The contract period may be extended for two (2) additional years, in accordance with the City's best interest and as the sole option of the City. Annually, at the time of renewal, the contractor may submit a request to change the proposed price. If the City does not approve the price change requested, it may cancel the contract and solicit new proposals.

Firm Price Clause

The prices submitted shall be maximum allowed during the contract period.

Examination of Existing Conditions

Prior to submitting a proposal, each contractor shall examine and thoroughly familiarize themselves with all the existing conditions, including all applicable laws, ordinances, rules and regulations that may affect the work. Contractors shall visit the site and ascertain by any reasonable means all conditions that might affect the work.

All contractors are required to attend the pre-bid building walk through scheduled for Thursday, March 7, 2024, at 9 am. Meet at the Municipal Building 505 E 2600 N on the first floor in the Council Chambers.

Award Criteria

The successful contractor will be awarded using the “Choosing by Advantages Decision-Making” System and must be able to demonstrate and meet qualifications. Please attach a separate sheet outlining the following factors, which will be considered:

- Reputation in the industry from references (Please provide at least three references from current and/or previous customers);
- General stability (How long has the firm been in business?);
- Management quality and depth of management experience (What is the experience of supervisors and principals in the service field);
- Supervisory control (What is the ratio of workers to each supervisor?); and
- Technical proficiency (What is the condition of the contractor’s equipment, and the type and level of training employees receive?)

The City reserves the right to award the janitorial cleaning services and building maintenance services to one contractor or separate contractors. The City also reserves the right to reject any or all proposals.

Contract Cancellation Terms

The City of North Ogden may cancel this contract at the current fiscal year for non-appropriations of funds by the City of North Ogden’s governing body. Such cancellations shall be upon “thirty” (30) calendar days written notice to the contractor. North Ogden’s fiscal year ends June 30th of each year.

In addition to all other available remedies, the City of North Ogden reserves the right to cancel the contract at any time with thirty (30) days written notice if the contractor fails to comply with the terms and conditions of the proposal, failure to provide services within the agreed time period, or if the performance level on any of the specific terms and conditions is below acceptable standards as determined by the City of North Ogden.

If any default in the performance of the terms and conditions of the agreement by either party continues uncorrected for “sixty” (60) days after the receipt of written notice from the other party, stating the nature, specific location and extent of default, the party giving such notice may cancel the service agreement by giving written notice of cancellation as of any date thereafter.

In the event the City of North Ogden shall sell, vacate, abandon, or otherwise dispose of or terminate a location to which this applies, all existing agreements for services from the contractor applicable to such location and this agreement shall be cancelled as of the date such location is so terminated. The City of North Ogden shall give the contractor written notice of such termination of a location with a reasonable time prior thereto.

Indemnity Requirements

The contractor agrees to protect, defend, indemnify and save harmless the City, its officers, employees, and agents from any and all cost claims, judgments, and/or awards for damages,

arising out of or in any way resulting from the activities associated with this contract. In the event that the City of North Ogden incurs any judgment, awards, and/or cost arising therefrom including attorney's fees to endorse the provisions of this article all such fees, expenses, and costs shall be recoverable from the contractor.

Insurance Requirements

All employees of the contractor shall be bonded. A certificate of insurance shall be provided to the City of North Ogden, which identifies the coverage to be provided by the contractor during the life of this contract. The minimum coverage provided shall be as follows:

The contractor further agrees that it is financially responsible for and shall repay the City all indicated amounts following an audit which occurs due to the negligence, intentional acts or failure for any reason to comply with the terms of the contract by the contractor, its officers, employees, agents, or representatives. This duty to repay the City shall not be diminished or extinguished by the prior termination of the contract.

The contractor shall indemnify and hold the City of North Ogden, its agents, employees and officers harmless from and shall process and defend at its own expense any and all claims, demands or costs of any kind whatsoever (hereinafter "claims") brought against the City arising out of, or incident to execution of, performance of, or failure to perform this contract; provided; however, that if such claims are caused by or result from the concurrent negligence of the

contractor, its agents, employees and/or officers, this section shall be valid and enforceable only to the extent of the negligence of the contractor, its agents, employees and/or officers; and provide further that nothing in this section shall require the contractor to indemnify, hold harmless, or defend the City, its agents, employees and/or officers. In the event the City is forced to incur attorney's fees, legal expenses, or other costs to enforce the provisions of this section, all such fees, expenses and costs shall be recoverable from the contractor.
