**Which position are you applying for?**

A PSAP from a county of the 3rd or 4th class

**Why do you want to serve as a member of one of UCA's Advisory Committees?**

I want to serve as a member of the PSAP advisory committee to be a contributing member of the County of the 3rd and 4th class. I feel it is important to make sure the input of rural/suburban counties are represented. I feel I can provide an objective view and represent my colleagues interests as well. I feel it equally important to have strong relationships with our 911 partners and fellow committees so that our goal is to provide the best public safety 911 system and support the radio system.

**Please explain how you meet the criteria to serve in your selected position and give a brief summary of your relevant knowledge and experience.**

I live and work in Wasatch County. We are a County of the 4th class and transitioning to a County of the 3rd class. I have been the director of our PSAP for the past five years. I have been through two 911 hardware/software upgrades. I help manage the move of our PSAP in 2018 and migrate through two versions of VESTA. I also have a good relationship with Motorola, and value our partnership to enhance 911 services. I have a firm desire to help other PSAP's and also learn from others to provide the best quality of service to them. I feel it is important to share and help other PSAP's achieve their goals. I have strong relations with our UCA partners and feel we need to foster and grow our relationships to work in conjunction with all members of the 911 community to provide the best quality service to State of Utah. I have a back ground in public safety and have been a deputy sheriff for Wasatch County for 22 years.
