

## Leaving Good Impressions

Principal Melissa Dietzel

1/22/2024

Hello,

After carefully reviewing the 2023-24 STL budget for Sandstone Elementary, I would like to request an amendment to our original STL plan and move the funds allocated to software to school instructional materials.

We need more instructional materials to help close the learning gaps to boost our students' early literacy performance. I would like to move the money assigned for substitutes to our supplies.

We have met as a Community Council and agreed to the amendment.

Thank you for your consideration,

*Melissa Dietzel*
