

National Cyber Security Awareness Month

What Is Your Business Doing To Be Cyber Security Aware?

October is **National Cyber Security Awareness Month** which is an annual campaign to raise awareness about cybersecurity. We live in a world that is more connected than ever before. The Internet touches almost all aspects of everyone's daily life, whether we realize it or not. National Cyber Security Awareness Month (NCSAM) is designed to engage and educate public and private sector partners through events and initiatives to raise awareness about cybersecurity, provide them with tools and resources needed to stay safe online, and increase the resiliency of the Nation in the event of a cyber incident.

Each week of October [National Cyber Security Awareness Month](#) there is a designated theme. Please be sure to follow us on [Twitter](#), [Facebook](#) and the [Be Ready Business website](#) for weekly information and updates.
