Title 19 Appendix A Amendment  
Payson City  
439 W. Utah Ave.  
Payson, UT 84651

To Payson City:

We at Steps Recovery Center are requesting for an amendment to Appendix A: Recreational Activities for the use of our ropes course. Steps Recovery Center would like to be able to open the ropes course for community and organizational use.

The ropes course at Steps Recovery Center will be used for team building and trust strengthening activities and exercises. It will be very beneficial to our clients because it can aid in their recovery by increasing self confidence and eliminating doubts and mistrust in their relationships. The ropes course will also be an asset to the community in that it will help formal and informal organizations establish unity within their teams and/or relationships.

Our ropes course perfectly aligns with the Payson City General Plan. The ropes course is designed to better relationships and build trust, thus improving our community as a whole.

Steps Recovery Center thanks you for your consideration and looks forward to hearing back from Payson City.

Sincerely,

Steps Recovery Center
