DETAILED REASON AND EXPLANATION FOR REQUEST:

Christian Life Assembly of God church would like to do an addition to an existing building in the A-5-H zone. The lot currently has the church, however, without a deferral, the construction of any addition of this size requires the installation of all public improvements. The applicant would like to extend the water line to the property and along the frontage, and connect into the water line. The deferral would apply to all other improvements. Staff supports the deferral as this property is at the southern edge of the city and the project is not a new build.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
