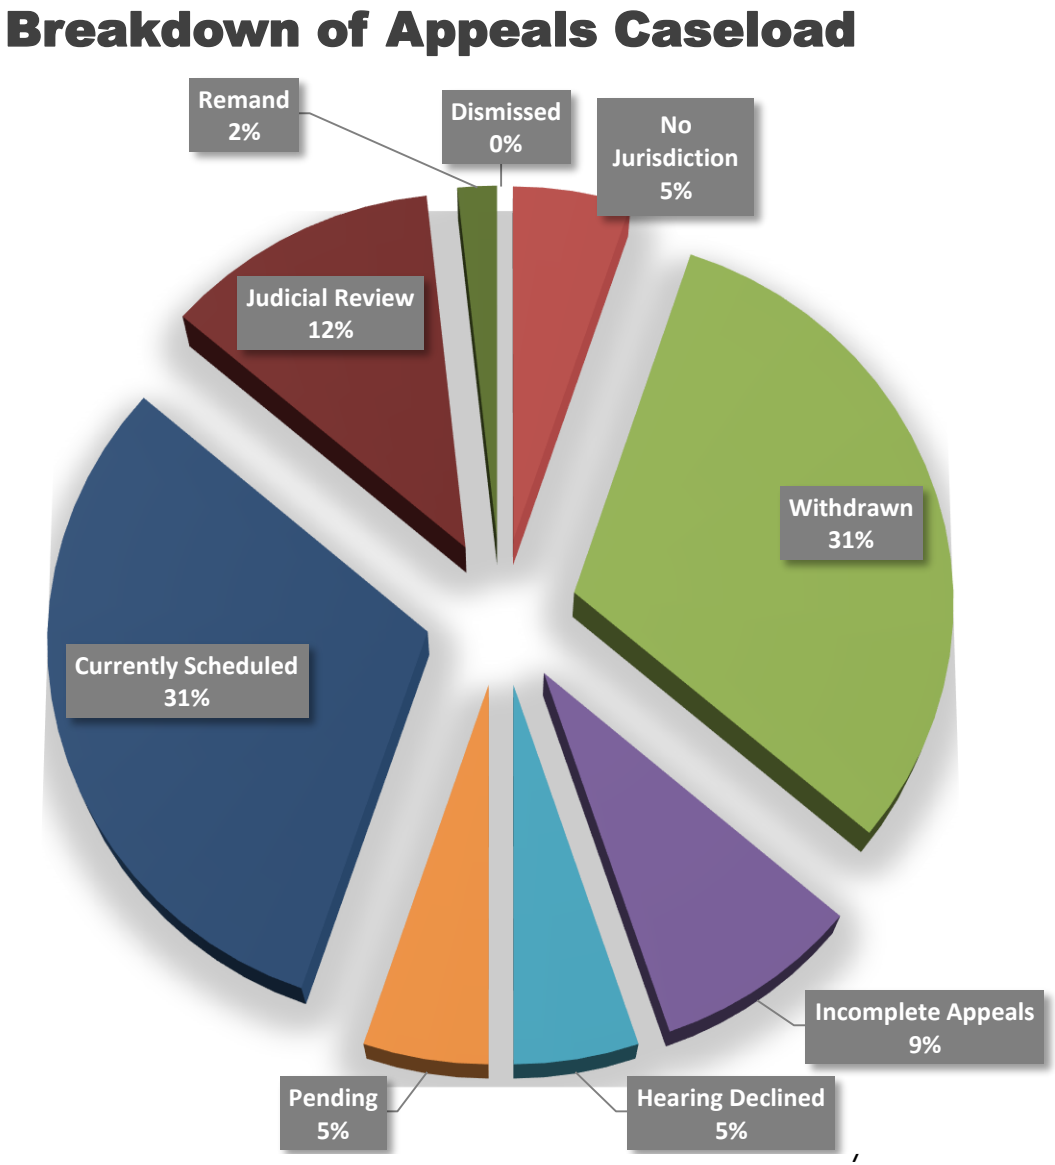
Table 1
Five-Year History



In 2012-2015, the appeals were reported annually. Beginning January 1, 2016, the appeals will be reported by fiscal year to coincide with the data produced by the ombudsman report. This accounts for the lower number of appeals reported in 2016 compared to previous years.

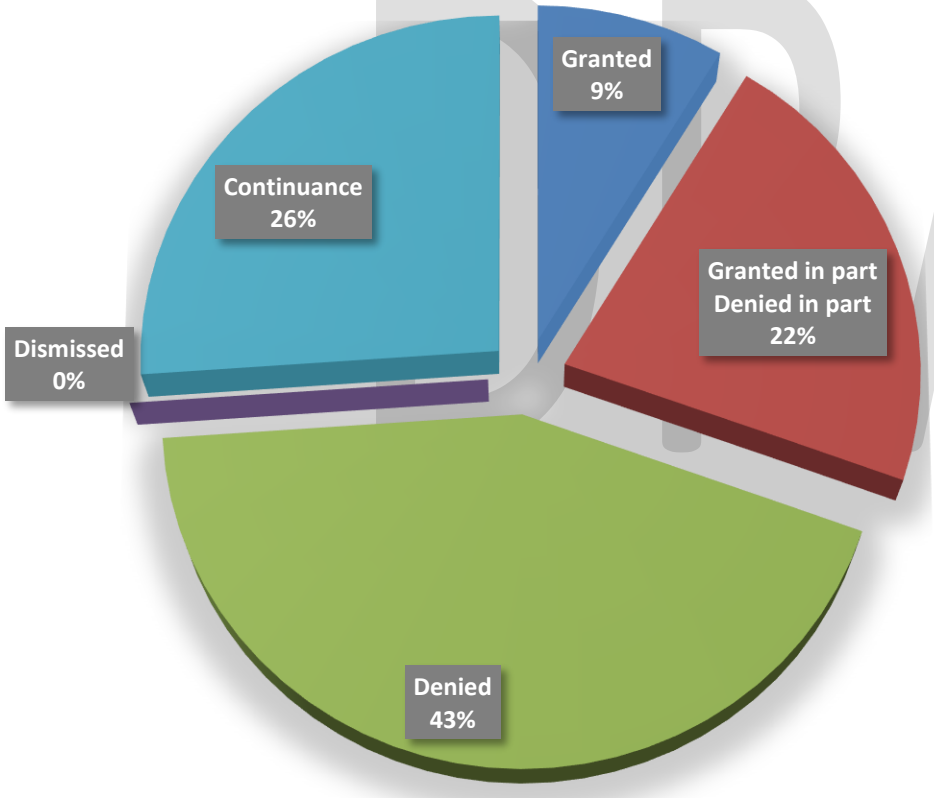
Table 2



Established in 1992, there have been many firsts for the committee, but an unusual one occurred when the court remanded a case and maintained jurisdiction. In *Roger Bryner v. Clearfield City*, Order #15-27, Second District Court remanded the 2015 appeal back to the committee for a records access decision.

Table 3

Breakdown of Decisions and Orders



In 2016, continuances were more prevalent than any other year due to the voluminous records submitted by governmental entities for *in camera* review, mostly electronic correspondences. Although appeal denials are at 43% many of the requesters received partial records through mediation, and used the Committee to resolve any remaining disagreements on the governmental entity's classification of records. (See ombudsman report).

DRAFT

Table 4

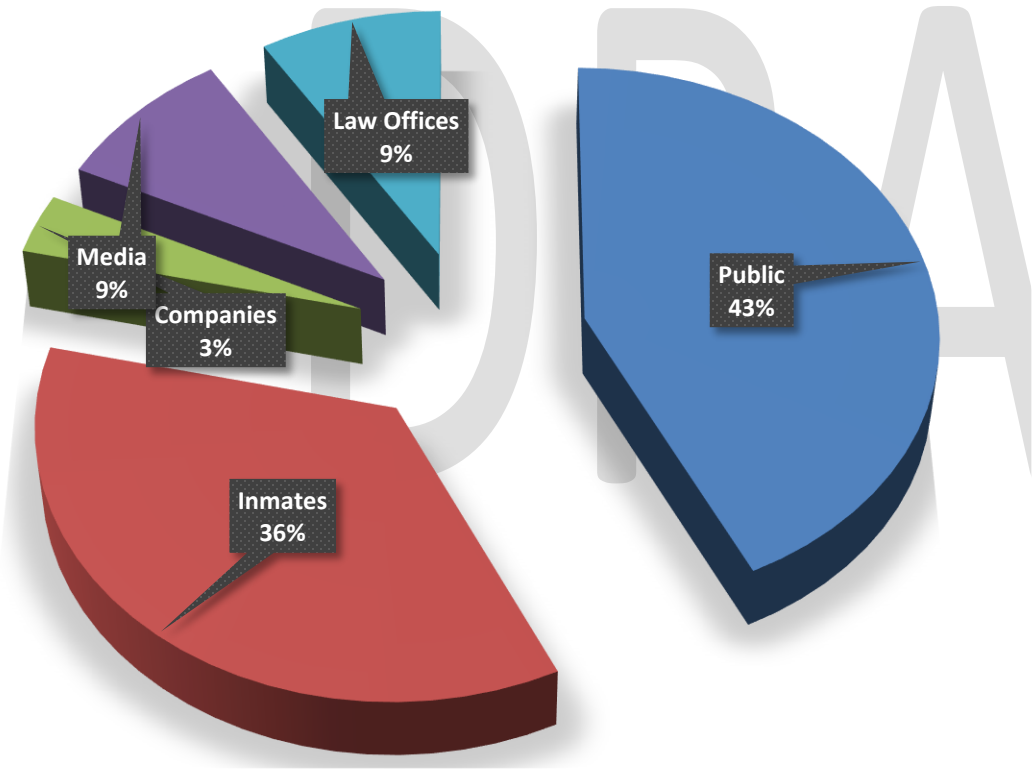
Decisions and orders can be grouped into five categories: granted, partially granted, denied, dismissed (moot), and continuance. The three most common reasons for a denial are:

- Records do not exit.
- Governmental entity properly classified the records.
- Fee waiver denial was found to be reasonable.

- There are times when the committee is provided an opportunity to clarify the intent of the law, and in the case of *Jordanelle Special Service District (JSSD) vs. Utah State Auditor*, Order #16-02, the committee determined a special service district is not defined as a "person" in GRAMA. It is defined as a governmental entity; therefore, cannot file a GRAMA request upon another governmental entity. Governmental entities can utilize the shared records provision in GRAMA.

Table 5

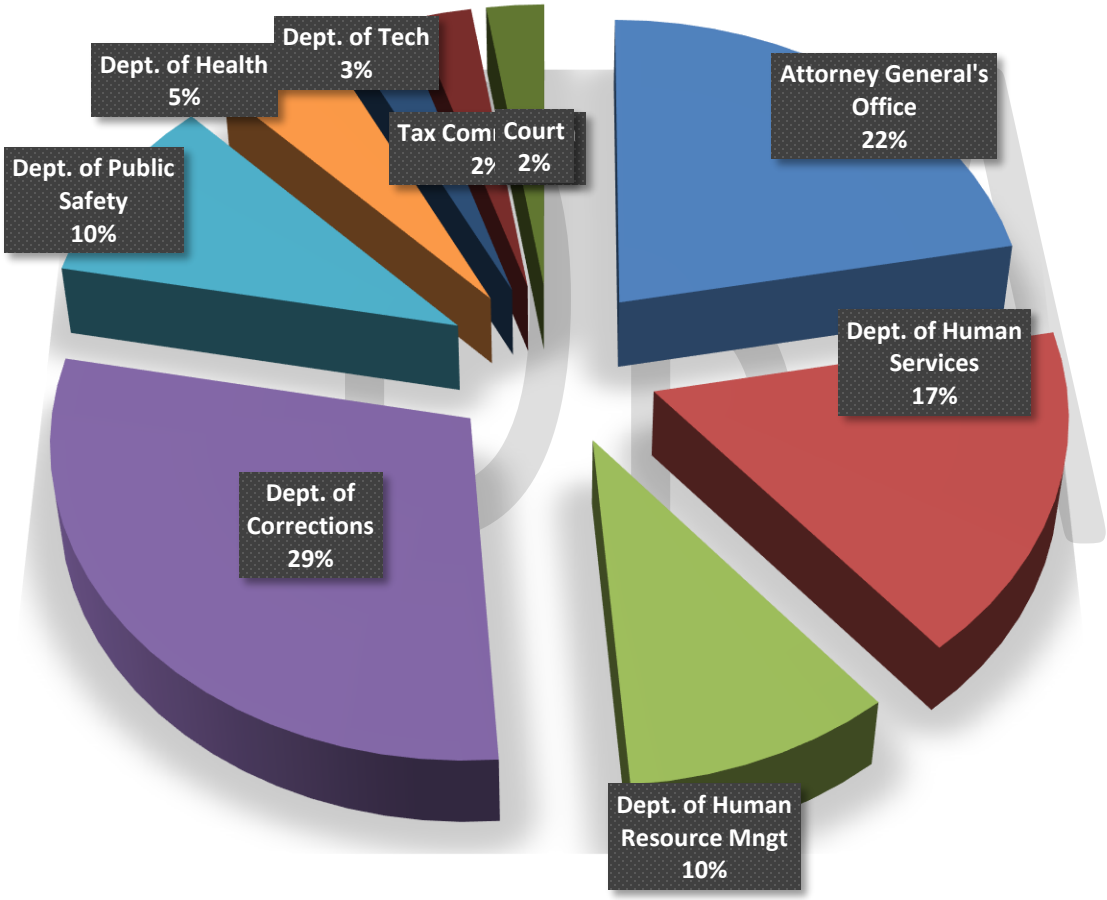
Demographics of Requesters



Inmates filed the most appeals per capita than the public, companies, media, and law offices. This data correlates with the high percentage of appeals filed to the Department of Corrections in 2016.

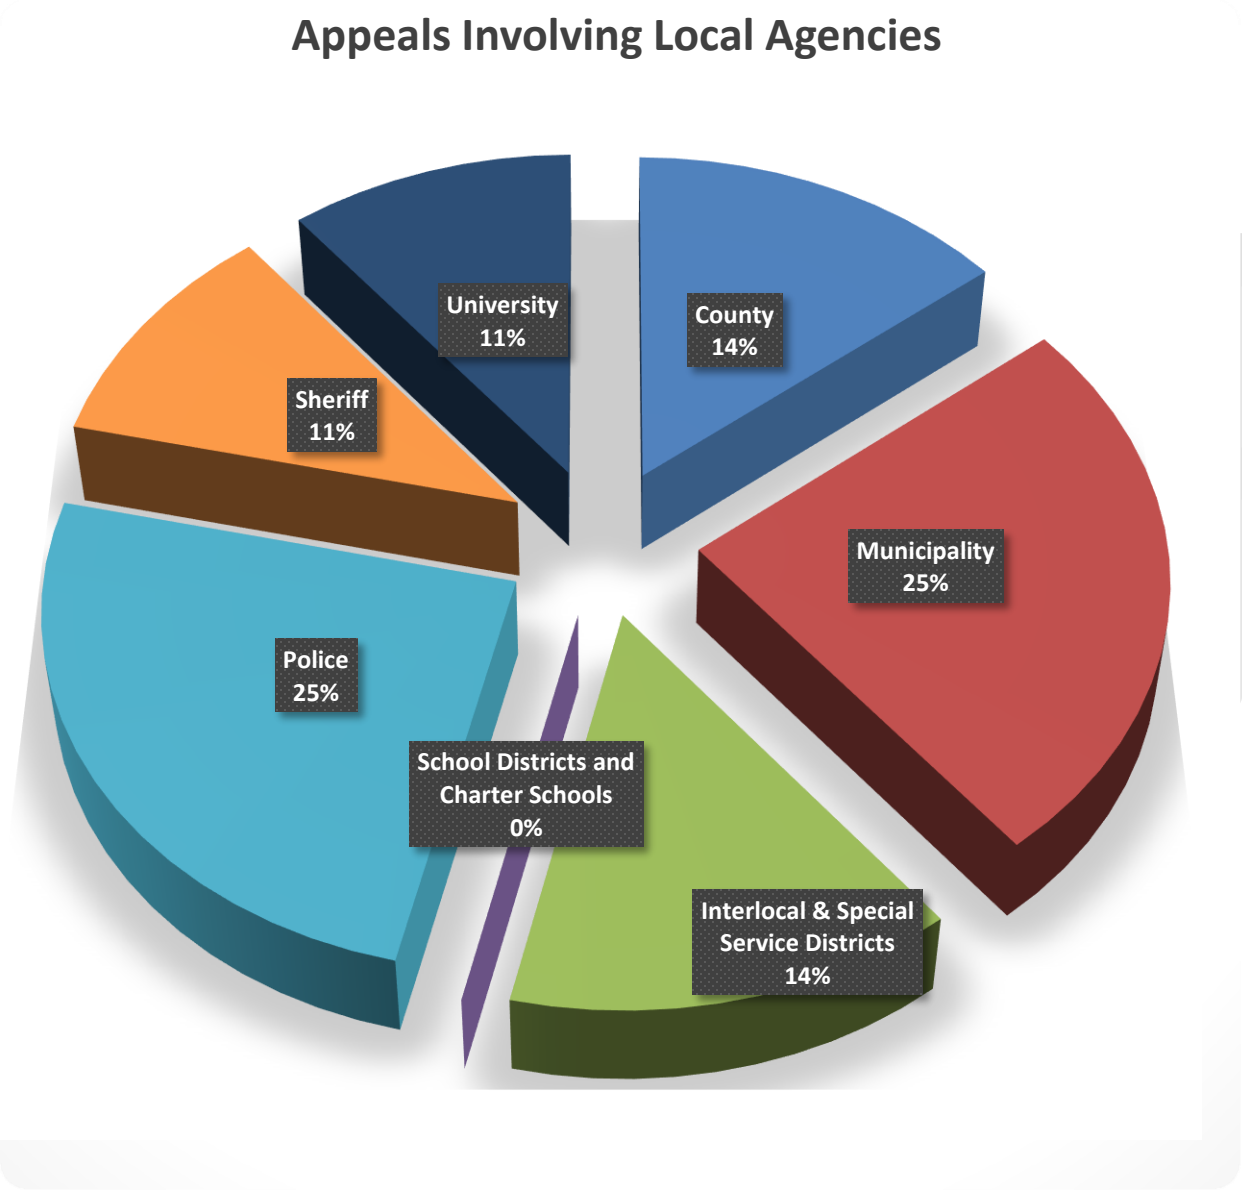
Table 6

Appeals Involving State Agencies



Once again, the Department of Corrections (UDC) (30%) was involved in more than any other state agency. Inmates filed the vast majority of appeals involving UDC. The Attorney General's Office were involved in 22% of the appeals filed followed by Department of Human Services, Division of Child and Family Services (17%).

Table 7



Among local agencies, municipal governments (cities and towns) were involved in 25% of the appeals. If you include the local police, that percentage jumps to 50%. Counties were involved in 14% of local agency appeals followed by special service and interlocal districts at 14%.

Note: When a petitioner files similar appeals on the same governmental entity the Committee consolidates the appeals for the sake of saving time and resources. If each appeal filed this year had been scheduled separately, potentially the Committee could have heard an additional thirteen appeals in FY 2016.

INDEX OF HEARINGS AND APPEALS

STATE RECORDS COMMITTEE HEARINGS (23)				
Decision & Order No. (Appeals Request No.)	**Case Title/ Participants**	**Records Sought**	**Ruling**	**Appeal Status**
15-27(Remand) (2015-53a)	Roger Bryner vs. Clearfield City		Appeal denied (Remand)	Summons served October 20, 2015, Case No. 150701062. On May 9, 2016, Second District Court maintained jurisdiction but remanded the case back to SRC to review all documents requested.
The Second District Court determined Mr. Bryner's record request has not been fully addressed at the Records Committee level, the Court has referred it back to proceedings at the Records Committee level. The Court will retain jurisdiction. At the rescheduled hearing, the Committee finds that all public documents responsive to Mr. Bryner's July 10, 2015, records request have been provided to him by Clearfield. The Committee is convinced that no other public documents exist that are responsive to his request based upon the declaration by affidavit by Ms. Dean.				
16-01 (2015-88)	Patrick Sullivan vs. Utah Attorney General's Office (AGO)		Appeal denied	
Mr. Sullivan is appealing AGO "Office" claim of extraordinary circumstances for two GRAMA requests #15-89 and #15-98, requesting email communications from multiple government employees with his name in the subject line or body. The Committee finds that issues related to the Office's initial denial of access to the records, including whether the Office properly searched "Google Vault" for records, is not yet properly before the Committee. Mr. Sullivan must first file an appeal with the chief administrative officer before appealing the matter to the Committee.				
16-02 (2015-87)	Jordanelle Special Service District (JSSD) vs. Utah State Auditor		Appeal denied	Summons, Case No. 160901401, filed February 29, 2016- Dismissed.
Ballard Spahr LLP, on behalf of Jordanelle Special Service District, is appealing access denial to records. The Committee finds that it does not have jurisdiction to hear the appeal of JSSD because JSSD is a "governmental entity" under Subsection 63G-2-103(11)(b)(ii), not a "person" as that term is defined in GRAMA under Subsection 63G-2-103(17).				

DRAFT

16-03 (2015-78)	Chad Lambourne vs. Provo City Police Department	Appeal denied	Summons, Case No. 160901346, filed February 24, 2016-Dismissed
Mr. Lambourne is appealing partial access denial to his records request: video and/or audio, DUI report form, incident report, and search warrant. The Committee finds that the records, at the time of the request, were properly classified pursuant to Utah Code § 63G-2-305(10).			
16-04 (2015-94)	Azlen Marchet vs. Utah Department of Public Safety, Bureau of Forensic Services	Appeal denied	
Mr. Marchet is appealing access denial to his serology toxicology DNA results. The Committee finds that, Respondent does not have a record responsive to Mr. Marchet's request and pursuant to Utah Code § 63G-2-201(8)(a)(i), is not required to create a record. Accordingly, Respondent is not required to provide a record to Mr. Marchet's records request.			
16-05 (2015-95 thru 102)	Annie Knox, *Salt Lake Tribune* vs. Utah State University	Appeal denied	
Salt Lake Tribune is appealing access denial by Utah's eight separate public universities and colleges for a list of names of students found responsible by their institutions for sexual or violent misconduct over the past 5 years (2010-2015), along with corresponding details about disciplinary action. The Attorney General's Office will be combining and representing all eight universities and colleges. The Committee determined that because of the potential chilling effect on individuals reporting information regarding violent and/or sexual crimes and the prosecution of such crimes, the records were properly classified as private records pursuant to Utah Code §§ 63G-2-305(10) and -305(11).			
16-06 (2015-106)	Michael Clára vs. Salt Lake City Board of Education	Appeal denied	
Mr. Clára is appealing access denial to multiple records from Salt Lake City Board of Education. The Committee determined two of the requests were outside jurisdiction, the fee waiver denial was reasonable, and the protected records were properly classified.			
16-07 (2015-107)	Reginald Williams vs. Attorney General's Office (AGO)	Granted in part denied in part	
Mr. Williams is appealing the failure of the Attorney General's Office to respond to his appeal requesting employee service history available in the Human Resource Enterprise database for eleven Attorney General Office employees. The Committee finds that the records relating to one individual (Jacob Taylor) should be provided after redactions are made for information that is not considered "public" pursuant to Utah Code §§ 63G-2-302(2)(a) or -303, and are not subject to disclosure.			

DRAFT

16-08 (2016-01)	Helen Redd, on behalf of Marc Jensen vs. Attorney General's Office (AGO)	Appeal granted	
Ms. Redd, on behalf of Marc Jensen, is appealing access denial to responsive records that support representations of the Office of the Attorney General. The Committee reviewed the records request made by Ms. Redd it shows that it was reasonably specific, especially after Ms. Redd provided additional information at the hearing concerning what was being requested. Accordingly, the Office should fulfill Ms. Redd's records request.			
16-09 (2015-75)	Edgar Frye vs. Department of Human Services, Division of Aging and Adult Services	Appeal denied	
Mr. Frye is appealing access denial to "[a]ll records of interviews, phone calls, etc., in the abuse case #2144836." The Committee finds that the Respondent properly classified the records as protected, and could not disclose them pursuant to Utah statute.			
16-10 (2016-08)	Patrick Sullivan vs. Attorney General's Office (AGO)	Continuance	
Mr. Sullivan is appealing the Attorney General's Office decision to not search Google Vault for responsive emails to his records request. The hearing on this matter is continued until the net available hearing of the State Records Committee, in order to allow Petitioner, Patrick Sullivan, sufficient time to review the additional documents provided by Respondent, the Utah Attorney General's Office, and determine whether the Office complied with his initial records request.			
16-11 (2016-11)	Roger Bryner vs. Clearfield City	Granted in part and denied in part.	Summons filed April 27, 2016. Case No. 160700423.
Mr. Bryner is appealing redaction in the production of requested records.			
16-12 (2016-13)	Utah Rivers Council vs. Washington County Water Conservancy District (WCWCD)	Continuance	
Utah Rivers Council is appealing Washington County Water Conservancy District's determination it does not maintain the record requested. The Committee voted unanimously to continue the hearing to a later date in order to allow Respondent to provide to the executive secretary the records for the Committee. Neither party objected to the continuance.			

DRAFT

16-13 (2016-15)	Bryan Thatcher vs. Utah Department of Public Safety (DPS)	Continuance	
Mr. Thatcher is appealing access denial to reports, notes, records, and/ or videos of interview, witness interviews, and/or statements held by DPS. During the deliberation phase of the hearing, a motion was made by a Committee member to review the disputed records *in camera*. When it was determined that the records were too numerous to review in its entirety during the hearing on this matter, the Committee voted unanimously to continue the hearing to a later date in order to allow sufficient time for Committee members to review the disputed records. Neither party objected to the continuance.			
16-14 (2016-16)	Nate Carlisle, *Salt Lake Tribune* vs. Attorney General's Office (AGO)	Continuance	
Mr. Carlisle is appealing access denial to criminal investigation records of Beaver County Sheriff Cameron Noel conducted 2014 or 2015 and requesting a fee waiver. During the deliberation phase of the hearing, a motion was made by a Committee member to review the disputed records *in camera*. When it was determined that the records were too numerous to review in its entirety during the hearing on this matter, the Committee voted unanimously to continue the hearing to a later date in order to allow sufficient time for Committee members to review the disputed records. Neither party objected to the continuance.			
16-15 (2016-18)	Cody Black vs. Lehi City Police Department	Granted in part and denied in part	
Mr. Black is appealing access denial to records that pertain to hiring and promoting for selected positions within the police department. The Committee finds that Respondent properly classified the records as "private" records pursuant to Utah Code § 63G-2-302(2)(a). However, pursuant to Utah Code § 63G-2-202(1)(a), the "subject of the record" is entitled to receive a copy of a non-public private record. Accordingly, Respondent should provide Mr. Black with copies of the requested private records where Mr. Black is the subject of the record, but redact any other private information because the subject records "contain both information that the requester is entitled to inspect and information that the requester is not entitled to inspect." See, Utah Code § 63G-2-308.			
16-16 (2016-21)	Roger Bryner vs. Utah Department of Health	Appeal denied	
Mr. Bryner is appealing a fee waiver and records access denial. The Committee finds Respondent's explanations concerning the time it would take to compile and provide the information to be reasonable and credible. GRAMA allows Respondent to charge Mr. Bryner for the actual costs for providing the record. The Committee also finds Respondent's denial of Mr. Bryner's request for a fee waiver was not an unreasonable denial. Mr. Bryner failed to sufficiently prove any of the factors listed in Utah Code § 63G-2-203(4)(a-c). Additional, although -203(4) "encourages" a governmental entity to fulfill a records request without charge under certain circumstances, "GRAMA still gives a governmental entity the discretion to deny a fee waiver request as long as the denial can be considered reasonable." *Allen v. Eagle Mtn.*, State Records Comm. Decision 2014-07 (Apr. 14, 2014), ¶ 7.			

DRAFT

16-17 (2016-23)	Edgardo Mata vs. Utah Department of Corrections (UDC)	Appeal denied	Summons filed May 24, 2016. No Case Number
Mr. Mata is appealing access denial to his Security Threat Group (STG) file. After reviewing the arguments submitted by the parties, and hearing oral arguments and testimony, the Committee finds that Corrections properly classified the records as protected records pursuant to Utah Code §§ 63G-2-305(10), -305(11) and -305(13).			
16-18 (2016-15a)	Bryan Thatcher vs. Utah Department of Public Safety (DPS)	Granted in part and denied in part (Continuance)	Summons filed June 2016. No Case Number
Mr. Thatcher is appealing access denial to reports, notes, recordings, and/or videos of interview, witness interviews, and/or statements held by DPS. After reviewing the records classified as non-public by Public Safety in camera, for ease of classification and discussion, the Committee categorized the records into fourteen groups and classified them accordingly.			
16-19 (2016-13a)	Utah Rivers Council vs. Washington County Water Conservancy District (WCWCD)	Appeal granted (Continuance)	
Utah Rivers Council is appealing Washington County Water Conservancy District's determination it does not maintain the record requested. After reviewing the contract the Committee is convinced that even though the records were maintained by a third party, Respondent was the owner of the records and therefore, the disputed records should be considered governmental records subject to GRAMA pursuant to Utah Code § 63G-2-103(22)(a). The Committee also finds that since there is no statutory provision to which access to the records is restricted, the records are public records pursuant to Utah Code § 63G-2-201(2).			
16-20 (2016-29)	Angela H. Elmore, on behalf of Trenton Mellen vs. Salt Lake City Corporation	Continuance	
Ms. Elmore is appealing Salt Lake City Corporation's classification of emails, collection methods and results, pertaining to her client's case. The Committee determined it needed to review the records in their entirety.			
16-21 (2016-16a)	Nate Carlisle, *Salt Lake Tribune* vs. Attorney General's Office (AGO)	Granted in part and denied in part	
Mr. Carlisle is appealing access denial to criminal investigation records of Beaver County Sheriff Cameron Noel conducted 2014 or 2015 and requesting a fee waiver. After having reviewed the records in camera, the Committee finds that the records that were not part of the Case No. 15-17 records request or the policy manuals in the current records request, were properly classified by the Utah AG's Office as protected records pursuant to Utah Code § 63G-2-305(10)(a), (b), and (c). Law enforcement and prosecutors should be given the ability to restrict access to records that could reasonably be expected to interfere with investigations, proceedings, and/or trials.			

DRAFT

16-22 (2016-17)	Patrick Sullivan vs. University of Utah, Medical Center	Continuance	
Mr. Sullivan is appealing access denial to emails and names of all orthopedic surgeons/residents who worked the Prison Telemed Clinic on September 22, 2014. He is requesting a fee waiver. Due to extenuating circumstances, the Petitioner was unavailable at the hearing and the Committee motioned for a continuance.
