

# **Assurances Document Options**

---

# Background

---

- **Master Legal Requirements Project**
  - Phase 2: Create oversight framework partly as a means to simplify the assurances document
- **Options for Updating the Assurances Document**
  - Reviewed the Assurances Document within the context of the oversight framework
  - Here to present options on simplifying the document

# Options

---

1) Keep the assurances document as is;

or

2) Simplify the assurances document by:

- Keeping federal assurances and those required by law; and
- Approving removal of one or more types of assurances.

# What kinds of assurances are in the assurances document?

---

- Federal assurances will stay (BLUE)
- State assurances will stay if the assurance itself is required by law (RED)
- Committee will decide whether a state assurance based only on a requirement in state statute will stay (YELLOW)
- Committee will decide whether a state assurance based on a rule with no staff support should stay or not (ORANGE)
- Committee will decide whether a state assurance based on a rule with staff support, especially a rule that requires a report, another type of assurance, or a funding application should stay or be removed (GREEN)

# Thank you
