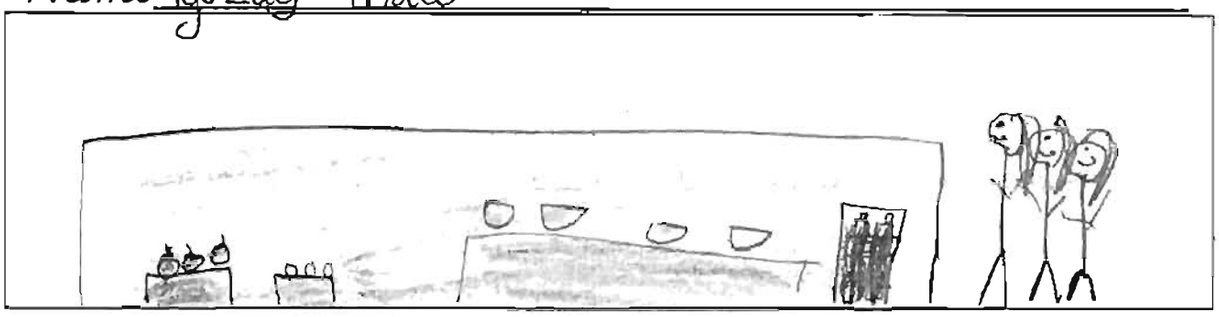
Name PyoZay Thaw



When we come to Logan we might not like it there, but then we get homes and friends. These are three reasons why I enjoy Logan.

First of all, the mountains keeps us safe from danger. Logan keeps us safe from tornadoes and other types of danger. After that, there are plenty of food. There are many fruits and drinks like

apples, water, peaches, and juice.

Finnally, there are schools that makes us learn. Wilson is my favorite it makes us be smart.

I want to stay in Logan forever because it's safe.

Natalie Rivas

I like living in Logan because It has free bus services and gardens and clean, pretty and good schools. Then next reason why I like Logan is the fun Activities. There are parades and fireworks on July 3RD, July twe ty four. There ar

Sports like soccer and basketball, parks and a skate park. Then the other thing is there are things like fun park and places to eat, the Aquatic center and Jump zone, movie theater, Barre in side, and thats why I like Logan and why

Natalie Rivas.

I like living in Logan because it makes me feel safe with my family.

Why I like living in Logan

I like living in Logan because we do not have to pay to go on the bus. I also like Logan because I like that there is so much nature and I like to explore it. I Love Logan because there are lots of fun places to go like the Fun Park. I also like Logan because I like [illegible] mountains so we [illegible] go hiking. Logan awesome because it is one of the [illegible] places I know of. I like it because there are lots fun [illegible] to play on. I also like it be[illegible] more. I love Living in Logan because it is so creative and comfortable. And that is why I like living in Logan.

Wonderful Logan

I like living in Logan because there are so many fun places to go. First I like the Fun Park because the Fun Park has roller skating, bowlin and arcade games. Next I like the Zoo because there's so many animals you can. Last I like the Aquatic Center because it's really fast

slides. So you see I think Logan is a great place to live in.

Name Tessa

I Like Living in Logan because....

Logan IS The Best

I love living in Logan. We can go to old restaurants. One of those restaurants is called The Bluebird. The restaurant is almost a hundred years old. They sell awesome, great, good, fantastic vanilla ice cream. It's so good I feel like I'm in heaven. Another awesome place to go is called The Old Court House building. It is huge, ginormous, and gigantic. There's one

thing that is amazing on top of the building is a round room. It is so tiny only 22 2nd graders could fit in there. It's called the cupola. I wonder what they store in that tiny room? This is the most great part. Where do you think they stored wine? They stored it in a closet with thick walls. It was so heavy it weighed over 1,000 pounds. It's called the safe. The next stop is going to be amazing. It's called Ellis Elementary. You know it's just a school right? But... this is one of the coolest things about Logan. Ellis Elementary is the oldest school in the state of Utah. That's cool. Many places don't have a great place to swim. Well here

in Logan were lucky. We have a huge swimming place. I'm so lucky because every year I get to go there. My mom and my dad won't take me. My teacher and my principal takes me there. You might not get it but every year my great principal takes the whole school. We must do a lot of reading. The swimming place is called The Aquatic Center. I wish I went to this stop right now. This stop is kids dreams. It's called The Jump Zone. Everybody in Logan loves it. I do too. They have food and drinks. But here's the sad part. You can't take food in the jump center. Just have fun. That's what matters. You could play volleyball and other cool sports. Next is one of our best stops.

Museums are so awesome. Museums are hard to find in Logan. One of them is found downtown. Downtown is busy but you could still find it. It is called the DUP that stands for pioneer museum. It's super cool. It's cool because it shows what it was like in the past when the pioneers and Indians were alive. Here's another stop. This stop is called the temple. It is really pretty. It is huge. I wish I could go in the temple but I need to be 12. My grandpa gets to go every week. Today he went. I wish I was him. Next stop is the tabernacle. The tabernacle is cousins to the tempre. One time I got to eat there. After, I got to hear the beautiful organ play and see how

it works. I've been to the tabernacle many times for church and concerts. Our last stop is called the Ellen Fortes theater. One time I went there and it was awesome. We saw how the lights worked. Sometimes it sort of reminds me about one of my classmates. Her name was Kate and she performed there. Logan Utah is the best place to live.

Elsie Hansen

I am going to talk about why I like living in Logan. I love living in Logan because we are surronded by Montains. The Montains protect us from Tornadoes. They are also very beautiful. I love the U.S.U. Lots of students go there to learn. There is a bug

www.PrintablePaper.net

Lab and Anthropology Museum, I
went there for a field trip. Logan is
very cool because there are lots of restaurants
here and my favorite one is Blue Bird.
I like Blue Bird because it has lots
of yummy foods there. I love Logan
because it is very beautiful.
