Dustan asked the council members to declare any conflict of interest. There were none.

The minutes of the September meeting were reviewed by the council.CJ motioned to approve the minutes. Tyson seconded the motion. All were in favor.

Accounting Reports: The treasurer only had the payroll reports for the board tonight. She will be in contact with Pelorus to work through the incoming invoices. Channing motioned to accept the payroll report and to push the accounting report on to December. Tyson seconded the motion. All were in favor.

Administrative: There was no administrative business.

Water: Channing reported that they have most of the lines tied in. Alan Erickson is without water for now. Lynn will be out of town for the next few weeks. Carlings would like to wait until he returns to proceed, so there will be some delays.

Electric: Dustan received an interesting phone call this past week. There was a bill that was rushed through that may make it so the IPP change over to gas may not take place. Dustan feels like we may have done a really good thing getting out when we did.

Road: No business.

Park & Cemetery: CJ reported that the park has been put to rest for the winter. The sprinklers and bathrooms have been winterized and closed up. The dumpster has been removed. Monica reported that the dumpster was worth whatever it cost for the summer.

Fire Department: None

Planning & Zoning: None

Building Permits: None

Other Business: Mayor Madsen asked Monica to report that the landfill will be here in the next few weeks to make some changes to the four yard bins. When this is completed, they will sit at waist height and be easier to open and close. Channing just wants to go back to the way things were before. Some wondered if it would be possible for John Higgins to come to a meeting to discuss the dump situation.

Tyson motioned for the meeting to be adjourned. Channing seconded. All were in favor.
