

Form - Application/Cover Sheet

UTAH STATE BOARD OF EDUCATION

Waiver of Administrative Rule

UAC R277-121 allows an LEA to request a waiver from a Board rule. This cover sheet should be used as a checklist in preparation of necessary materials and supporting documents.

LEA: ITINERIS EARLY COLLEGE HIGH SCHOOL

SCHOOL(S): ITINERIS EARLY COLLEGE HIGH SCHOOL

RULE REQUESTING TO BE WAIVED: R277-419-4(1)(a) and R277-700-6(13) & (15)

REASONING/JUSTIFICATION FOR REQUESTED WAIVER:

The mission of Itineris Early College High School (Itineris) is to create a learning community that inspires high expectations, supports cognitive challenges, encourages self-discovery, and civic responsibility to maximize individual potential. Itineris is an institution that blends high school and college into a coherent educational program. It is designed so all students can achieve up to two years of college credit at the same time they are earning a high school diploma.

The waiver of R277-419-4(1)(a) is necessary to meet the mission and purpose of Itineris by allowing us to better align our schedule to Salt Lake Community College (SLCC). Itineris requests that the USBE continue to allow our school a waiver of the 180-day rule. Itineris meets equal to or greater than the number of instructional and test days at SLCC for fall and spring semesters. Instructional hours exceed 1092 per year.

Itineris uses non-teaching days for professional development and teacher workdays. Itineris continues to meet the academic expectations of its authorizer and meet the terms and conditions of its contractual agreement.

Since our initial waiver, we have aligned semester start and end dates, holidays, and breaks with SLCC, providing for a seamless calendar and partnership for on-campus classes. The reduction in days allowed us to end term 4 high school classes before summer college classes begin. This allowed students to take summer school from Itineris or SLCC, in accordance with their PCCR plan. Approximately two-thirds of our sophomore and junior students participate in college summer classes at our school and/or on the college campuses throughout the valley.

Additionally, we have aligned our high school schedule to allow for students to take courses on our campus or SLCC's campus providing an increase choice for the student's pathway.

The waiver of R277-700-6(13) & (15) is necessary to meet the mission and purpose of Itineris by allowing Itineris to better align its curriculum with its STEM and early college focused mission. Itineris requests USBE continue to allow Itineris to align its graduation requirements of Art and Physical Education requirement provided to that of its partnering University (SLCC). Specifically Itineris requests that

element (13) The Arts continue to be reduced to 1.0 units of credit from any of the following performance areas:

- (a) Visual Arts;
- (b) Music;
- (c) Dance; or
- (d) Theatre”

and for element (15)(a) Physical Education be reduced to 1.0 units of credit from any of the following:

- (a) Participation Skills (0.5 units of credit);
- (b) Fitness for Life (0.5 units of credit);
- (c) Individualized Lifetime Activities (0.5 units of credit); or
- (d) team sport/athletic participation (maximum of 0.5 units of credit with school approval).

Itineris has always required 0.5 HS graduation credits of Health Education. Itineris and SLCC require 1.0 HS graduation credits of PE (waiver of .5 credit). Itineris and SLCC require 1.0 HS graduation credits of Arts (waiver of .5 credit).

With the waiver, Itineris requires students to complete an additional 1.0 HS graduation credits from a combination of any of the following above and beyond the regular state requirement:

IECHS STUDENT ACHIEVEMENT DATA

As the table demonstrates, with the waiver in place, Itineris' graduation rate increased 2% to 96%. This is ~8% higher than the national and state averages. Although our graduation rate declined in 2023, our data analysis revealed that this is directly correlated with students starting during the Covid pandemic. Students who stayed with us had 100% graduation.

IECHS STUDENT ACHIEVEMENT DATA

As indicated by the data, students are still performing above average, with **Exemplary** Growth and **Exemplary** Post Secondary Readiness. This data reveals two important indicators: 1) students of all levels and abilities are making a year's worth of academic growth at Itineris, even with the waivers in place and 2) Itineris is fulfilling its mission.

SURVEY RESPONSE DATA

Surveys were sent to current 11th and 12th grade students, along with the prior two graduating classes. Current 9th and 10th graders do not yet have context for the waiver.

Of those who used the waiver, the majority used it for both Fine Arts and PE, as both are required for the Certificate of Completion.

Use of Waiver

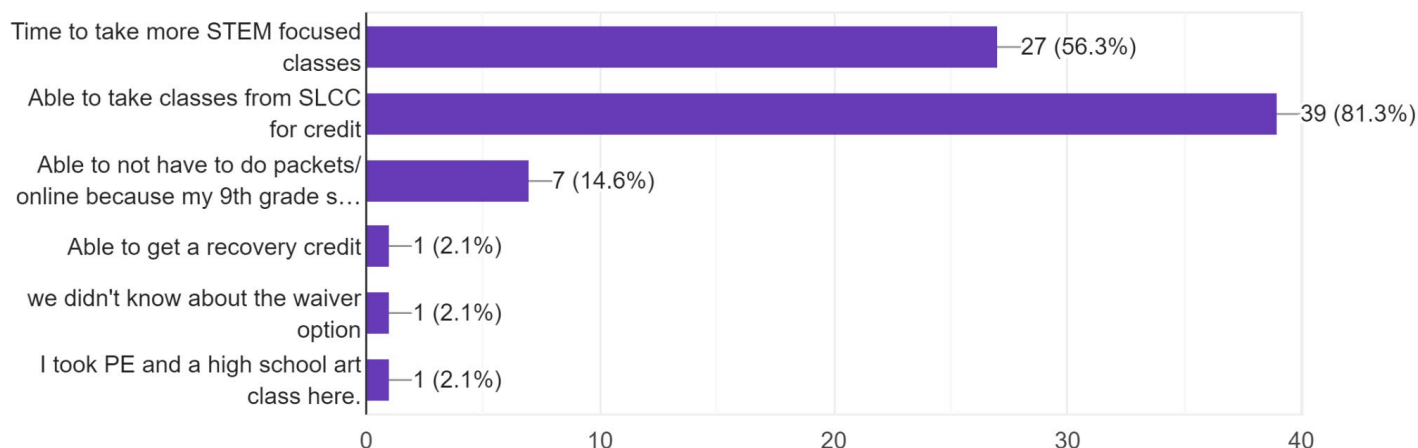

SURVEY RESPONSE DATA

Of those who used the waiver, the vast majority (81%) reported the waiver allowed them to take classes from SLCC and the time to take more STEM classes (56%).

If yes, how did the waiver benefit you/your student?

48 responses

Over 80% of those surveys believe having Itineris and SLCC's calendars aligned (168 day school year) helped them or their students access CE and SLCC more effectively. Here are just some of the reasons cited (45 responses, all in favor, were provided by respondents):

"It made it so that CE class breaks and Itineris class breaks aligned, even when taking CE on the SLCC campus. If this weren't the case, portions of the breaks I had wouldn't really have been breaks because either CE or highschool-level courses would still have been running. This reduced my level of stress taking CE courses and helped ease the transition to college-level courses."

"It just makes sense to align the calendars for the continuity of classes and it benefits students & staff to be on one schedule."

"If there were two conflicting schedules then it would have made my time here at Itineris much harder."

"Yes, because I am able to take summer classes to get my associates degree and I am able to schedule accordingly."

"Because it matched the same schedule as SLCC which helped it feel more like a real college experience."

"We really appreciate having the calendar match with Salt Lake Community College. My daughter takes a number of concurrent enrollment courses and there is already a considerable amount to keep

SURVEY RESPONSE DATA

track of with her workload. Trying to manage separate college and high school calendars would be very difficult and make it much harder to accomplish the amount she is currently undertaking. She misses far less school than she would at a traditional school as the impact of missing a day with her current schedule would be more severe. We are conscious of that and make sure she is present in the classroom.”

“It is simply easier to arrange schedules around a symbiotic calendar system over one that is not connected.”

“It allowed me to keep a good schedule and not stress too badly over HS vs College classes. It helped me stay on track with both my HS and SLCC schedules more easily”

“It's obvious - they work hand in hand and when they don't align, the kids are at a disadvantage.”

“It helped create consistency.”

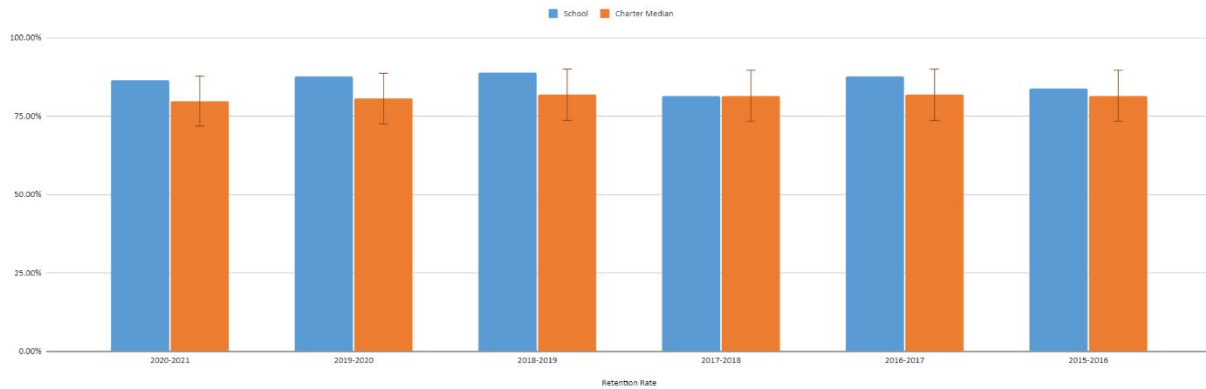

“Having Itineris and SLCC's calendars aligned made all the difference in enabling my son to fit CE classes into his schedule along with the Itineris high school level classes he needed for graduation.

“Itineris has clear goals that align well with my child. They treated him with respect and expected him to be accountable to his schedule and performance. In my opinion he has thrived with this type of responsibility. Aligning more with the SLCC schedule can further enable Itineris to empower students and prepare them for their future.”

The USBE State requirements are 1.5 high school credits of PE and Art. Itineris now offers grades 9-12th. Some students enter Itineris deficient in PE and/or Art due to their course offerings/selection in 9th grade. When they enter our early college program without the waiver, they must complete these requirements while simultaneously meeting the early college requirements. The waiver allows students to apply STEM courses they are taking as part of their early college program beyond the graduation requirements in lieu of their remaining ½ credit PE and/or Art required courses. Students that attend Itineris for 9th and 10th grade take PE at Itineris. The waiver is utilized for students entering Itineris after 9th or 10th grade or upperclassmen.

Itineris summer school begins one week after SLCC due to AP testing and graduation with the current waiver. Without the waiver, SLCC summer courses would overlap with Itineris high school courses by over three weeks.

REGULAR SESSION

I. Welcome and Introductions

Chair Newman is absent. Vice Chair Scharman asked Dr. Land to run the meeting. Dr. Land called the meeting to order at 7:34 am. Renee introduced the guests in attendance.

II. Approve Minutes [October 27 2023](#) (Approval)

Member Ashby asked for a change to paragraph 3, the Financial Report, Member Ashby asked to have an E removed from GASBE to read GASB.

Motion to approve the minutes from October 27, 2023 with the correction by Member Thrumman

Seconded by Member Ashby

Voting was unanimous

III. Financial Report (Approval)

[October 2023](#)

Rich presented the October 2023 financial report. He started with some reminders that we need the Conflict of Interest forms. They can be signed electronically, Rich sent them with the packet. The audit will be released soon, possibly Monday. As such, we need an Audit Committee. The committee will review it and come back in December's meeting with information and suggestions. The annual audit training is required for all Board members. The training is linked to this agenda.

Days Cash on Hand decreased due to spending on the gym project. We will keep a close eye on the cash as we continue to build. We are cash rich in order to build and so it is expected. Rich reviewed the balance sheet. He then covered the Income Statement. Local Revenue is ahead of schedule, which is typical. State Revenue is tracking as expected. Some programs are now reimbursable. Federal Revenue is mostly the School Lunch program. Most other Federal Reimbursables are in February. He covered the expense categories. Other Purchased Services are a little higher than anticipated, but it is as we have been historically. Line 221 is the construction project and those numbers will continue to increase. YTD there is a deficit of \$88,000. However, we still expected to have a \$309,000 surplus. October 1

true-ups will occur in December, This should actually provide an increase in revenue. Next month additional columns will be added. Member Ashby asked about Local Revenue and Fundraising/Local Donations. A quick discussion occurred. Rabecca and Renee answered about the fees and local donations. He then asked about line 138 for Audit and Legal. He then asked about Land on the Balance Sheet. Rich answered about the way the land is accounted for, which is different from what corporate accounting uses. Member Crump asked about the check to Grace Barre for \$10,000. Renee answered that it is for the PE class and will be expensed again for Term 3. Rich shared that Member Crump also asked about Senya. A quick discussion ensued. The check registers were reviewed.

Motion to accept the October 2023 financial report as presented Member Ashby
Seconded by Member Wright
Voting was unanimous

IV. Board Resolution for Building [Expense Reimbursement](#) (Approval)

Rich explained about the tracking on the gym project. Renee shared that the handwritten is what expenses are coming up. What the Administration is asking for is to be able to make the down payment for the steel to lock in the price. ABOUT \$157,413 above the budget is what we would like to spend, using cash reserves. Member Land asked Rich if he has any concerns, of which he has none. Member Crump asked about the added costs and the antecedent to the down payment requirements. Renee answered that it would increase costs by 25%. A quick discussion occurred. The money is in the budget for the building and the cash is available for use.

Motion to approve the Board Resolution for Building Expense Reimbursement by
Member Thurman
Seconded by Member Crump
Voting was unanimous

V. Board Meeting [2023-24 Dates- Updated](#) (Approval)

Renee explained that we had moved to the 3rd Friday of the month and eliminated December but we need a meeting for December with the gym project on going. As such, she is proposing we meet on December 15th.

VIII. [USBE Waivers Renewal Request](#) (Approval)

Renee explained the waivers that are in place and have been in place for the prior six years. One is to adjust the calendar and the other is to adjust graduation credits in Fine Arts and PE. The application was reviewed and the process explained. Chair Newman asked about motions needing to be separate.

Motion to approve the Waiver Renewal Request as presented by Chair Newman
Seconded by Member Crump
Voting was unanimous

IX. New Staffing- Part Time School Counselor (Approval)
Randi Putnam

Renee shared the reasons for hiring Ms. Putnam. She was the Guidance Counselor for Success Academy, an Early College in Southern Utah. She desires to work part time. The school will assess how this part time will work for the remainder of this school year. She will start on Dec 4th working four days a week. Member Crump asked about benefits and Member Thurman asked about who has to pick up the other hours. Renee shared that she will be part-time for URS, but no other benefits and the counselor team will help pick up the workload. The counseling team appreciates that she has experience in early college and counseling.

Motion to approve the hiring of Randi Putnam as the Part Time School Counselor by
Member Crump
Seconded by Chair Newman

XI. Guidance Update (Informational)

Matt shared that the counseling team met with SLCC about the CE program and IECHS. The program is going through the formal review process. The results will be shared at the APRil meeting. The PCCRs are finished for Seniors, started for Juniors, and Sophomores will start in the Spring.

XII. Student Government Update (Informational)

Mikayala Baker shared that the Student Government has been working on a food drive and has raised about 1000 lbs of food. Sam shared about the Hour of Code. Mikayala then shared about recruitment and voting for Sophomores. A quick discussion occurred.

XIII. Fundraising Committee (Discussion)
20th Year Highlights

Renee shared that this is our 20th year anniversary and a fundraising committee that was formed. She shared that she thinks this is a good year to try to get the fundraising committee together and start generating funds. Member Land asked about our alumni presence. He then asked about Student Government. Renee shared that this is the first year. His suggestion was to have a reunion. There have been about three over the past 20 years. Member Thurman asked about what the goal of the committee is. Another discussion happened. Rich shared that another school he works with paid for their gym with fundraised dollars. Member Land asked about hiring a Development Officer for the school. Another discussion occurred. The committee is Member Land, Member Thurman, and Member Wright.

XIV. Building Committee (Informational)
Land Purchase Update
Construction Update
