**Subject:** Draper City -- Proposed Changes to the Sign Ordinance

Keith:

I understand that changes to the electronic sign ordinance in Draper have been proposed and are on the agenda for today's City Council meeting. On behalf of the owners of the Village Shoppes as Day Dairy located at 500 East and 12300 South, I would like to voice our support for these changes as set forth in the proposed amendments. We believe that the proposed amendment will have a positive effect on properties and developments within the city, will improve public safety, provide protection from visual clutter and will allow business owners to have signs that meet their needs. If you would like further input on this issue, please contact me.

Sincerely,

John Dahlstrom
