

Council Projects (\$50,000)

Three projects slated to use the Love Notes money

Bridge Party

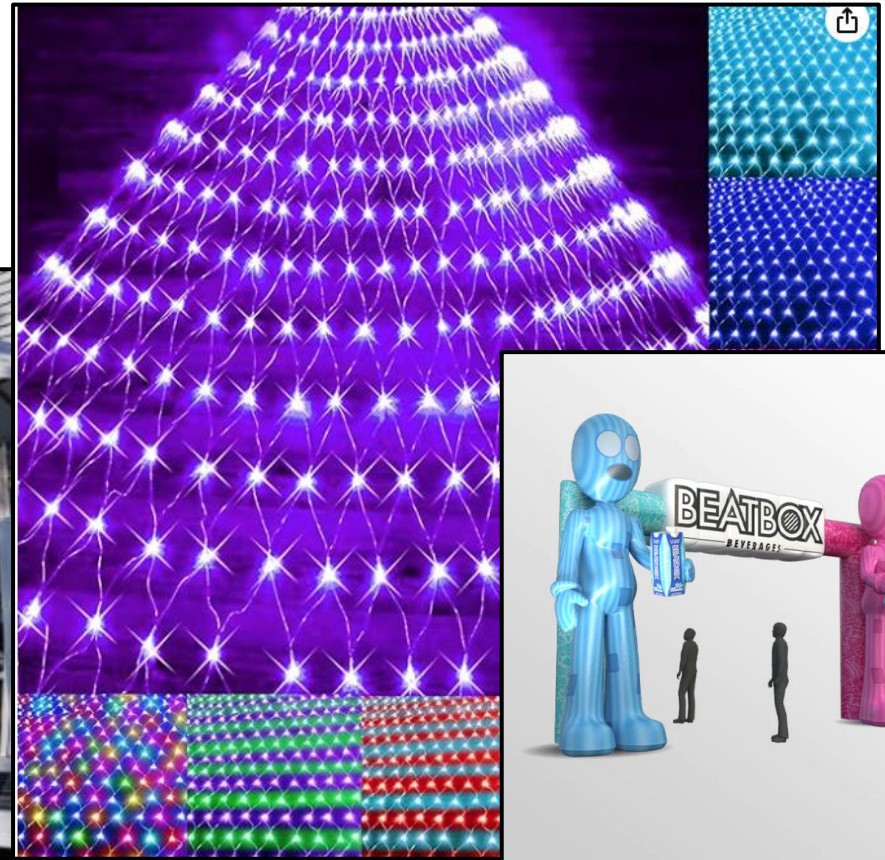

- *Do you want a standalone event? Or would you rather expand an existing bridge party? (add glow, add bubbles, etc.)*
- *What type of event would you like to have?*
 - *Similar to previous bridge parties? (bubbles, glow party)*
 - *Food event?*
 - *Farmers Market*
 - *Games on the bridge? (Bridge on the bridge)*
- *What time of year would you like to hold the event?*

Bridge Upgrade Ideas

- *Due to the design and construction of the fence and streetlights at Center St., there are some restraints.*
- *Fence and light poles are all surface mounted*
 - *This means we cannot hang across the bridge due to the stress it would put on the fence and streetlight poles*

Bridge Upgrade Ideas

Inflatable F-22 Raptor Jet

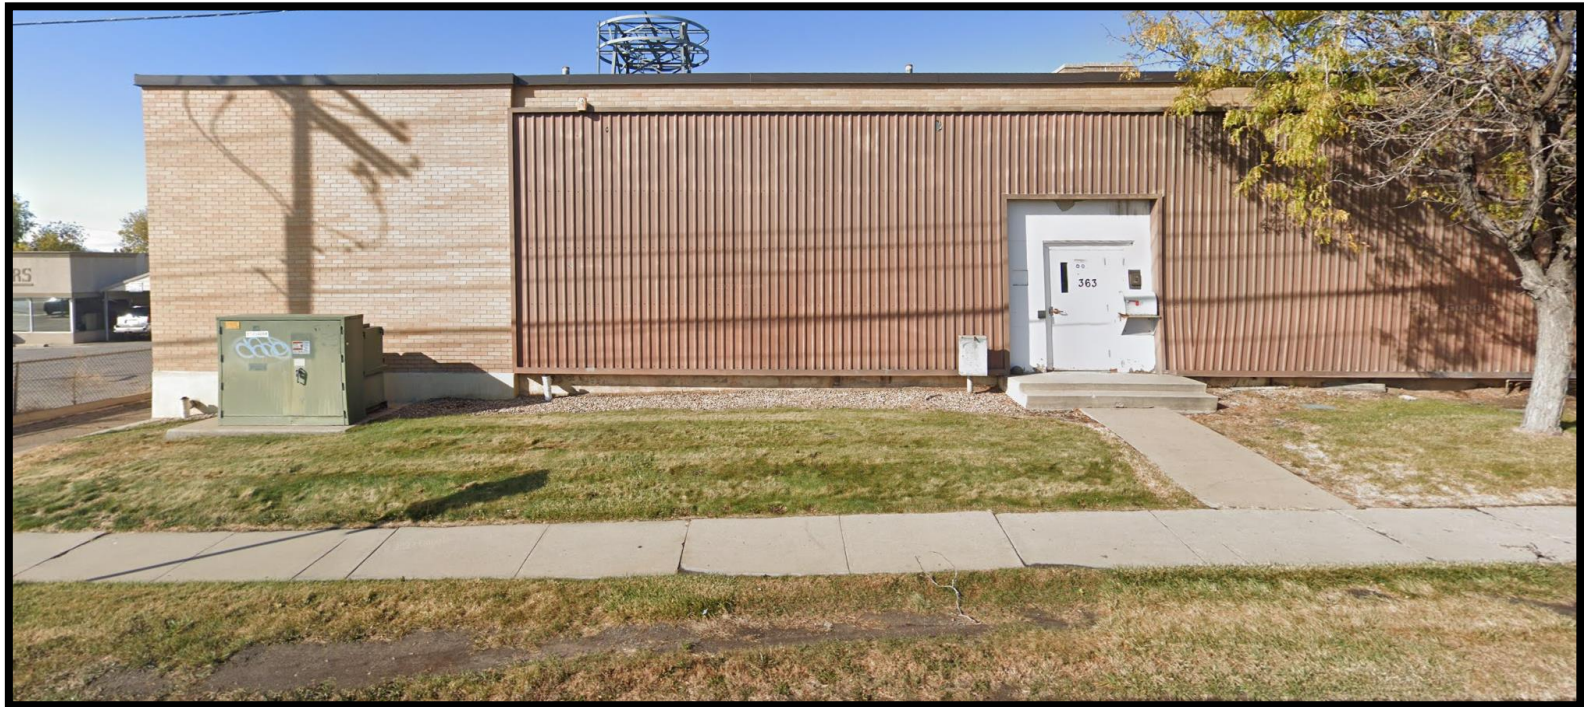

- Fifth-generation, stealth, single-seat fighter jet developed for the United States Air Force.
- Advanced air-combat capabilities.
- In service since 2005 and utilized by the U.S. in multiple combat missions and simulations.
