14 **ITEM 1: Gravel Pit Task Force Recommendations**

15 The Commission addressed the concern brought up by Geneva Rock Representative, Dave Kallas of  
16 transporting gravel which concern Mr. Kallas expressed at the prior Planning Commission Meeting.

17  
18 Chairman Coburn inquired if the City could regulate the Geneva Rock Gravel Pit from phasing  
19 forward or extending to other areas (due to unpopular response from residents on the Gravel Pit  
20 expanding). He inquired if the City could state that Geneva Rock Gravel Pit could build out where  
21 they are and then be done. Mr. Westfall stated he did not believe the City could.

22  
23 Each Commissioner then reviewed page by page their suggestions and recommended adjustments  
24 to the proposed Gravel Pit Ordinance. These suggestions and recommended adjustments were  
25 discussed by the Commission and those which the Commission felt were in the best interest of the  
26 City would be reviewed for approval.

27  
28 **ADJOURNMENT**

29  
30 Chairman Coburn closed the work session.

31  
32 The meeting adjourned at 9:56 PM.
