UTAH STATE BOARD OF EDUCATION

Subject:
ACTION: Parental Exclusion From State Assessments Form: 2023-2024

Agenda item type:
Action Item

Recommended Action:
MOTION OF THE BOARD: The Committee moves that the Board approve the Parental Exclusion from State Assessments forms.

Background:
53G-6-803(9)(a) establishes the requirement that the Utah State Board of Education establish a statewide procedure for excusing a student from state assessments, which includes creating, maintaining and publishing a list of eligible state assessments. To maintain the Parental Exclusion From State Assessments form, staff regularly review and make recommended changes to the form as necessary. Staff are recommending the inclusion of the Kindergarten Entry and Exit Profile as a result of the passage of H.B. 477 and to separate the form into two separate, elementary and secondary, forms to increase ease of use for interested parents.
