NOTICE OF INTENT TO AMEND AN IMPACT FEE FACILITIES PLAN AND IMPACT FEE ANALYSIS

MAGNA WATER DISTRICT

Notice is hereby given that Magna Water District intends to propose and/or amend its "impact fee facilities plan" and "impact fee analysis". The impact fees to be considered will be charged to new development and used to offset the cost of capital facilities to serve new development. These new capital facilities may include wells, meter vaults, pipelines, pump stations, storage reservoirs, sewer mains, treatment facilities and other infrastructure as required for the culinary water, secondary water and sanitary sewer systems.

The attached figure is a map of the geographic area proposed for consideration of any update or amendment to the "impact fee facilities plan" and "impact fee analysis" proposed facilities.

For more information about the proposed "impact fee facilities plan" and "impact fees analysis" and the process of preparation, or to provide information to be considered, please contact the project coordinator:
