Here's a copy of the Town Agreement for the discussion onTuesday. My understanding is you won't be there, so if you could put your thoughts on this into an email. That would be great. Also Do we need to put something on the agenda to finalize Left Hand Fork? Pat Hedrick?? or maybe wait until the following week when you can be there?
Thanks!
Brian

Nothing on the agenda for left hand fork. Yes for Pat Hendrick if they are ok with the agreement and want to sign it. Really that one is up to them.

I was able to speak to Craig. He pointed out the RDA code allows the RDA to transfer money to another government entity, such as the district or the County, so long as they hold a public hearing first. No need to recall the loan or anything, just go through the process.

Respectfully,

Niel H. Lund
