Subject: Important: Missing Privacy Policy Statement - Daggett County
To: <kpallesen@daggettcounty.org>

Hello Keri Pallesen,

The State Privacy Officer has reviewed all designated government entities websites and our assessment shows that **Daggett County** does not have a properly published privacy policy statement, which is required by Utah code 63-D-2-S103.

We'd like to help you get in compliance. Please draft and publish a privacy policy statement on your website by April 30, 2024. We will be conducting another review in May 2024 and would like to demonstrate state-wide compliance.

To make things easier, we've provided a user-friendly privacy policy template, checklist, and video training (4 minutes) https://auditor.utah.gov/privacy/privacy-resources/.

If you feel that you have a compliant privacy policy statement or have any questions, please feel free to get in touch with our office. We truly appreciate your cooperation in this matter, as it demonstrates your commitment to protecting individuals' privacy and encouraging public trust.

We're looking forward to your timely response and action.

Regards,

Whitney Phillips - State Privacy Officer
