ASSIGNMENT ORDER

In accordance with the General Services Agreement Between Owner and Consultant, dated April 16, 2021 ("Agreement"), Owner and Consultant agree as follows:

1. ***Specific Project Data.***

   Project Title: Daggett County Redevelopment Agency ▪ Dutch John Airport Survey (the "Assignment")

   Description: Professional survey services

2. ***Services of Consultant.*** Consultant's services shall be provided consistent with and limited to the standard of care applicable to such services, which is that Consultant shall provide its services consistent with the professional skill and care ordinarily provided by consultants practicing in the same or similar locality under the same or similar circumstances. Consultant incorporates herein by reference those services set forth in Section A1.01 of Exhibit A of the Agreement and adds the following services specific to the Assignment:

   a. *See proposal dated April 15, 2021, attached hereto as Attachment A and incorporated herein by reference, setting forth the detailed scope of work.*

   Owner's Responsibilities. Owner shall have those responsibilities set forth in Section A.2.01 of Exhibit A of the Agreement.

3. ***Times for Rendering Services***. Consultant's services will be performed by July 31, 2022 .

4. ***Payments to Consultant.*** Owner shall pay Consultant for the above assignment as follows: *Lump sum fee of $8,900. Lump sum progress payments may be invoiced monthly by percentage of completion throughout the project.*

Execution of this Assignment Order by Owner and Consultant shall make it subject to the terms and conditions of the Agreement (as modified above), which Agreement is incorporated by this reference. Consultant is authorized to begin performance upon receipt of a copy of this Assignment Order signed by Owner.

RE: Cost Estimate for Dutch John Airport Survey

Dear Daggett County:

We appreciate the opportunity to provide a proposal for the above-referenced project. It is our understanding the Daggett County Redevelopment Agency (RDA) intends to have a portion of their property around the Dutch John Airport surveyed and a description of the parcel made.

Jones & DeMille Engineering (JDE) has the necessary resources and expertise to complete this important project. The proposed scope of work and associated schedule and fees are as follows:

SCOPE OF WORK

Surveying Services

The proposed scope of work for planning services is as follows:

1. Locate and describe the boundary of a parcel of land surrounding the Dutch John Airport.
2. Create a subdivision plat showing a newly created parcel for the Dutch John Airport and the resulting remainder parcel. The newly created airport parcel will correlate with the Airport Layout Plan that is currently being developed by CIVCO Engineering.

Assumptions and Limitations:

1. It is assumed all the items listed above will be completed one time. Any additional items requested will be charged per JDE's standard hourly rates.
2. JDE will not be responsible for any project-related permits.
3. This estimate does not include addressing any boundary discrepancies discovered during the course of the survey, including, but not limited to meetings, additional parcel descriptions, exhibits, easements and right-of-way preparation.
4. It is assumed the RDA will provide a title search of parcels being surveyed and provide this report to JDE.

SCHEDULE

JDE will work to complete the above scope of work in a reasonable, timely manner according to the project and funding needs. An earnest effort will be made to complete the services within owner's time constraints.

FEES

The foregoing scope of work for design services can be completed for an estimated lump sum fee of **$8,900**. Construction engineering, staking, and materials testing, if requested, can be completed on an hourly basis according to JDE's standard hourly rates. Any adjustments to the scope of work would also be completed according to JDE's standard hourly rates.

CLOSURE

We appreciate and look forward to the opportunity to work on this important project. Our team has the proven capabilities to complete this work in a timely and efficient manner. We look forward to helping you shape the quality of life of those you serve. Please review this proposal and let us know if there are any questions or concerns.

Sincerely,

JONES & DeMILLE ENGINEERING, INC.

Martin Pierce, PLS
