Dear Superintendent Dickson,

Itineris Early College High School presented a waiver recommendation request to the State Charter School Board on December 14, 2023. Currently, the LEA is exempted from the requirements of R277-419-5, specifically, the requirement that an LEA conduct school for a minimum of 180 school days in a school year is waived for the purpose of implementing a yearly school schedule which coincides with that of Salt Lake Community College and from the requirements of R277-700, specifically, the requirement that a student earn a minimum of 2.0 credits of Physical and Health Education and a minimum of 1.5 credits of Arts Education to qualify for a high school Diploma.

Due to the school's high academic performance and excellent standing with its authorizer, we are proud to fully recommend the Utah State Board of Education grant this continued waiver request.

Sincerely,

A handwritten signature in black ink that reads "W Bryan Bowles".
