15. ADOPT AN ORDINANCE AMENDING SUBSECTION 20-1-2 OF THE UTAH COUNTY CODE RELATING TO THE ENFORCEMENT AND SUPERVISION OF SCAVENGER WORKS IN UTAH COUNTY

Commissioner Lee started a discussion by asking if this item ceded the authority of the fees to the Health Dept. Carl Hollan explained it is a granting of authority to Board of Health to establish fees as necessary to regulate the garbage collection processes in Utah County. Carl explained at this time there are no fees regulating garbage collection. He said the authorizing language of this ordinance is such that the fees go to the household hazardous waste program. Commissioner Lee explained he was concerned since the Board of Health is an unelected body, if the public had concerns, they would have no place to go. Carl explained the make-up of the Board of Health, its duties, the options to

change the fees in the future and the purpose of the hazardous waste collection process. He also explained “Scavenger Works” means garbage collection and is not an entity. Ralph Clegg estimated the cost per household would be about \$1 a year. He said his way everyone is reached and pays for the services.

Commissioner Graves made a motion to continue Item No. 15 for two weeks. The motion was seconded by Commissioner Lee and carried with the following vote:

18. APPROVE AND AUTHORIZE THE COMMISSION CHAIR TO SIGN A MEMORANDUM OF UNDERSTANDING BETWEEN UTAH COUNTY AND WASATCH MENTAL HEALTH SPECIAL SERVICE DISTRICT REGARDING A FACILITY TO HOUSE A SATELLITE OF VARIOUS UTAH COUNTY DEPARTMENTS IN PAYSON, UTAH

Ralph Clegg spoke about his concern on what would happen to the \$90,000 deposit if the county doesn't come. He also spoke on different options for WIC without making the situation unpalatable for Juergen Korbanka. Rob discussed the changes to the sections III.C.3 of the MOU (Memorandum of Understanding) which still needed to be approved and alternatives to those changes. He said one change was that the \$90,000 deposit could be reimbursed to them if the tenant were to come in and do their own improvements. Currently he said, it states they could have the \$90,000 applied to the construction costs if Wasatch Mental Health was going to finance those costs. He described the two scenarios as: 1) if the Health Dept. comes in and pays their own costs, they are eligible to get that \$90,000 reimbursed or refunded back to them from Wasatch Mental Health; 2) If they do come in and Wasatch Mental Health covers the costs,

and recoups them over time, they can apply that \$90,000 to those costs. Commissioner Graves questioned which would be the best way to proceed - continue it and still work on it or to approve with changes. Rob answered everyone was in agreement with the one change in III.C.3. In the last paragraph, he said, it would say they would be eligible for reimbursement of the \$90,000, or whatever amount has been paid, if they come and finance their own costs. Commissioner Ellertson requested an "S" be added to Section II.A where it says "2016-2017 Calendar Year". He also commented on the base rent which he described as costs plus the O&M plus the reserve of about 3%. He added if Wasatch Mental Health pays those over a 10 year period, those would be amortized in the rent as well. Commissioner Ellertson added there would be four components to the rent. Rob spoke on how the rent ultimately was to be left as they had it by calculating the square footage basis in that area for a shell building, minus 15%. He said they calculated that would be close to actual costs plus O&M plus 3%. Rob said this was not final as there would be a lease agreement. He explained this is just a MOU. He added they didn't know the final costs right now because the building hasn't been built. He said they did put the language into the agreement that clarifies the intent of the parties. Commissioner Ellertson mentioned how the agreement states it will cover a 10 year period of time. Rob explained the 10 year period applies to Richard Nance and ADDAPT. He said a different period of time applies to the Health Dept. In Section C.2, Commissioner Ellertson said it talks about how the Sheriff's Dept. will restore the occupied space. He suggested there should be an option if Wasatch Mental Health should choose to leave it improved, there is an option so we do not have to restore it. Dave Shawcroft said Wasatch Mental Health could always waive that requirement. Commissioner Ellertson asked that this be an option in the agreement so it is understood. Dave said that could be done. In closing, Rob summarized the two changes that needed to be made to Sections III.C.3 (ability to have the \$90,000 reimbursed) and II.C.2 (Wasatch Mental Health may waive the requirement to restore the occupied space).

Commissioner Graves made the motion to approve and authorize the commission chair to sign the Item stated in No. 18 with the stipulated changes. The motion was seconded by Commissioner Lee and carried with the following vote:

**AYE: Larry A. Ellertson
William C. Lee
