DEPARTMENT REPORTS

General Manager Report: Clint highlighted the following items in his managers' report. There were no actions taken, for full report, please go to board meeting recording beginning at position 1:38 to 6:45 and the Manager's Report insert in the board meeting packet.

The secondary water system has been shut down and the crew has begun winterizing the system. They have had to rebuild some of the intake structure screening.

Management met with the Division of Water Rights to verify our water reuse project was still approved. The Division confirmed our project was approved, and the District has fulfilled all requirements of the Division.

UCI is nearly complete with the material sent to them for scanning this summer. LeIsle visited the facility to answer some questions about the material. When LeIsle returns from vacation, there are plans to finish cleaning/organizing the basement. The basement should be ready for furnishings at the first of the year.

Engineering Report:

Trevor reported on the Zone 3 secondary and culinary pump station project, WRF Reuse Project, WWTP Facility Plan Update, Basement Remodel – the furnishings for downstairs and chairs for upstairs offices, and reported that at the WWTP, a door at the top of the stairs in the operations building, has been installed for the change house. No actions were taken, to hear full engineering report, please go to board meeting recording position 6:46 to 27:29 and see board meeting packet District Engineer insert.

Water Operations Report (including water production and call out report): Raymond presented the production report. The culinary water production for the month of October was 113.7 million gallons or 349.10-acre feet, a 18.14% decrease from 2022. YTD was 1,426.9 million gallons or 4,379.5-acre feet, a 6.60% decrease from 2022. We have purchased 674.31-acre feet of water from Jordan Valley Water. The secondary water production for the month of October was 12.4 million gallons or 38.36-acre feet, a 100% decrease from 2022. YTD was 286.5 million gallons or 879.2-acre feet, a 12.9% increase from 2022. Raymond reported the number of callouts for the month of October. 13 callouts and a total of 45 hours. No actions were taken, for full discussion, please go to board meeting recording position 27:31 to 29:00 and see board meeting packet Water Operations Manager Report insert.

Wastewater Operations Report (including status and call out report):

Dallas updated the Board; November starts the 30 day comment period for the WWTP Permit Renewal. Once that period closes, if there's anything to pass on to the Board, the Management Team will bring it to the Board's attention. The facility sampling plan for the local limit's

study has completed and now they will move onto the Northrup Grumman limits evaluation which will start after Thanksgiving. The collections crew just completed chemically treating 11,000 linear feet for root control within the collection system. There were 7 operators that took wastewater certification exams last week, waiting on those results. Today is the last day for the RV Dump to be open for the season. No actions were taken, to hear full report/discussions from the Wastewater Operations Manager please go to position 29:01 to 30:19.

Controller Report/Clerk Report:

Compliance Requirements Report: LeIsle was absent. Mandy reported the District is up to date with legal requirements and internal policies. No actions were taken, to hear full controller/clerk report, please go to board meeting recording position 30:20 to 37:59 and see board meeting packet Controller/Clerk Report insert.

Quarterly Financial Report for Period Ending September 30, 2023: Mandy presented the 3rd quarter financial statements to the Board including the Revenue and Expenditure Actual YTD Compared to Budgeted YTD report.

New Billing Form: Mandy presented the new billing form that is being coordinated with our third-party processor and hope that it will go out first of January.

HR Manager Report:

Andrew reported the safety committee is starting to perform walk downs each month and turn in the inspection sheets, from those, staff learns of repairs that need to be made or improvements needed to be done to implement a safer environment.

Andrew presented additional information for the Mechanic Apprentice position. Both operations managers made recommendations for the position and made recommendations on how to handle tools for the position.

There were no actions taken, for full discussion, please go to board meeting recording position 38:00 to 42:52.

EMPLOYEE RECOGNITION

New Hires: Gene Stott & Gavin Henshaw

Andrew introduced the District's new employees.

Gene Stott – He started his employment on October 16, 2023. He grew up in West Jordan UT and attended Copperhills High School. Was previously employed at South Jordan City and received a water distribution Grade 4.

Gavin Henshaw – He started his employment on October 17, 2023. He grew up in Magna and attended Cyprus High School. Was working for a landscaping company and has experience in operating small equipment.

For full introduction of the new employees, please go to board meeting recording beginning at position 2:12 to 4:11.

Employee Accomplishments:

Dallas recognized Scott Beck for passing his Grade 3 Wastewater Treatment Certification. He also recognized Dyllan Delobel for passing his Grade 4 Water Distribution Certification. Clint Dilley recognized Rob Jaterka, Matt Hunter, Justin Long, and Dallas Henline for responding to an emergency when a contractor hit and broke a 12" wastewater collection trunk line with a lot of flow, at 6400 W South Frontage Road, near the Freeport Center. Our team guided the contractor in what needed to be done and Dallas contacted the Department of Health and coordinated with them. The State felt confident in the District, and their relationship with Dallas they allowed the District to do the cleanup. For full discussion of the situation, please go to board meeting recording beginning at position 4:12 to 10:18.

General Manager Report: Clint highlighted the following items in his managers' report.

There were no actions taken, for full report, please go to board meeting recording beginning at position 10:48 to 17:00 and the Manager's Report insert in the board meeting packet.

OPERATIONS: The crews have begun the winterizing of the secondary water system and preparing for the winter. The construction crew is going to be completing our portion of the tie over of the Magna Regional Park to secondary water. There was some concern of the Reuse Water project in regards to recent legislation would impact the District. The Division of Water Rights confirmed the project is approved and in good standing. Clint also indicated He and Mick met with the new Metro Township Administrator, David Brickey, and feels this will be a good relationship and will benefit the District.

Engineering Report:

Trevor was excused from the meeting; Dallas updated the Board on the status of the Reuse Project and the Wastewater Treatment Plant Facility Plan Update, Clint updated the Board on the status of the Basement Remodel Project. No actions were taken, to hear full engineering report, please go to board meeting recording position 17:01 to 19:50 and see board meeting packet District Engineer insert.

Water Operations Report (including water production and call out report): Raymond presented the production report. The culinary water production for the month of September was 177.1 million gallons or 543.61-acre feet, a 9.27% decrease from 2022. YTD was 1,313.2 million gallons or 4,030.4-acre feet, a 5.61% decrease from 2022. We have purchased 604.57-acre feet of water from Jordan Valley Water. The secondary water production for the month of September was 55.4 million gallons or 170.06-acre feet, a 17.77% decrease from 2022. YTD was 273.9 million gallons or 840.91-acre feet, an 8.97% increase from 2022. Raymond reported the number of callouts for the month of September of 18 and total hours 76.75. No actions were taken, for full discussion, please go to board meeting recording position 19:51 to 21:28 and see board meeting packet Water Production insert.

Wastewater Operations Report (including status and call out report):

Dallas updated the Board on the Local limit evaluation with Northrup Grumman. This is scheduled to start November 1, 2023. No actions were taken, to hear full report/discussions from the Wastewater Operations Manager please go to position 21:29 to 22:44.

Controller Report/Clerk Report:

Compliance Requirements Report: LeIsle reported the District is up to date with legal requirements and internal policies. No actions were taken, to hear full controller/clerk report, please go to board meeting recording position 22:45 to 28:30 and see board meeting packet Controller/Clerk Report insert.

HR Manager Report:

Andrew reported he and Trevor had met with a couple of candidates for the Staff Engineer position, and were impressed with the candidates, hoping to have a recommendation to the Board next board meeting. Andrew indicated there is a Halloween celebration on October 28, 2023 and wanted to get approval for a couple of employees to attend that celebration and hand out candy to the trick or treaters. Board gave approval. There were no actions taken, for full discussion, please go to board meeting recording position 28:31 to 30:12.

Subject: Valvoline Instant Oil Change – Water & Sewer Availability

Clint,

We have completed our preliminary review of the proposed Valvoline Instant Oil Change development located at 2663 Anna Caroline Drive. Our determination of water and sewer availability is as follows:

EXISTING FACILITIES

- WATER** Water service is available near the development. There is an 8-inch water line located in an easement along the west frontage, and an 8-inch water line in the parking lot along the north frontage of the proposed development. There are two 1-inch water services and two 8-inch fire lines connected to the 8-inch water line along the west frontage.
- SEWER** Sewer service is available near the development. There is an 8-inch sewer line located in an easement along the west frontage, and an 8-inch sewer line in the parking lot along the north frontage of the proposed development. There are two 6-inch sewer laterals connected to the 8-inch sewer line along the west frontage.
- SEC WATER** Secondary water service is available to the development. There is a 4-inch secondary water line in the parking lot along the north property frontage.

RECOMMENDATIONS

- WATER** Connect to the existing 1-inch service lateral if size is adequate. Otherwise connect to existing 8-inch along west frontage and extend service to building.
- SEWER** Connect to the existing 6-inch lateral if location allows. Otherwise connect to existing 8-inch along west frontage and extend sewer lateral to building
- SEC WATER** Connect to the existing 4-inch secondary water line in the parking lot along the north property frontage and extend required service to development.

Plans showing the water and sewer lines will need to be furnished to the District by the Developer's engineer. These Plans will need to show the location of all lines, line sizes, profile of sewer, fittings, and water service connection sizes, locations and type.

It is my recommendation that the Magna Water District Board approve providing water and sewer services to this Development. If you have any questions or concerns, please contact me at 801-250-6279.

Sincerely,
