## **BACKGROUND DISCUSSION:**

This project will repair existing asphalt deficiencies along the Jordan River trail from 7800 South to Winchester. As part of this project the contractor will crack seal and surface seal areas of the trail that are in good condition, and mill and overlay areas of the trail in poor condition. The contractor will also construct a new section of the trail and abandon an old section of the trail as part of the project. The section of the trail that will be removed is adjacent to the Jordan River at approximately 6440 South and is currently eroding into the river.

An Advertisement of Bid was advertised in the classified ads of local newspapers prior to the bid opening on April 5, 2016. Plans and specifications became available to contractors from the West Jordan City Purchasing Division on March 21. Ten companies submitted bids, with Advanced Paving and Construction, LLC being the lowest responsible bidder, see attached bid results. The bidding documents were reviewed and evaluated to ensure Advanced Paving and Construction, LLC met the bidding requirements.
