TITLE OF ITEM FOR AGENDA: Review and Decision Regarding Proposed Park Names

LENGTH OF TIME REQUESTING: 10 Minutes

DETAILED REASON FOR REQUEST & EXPLANATION:

Over the past several months, students at the local elementary schools have been working on a *park naming activity* to identify names for five (5) unnamed parks in the city. Each school was assigned an open space area, given guidelines for the activity, and encouraged to learn more about the community to assist them in identifying an appropriate name for their respective park. Staff has received a name from each elementary school and the names will be presented to the City Council by a representative(s) of the school (i.e. teacher, student, administrator) for review and approval.

The following table provides some general information regarding each open space area and the proposed name. Staff has also provided a copy of the activity flyer sent to each school, a locator map of each open space area, and other supplemental information provided by the schools.
