### PROMPTLY EXAMINE YOUR STATEMENT AND REPORT ANY PROBLEM

You must promptly examine your account statements and report any discoverable errors, unauthorized signatures, alterations, missing endorsements, or unauthorized transfers. Failure to do so may result in your loss of certain rights or remedies. For example, you must identify the discoverable alteration or forgery of a check within 30 days of us sending you, or making available to you, the statement reflecting that check, and you must also immediately report to us what you find. Businesses should check their account transactions daily, for which various online services are available. For additional information, please see your deposit account agreement and application service agreement(s) for details. See also the consumer disclosures below.

CONSUMER ACCOUNTS: IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS OR CHECK RESERVE TRANS ACTIONS As soon as you can, please notify us if you think an electronic transfer or Check Reserve transaction is wrong or if you need more information about a transaction listed on the statement. We must hear from you no later than 60 days after we sent or made available the FIRST statement on which the problem or error appeared. The provisions in this paragraph do not apply to business or other non-personal accounts. The owners of those accounts must settle all unauthorized transactions or errors within 24 hours of receipt of the item posting in order to be returned.

- 1. Tell us your name and account number.
- Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- 3. Tell us the dollar amount of the suspected error.

For CHECK RESERVE accounts: You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts

of your bill that are not in question. The charge in question may remain on your statement, and we may continue to charge you interest on that amount.

But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question. You must notify us in writing. You can telephone us, but doing so will not preserve your rights. Contact us at Zions Bank, PO Box 25787, Salt Lake City, UT 84125-0787.

For electronic transfers: We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. Contact us at Zions Bank, EFT Dept. PO Box 25837, Salt Lake City, UT 84125-0837 or 1-800-662-4346.

**Balance Subject to Interest Rate:** We use the method called "average daily balance", (including current transactions) to calculate the daily balance. If you have any further questions about the method and how resulting interest charges are determined, please feel free to contact us at 1-800-974-8800.

We may report information about your Check Reserve account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

Please notify us if we report any inaccurate information about your account(s) to a credit bureau. Your written notice describing the specific inaccuracy should be sent to us at the following address: Zions Bank, PO Box 25787, Salt Lake City, UT 84125-0787.

#### An Easy Approach To Balancing Your Account

To reconcile your checkbook balance to your statement balance: Mark off each entry in your check register that has been charged to your account during the statement period. List the checks you have written, but are not yet charged to your account in the "Checks Outstanding" column below. Then, follow the instructions in lines 1 through 10.

### PROMPTLY EXAMINE YOUR STATEMENT AND REPORT ANY PROBLEM

You must promptly examine your account statements and report any discoverable errors, unauthorized signatures, alterations, missing endorsements, or unauthorized transfers. Failure to do so may result in your loss of certain rights or remedies. For example, you must identify the discoverable alteration or forgery of a check within 30 days of us sending you, or making available to you, the statement reflecting that check, and you must also immediately report to us what you find. Businesses should check their account transactions daily, for which various online services are available. For additional information, please see your deposit account agreement and application service agreement(s) for details. See also the consumer disclosures below.

CONSUMER ACCOUNTS: IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS OR CHECK RESERVE TRANS ACTIONS As soon as you can, please notify us if you think an electronic transfer or Check Reserve transaction is wrong or if you need more information about a transaction listed on the statement. We must hear from you no later than 60 days after we sent or made available the FIRST statement on which the problem or error appeared. The provisions in this paragraph do not apply to business or other non-personal accounts. The owners of those accounts must settle all unauthorized transactions or errors within 24 hours of receipt of the item posting in order to be returned.

- 1. Tell us your name and account number.
- Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- 3. Tell us the dollar amount of the suspected error.

For CHECK RESERVE accounts: You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts

of your bill that are not in question. The charge in question may remain on your statement, and we may continue to charge you interest on that amount.

But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question. You must notify us in writing. You can telephone us, but doing so will not preserve your rights. Contact us at Zions Bank, PO Box 25787, Salt Lake City, UT 84125-0787.

For electronic transfers: We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. Contact us at Zions Bank, EFT Dept. PO Box 25837, Salt Lake City, UT 84125-0837 or 1-800-662-4346.

**Balance Subject to Interest Rate:** We use the method called "average daily balance", (including current transactions) to calculate the daily balance. If you have any further questions about the method and how resulting interest charges are determined, please feel free to contact us at 1-800-974-8800.

We may report information about your Check Reserve account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

Please notify us if we report any inaccurate information about your account(s) to a credit bureau. Your written notice describing the specific inaccuracy should be sent to us at the following address: Zions Bank, PO Box 25787, Salt Lake City, UT 84125-0787.

#### **UTVA MIDDLE SCHOOL IMPROVEMENT PLAN – 2023-24**

Area of Focus: Instructional Strategies	Area of Focus: Student Engagement/Empowerment	Area of Focus: PLC Collaboration & Data-Driven Outcomes				
GOAL: Shift the focus of classroom instruction from teaching, to a culture of learning, by using research-based tiered instructional strategies that support student progress and learning based on evidence of student mastery.	GOAL: Assist students in becoming active participants in evaluating and understanding their own learning in order to ensure their academic success.	GOAL: Build positive and collaborative relationships within our school and PLC teams while focusing on professional learning that supports student performance data, data-driven outcomes, and increased state accountability outcomes for each student.				
Milestones/Strategies						
1.1	2.1	3.1				

Develop Proficiency Scales that align with each essential standard and learning target.	Define and create a structure based on what student engagement looks like in live instruction and asynchronous instruction in a mastery-based learning system.	Continue to strengthen student-focused PLC's based on team norms that support data-driven outcomes based on standards mastery.
1.2 Develop and implement a plan that ties viable assessment data to our essential standards.	2.2 Create classrooms that explicitly teach students how to demonstrate their learning and evaluate their own learning outcomes.	3.2 Continue to build a standards-based grading system within the middle school based on PCBL.
1.3  Develop a process to shift the focus of our classrooms from teaching to a culture of learning, by using instructional strategies that support student progress based on evidence of mastery.	2.3  Continue to build SEL/Socialization opportunities for all students that will help support their academic success.	3.3  Build and strengthen a collaborative teaching model within the middle school that supports ALL students. (Gen Ed, ELL, and Special Education)

## High School Improvement Plan 2023-2024

Priority 1: Student Achievement	Priority 2: College and Career Readiness
STRATEGY 1.1: If we implement consistent course navigation framework and structures for students across classrooms and content areas schoolwide, then students will have an easier time completing courses resulting in increased student achievement.	STRATEGY 2.1: If we create systems and structures for credit recovery, then we will increase the number of credit deficit students who graduate.
MILESTONE 1.1.1 Course navigation descriptions are completed and shared with all departments.  MILESTONE 1.1.2 Leaders design ongoing implementation support strategies for teachers.  MILESTONE 1.1.3 Leaders design data collection strategies to assess evidence of implementation.	MILESTONE 2.1.1  If every student earns at least 6.0 credits each year, then it will reduce the number of students in credit recovery.  MILESTONE 2.1.2  If mentors create systems and structures to support credit deficient students, then it will increase credit earned.
STRATEGY 1.2: If students have multiple routes to learning and multiple ways to demonstrate competency of standards, then student achievement, passing rates, and graduation rates will increase.	STRATEGY 2.2: If there is an increase in economically disadvantaged student participation in CCR meetings, then it will increase the numbers of students who are in advanced classes and their graduation rate.
MILESTONE 1.2.1 Teachers engage in weekly structured collaboration time to analyze and discuss student course engagement data.  MILESTONE 1.2.2 Teachers engage in structured professional learning on designing multiple routes to learning and multiple ways to demonstrate competency (PCBL) at least quarterly.  MILESTONE 1.2.3 Leaders design ongoing implementation support strategies for teachers.  MILESTONE 1.2.4 Leaders design data collection strategies to assess evidence of implementation. #### **Policy Summary**

#### Student Conduct and Discipline Policy

The school's Student Conduct and Discipline Policy addresses what the school is required to do upon notification by a juvenile court or law enforcement agency that one of the school's students has been taken into custody or detention for a violent felony. HB 304 from the 2023 legislative session added to the requirements, including that in such circumstances schools must also develop, with a multidisciplinary team, a reintegration plan for the student. The revisions to the Student Conduct and Discipline Policy cover these new requirements, modify some other juvenile justice type provisions in the policy, and change/update some other minor provisions in the policy.

#### **Bullying and Hazing Policy**

The school's Bullying and Hazing Policy explains that the school must notify a student's parent or guardian if the student threatens to commit suicide or is involved in an incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation. HB 481 from the 2023 legislative session imposed another parent notification requirement on schools in these situations – that is, providing the student's parent or guardian with (1) suicide prevention materials and information (which materials will be recommended by the USBE) and (2) information on ways to limit a student's access to fatal means (e.g., firearms and medication). In addition, R277-613 was recently amended to require schools to also provide the student's parent or guardian with information and resources on the healthy use of social media. The proposed revisions to the school's Bullying and Hazing Policy include these new requirements.

#### Fee Waiver Policy

The USBE amended its rule on school fees and fee waivers in early July 2023, and some of the changes necessitate revisions to the school's Fee Waiver Policy. Revisions to the school's Fee Waiver Policy include some minor changes to definitions; removal of the provision allowing fees to be charged for supplemental kindergarten (supplemental kindergarten is now funded through the WPU); changes to how the policy, fee schedule, and fee waiver documents will be distributed by the school (policy and fee schedule will continue to be distributed through registration (and posted on the school's website) and the school's other fee waiver documents will be posted to the school's website); added SNAP funding to the list of fee waiver eligibility criteria; and changes to what fee/fee waiver documentation and information the school must gather on an annual basis in case such information is requested by the USBE.

#### **Bullying and Hazing Policy**

Adopted: June 12, 2008 Revised: October 4, 2018 Revised: October 14, 2020 Revised: October 12, 2022

#### **Purpose**

The purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving Utah Virtual Academy (the "School") students and employees. The School's Board of Directors (the "Board") has determined that a safe, civil environment in School is necessary for students to learn and achieve high academic standards and that conduct constituting bullying, cyber-bullying, hazing, retaliation, and abusive conduct disrupts both a student's ability to learn and the School's ability to educate its students in a safe environment.

#### **Policy**

Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and employees are against federal, state, and local policy and are not tolerated by the School. The School is committed to providing all students with a safe and civil environment in which all members of the School community are treated with dignity and respect. To that end, the School has in place policies, procedures, and practices that are designed to reduce and eliminate this conduct – including, but not limited to, civil rights violations – as well as processes and procedures to deal with such incidents. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and/or employees by students and/or employees will not be tolerated in the School. Likewise, abusive conduct by students or parents or guardians against School employees is prohibited by the School and will not be tolerated in the School.

In order to promote a safe, civil learning environment, the School prohibits all forms of bullying of students and School employees (a) on School property, (b) during School classes or other School meetings; (c) at a School-related or sponsored event, or (d) while the student or School employee is traveling to or from School property or a School-related or sponsored event.

The School prohibits all forms of bullying, cyber-bullying, hazing, abusive conduct of or retaliation against students and School employees at any time and any location.

Students and School employees are prohibited from retaliating against any student, School employee or an investigator for, or witness of, an alleged incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation.

Students and School employees are prohibited from making false allegations of bullying, cyber-bullying, hazing, abusive conduct, or retaliation against a student or School employees.

In addition, School employees, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing, bullying, cyber-bullying, or abusive conduct and shall not plan, direct, encourage, assist, engage or participate in any activity that involves hazing, bullying, cyber-bullying, or abusive conduct.

Any bullying, cyber-bullying, hazing, abusive conduct, or retaliation that is found to be targeted at a federally protected class is further prohibited under federal anti-discrimination laws and is subject to OCR compliance regulations.

#### **Definitions**

Abusive Conduct – For purposes of this policy, "abusive conduct" means verbal, nonverbal, or physical conduct of a parent or guardian or student directed toward a School employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

Bullying – For purposes of this policy, "bullying" means a School employee or student intentionally committing a written, verbal, or physical act against a School employee or student that a reasonable person under the circumstances should know or reasonably foresee will have the effect of:

- (1) causing physical or emotional harm to the School employee or student;
- (2) causing damage to the School employee's or student's property;
- (3) placing the School employee or student in reasonable fear of:
  - (a) harm to the School employee's or student's physical or emotional well-being; or
  - (b) damage to the School employee's or student's property;
- (4) creating a hostile, threatening, humiliating, or abusive educational environment due to:
  - (a) the pervasiveness, persistence, or severity of the actions; or
  - (b) a power differential between the bully and the target; or
- (5) substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

This conduct constitutes bullying, regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in, the conduct. In addition, bullying is commonly understood as aggressive behavior that is intended to cause

distress and harm; exists in a relationship in which there is an imbalance of power and strength; and is repeated over time.

#### Reporting and Investigation

Students who have been subjected to or witnessed bullying, cyber-bullying, hazing, or retaliation, and students who have witnessed abusive conduct, must promptly report such incidents to any School personnel orally or in writing. School personnel who receive reports of such incidents must report them to the Principal.

School employees who have been subjected to or witnessed hazing, bullying, cyber-bullying, abusive conduct, or retaliation must report such incidents to the School's Principal orally or in writing.

Each report of prohibited conduct shall include:

- (1) the name of complaining party;
- (2) the name of victim of prohibited conduct (if different than complaining party);
- (3) the name of perpetrator (if known);
- (4) the date and location of incident(s); and
- (5) a statement describing the incident(s), including names of witnesses (if known).

In connection with a report of prohibited conduct, students and School employees may request that their identity be kept anonymous, and reasonable steps shall be taken by the Principal and others involved in the reporting and investigation to maintain the anonymity of such individuals, if possible. School employees must take strong responsive action to prevent retaliation, including assisting students who are victims of prohibited conduct and his or her parents or guardians in reporting subsequent problems and new incidents.

The Principal or his/her designee shall promptly make a reasonably thorough investigation of all complaints of prohibited conduct, including, to the extent possible, anonymous reports, and shall, in accordance with the Consequences of Prohibited Behavior section below, administer appropriate discipline to all individuals who violate this policy. Formal disciplinary action is prohibited based solely on an anonymous report.

The Principal may report to OCR all acts of bullying, hazing, cyber-bullying, abusive conduct, or retaliation that he/she reasonably determines may be violations of a student's or employee's civil rights.

It is the School's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the School's computer equipment and network system, and routine monitoring or maintenance may lead to discovery that a user has violated School policy or law. Also, individual targeted searches will be conducted if there is reasonable suspicion that a user has violated policy or law. Personal electronic devices of any student suspected of violation of this policy will be confiscated for investigation and may be turned over to law enforcement.

#### Parental Notification

The Principal or his/her designee will timely notify a student's parent or guardian (1) if the student threatens to commit suicide or (2) of any incidence of bullying, cyber-

bullying, hazing, abusive conduct, or retaliation involving the student (including if the student is involved as the alleged perpetrator or victim). The Principal or his/her designee will attempt to contact the parent or guardian by telephone to provide this notification and to discuss the matter. If the parent or guardian is not available by telephone, the Principal or his/her designee will provide the parent or guardian the required notification by email.

The Principal or his/her designee will produce and maintain a record that verifies that the parent or guardian was notified. If an in-person meeting takes place, the Principal or his/her designee may ask the parent or guardian to sign the record acknowledging that the notification was provided. If a telephone conversation takes place, the Principal or his/her designee may document on the record such details as the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If an email is sent, the Principal or his/her designee will retain a copy of the email. The School will retain the record as long as the student is enrolled at the School and destroy the record after that time. The School will maintain the confidentiality of the record in accordance with Utah Code § 53G-9-604.

In addition to notifying the parent or guardian as set forth above, the Principal or his/her designee will provide the parent or guardian with the following:

- (1) suicide prevention materials and information as recommended by the Utah State Board of Education in accordance with Utah Code § 53G-9-604(2)(b):
- (2) information on ways to limit a student's access to fatal means, including firearms or medication; and
- (3) information and resources on the healthy use of social media and online practices.

Action Plan to Address Reported Incidents of Bullying, Cyber-Bullying, Hazing, Retaliation, and Abusive Conduct

The School will investigate all allegations of incidents of bullying, cyber-bullying, hazing, retaliation, and abusive conduct in accordance with this policy and applicable law. The Principal or his/her designee will investigate allegations of these incidents and will have adequate training to conduct such an investigation. The Executive Director will be the point person with training and expertise to assist, direct, and supervise training of other employees in the responsibilities set forth in this paragraph.

The School will investigate all allegations of these incidents by interviewing

- (1) the alleged victim;
- (2) the individual who is alleged to have engaged in the prohibited conduct;
- (3) the parents or guardians of the alleged victim and the individual who is alleged to have engaged in prohibited conduct;

- (4) any witnesses;
- (5) School staff familiar with the alleged victim;
- (6) School staff familiar with the individual who is alleged to have engaged in prohibited conduct; or
- (7) Other individuals who may provide additional information.

The individual who investigates an allegation of an incident will inform an individual being interviewed that (1) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (2) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by R277-613.

In conducting this investigation, the School may (1) review disciplinary reports of involved students; and (2) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The School will report incidents of bullying, cyber-bullying, hazing, retaliation, and abusive conduct to law enforcement when the Principal reasonably determines that the alleged incident may have violated criminal law.

Following the investigation of a confirmed allegation of an incident of bullying, cyberbullying, hazing, retaliation, or abusive conduct, the School may, if the Principal determines it is appropriate, take positive restorative justice practice action and support involved students through trauma-informed practices. However, an alleged targeted individual is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the School would like any student to participate in a restorative justice practice, the School will notify the student's parent or guardian of the restorative justice practice and obtain consent from the student's parent or guardian before including the student in the process.

The School shall follow up with the parents or guardians of all parties to:

- (1) inform parents or guardians when an investigation is concluded;
- (2) inform parents or guardians what safety measures will be in place for their child, as determined by the investigation;
- (3) provide additional information about the investigation or the resolution consistent with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g; and

(4) inform parents or guardians of the School's Parent Grievance Policy if the parents or guardians disagree with the resolution of the investigation.

#### Consequences of Prohibited Behavior

If, after an investigation, a student is found to be in violation of this policy by participating in or encouraging conduct prohibited by this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion, pursuant to Utah Code § 53G-8-205 and School policy, removal from participation in School activities, and/or discipline in accordance with regulations of the U.S. Department of Education Office for Civil Rights (OCR).

If, after an investigation, a School employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination, reassignment or other appropriate action.

School officials have the authority to discipline students for off-campus or online speech that causes or threatens a substantial disruption to School operations, including violent altercations or a significant interference with a student's educational performance and involvement in School activities.

#### Grievance Process for School Employees

As explained above, a School employee who has experienced abusive conduct must report the incident to the School Principal orally or in writing. If the School employee is not satisfied with the Principal or designee's investigation of the abusive conduct and/or the resulting disciplinary action (or recommended disciplinary action) against the perpetrator, the School employee may address/raise the issue in accordance with the Staff Grievance Policy established by the School.

#### **Additional Provisions**

The Principal will ensure compliance with OCR regulations when civil rights violations are reported, as follows:

- (1) Once the School knows or reasonably should know of possible student-onstudent bullying, cyber-bullying, or hazing, the School must take immediate and appropriate action to investigate.
- (2) If it is determined that the bullying, cyber-bulling, or hazing did occur as a result of the student-victim's membership in a protected class, the School shall take prompt and effective steps reasonably calculated to:
  - (a) end the bullying, cyber-bullying, or hazing
  - (b) eliminate any hostile environment, and
  - (c) prevent its recurrence.

(3) These duties are the School's responsibilities even if the misconduct is also covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks the School to take action, or identifies the bullying, cyber-bullying, or hazing as a form of discrimination.

The Principal will take reasonable steps to ensure that any victim of prohibited conduct will be protected from further hazing, bullying, cyber-bullying, abusive conduct, and retaliation and that any student or School employee who reports such incidents will be protected from retaliation.

If the Principal believes that any victim or perpetrator of conduct prohibited by this policy would benefit from counseling, the Principal may refer such individuals for counseling.

If the Principal believes that it would be in the best interests of the individuals involved, the Principal may involve the parents or guardians of a perpetrator or victim of hazing, bullying, cyber-bullying, or retaliation in the process of responding to and resolving conduct prohibited by this policy.

Incidents of bullying, cyber-bullying, hazing, and retaliation will be reported in the School's student information system as required.

#### Student Assessment

The Principal or designee will solicit student assessments of the prevalence of bullying, cyber-bullying, and hazing in the School, specifically locations where students are unsafe and additional adult supervision may be required.

#### Training

The Executive Director will ensure that School students, employees, coaches, and volunteers receive training on bullying, cyber-bullying, hazing, retaliation, and abusive conduct from individuals qualified to provide such training. The training shall meet the standards established by the Utah State Board of Education's rules and include information on:

- (5) the right of free speech and how it differs for students, employees, and parents or quardians.

The training will also complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educators consistent with Section 53G-9-704(1), and also include information on when issues relating to R277-613 may lead to student or employee discipline.

The training shall be offered to:

- new school employees, coaches, and volunteers within the first year of employment or service;
- (2) all School employees, coaches, and volunteers at least once every three years after the initial training; and
- (3) all students (regardless of whether they are involved in athletics or extracurricular activities or clubs) at a frequency determined by the Principal.

In addition to the training requirements described above, any student, employee, or volunteer coach participating in a School sponsored athletic program, both curricular and extracurricular, or extracurricular club or activity, shall, prior to participating in the athletic program or activity, participate in bullying, cyber-bullying, hazing, retaliation, and abusive conduct prevention training. This training shall be offered to new participants on an annual basis and to all participants at least once every three years. The School will inform student athletes and extracurricular club members of prohibited activities under R277-613 and potential consequences for violation of the law and the rule.

The School will maintain training participant lists or signatures and provide them to the Utah State Board of Education upon request.

## <u>Distribution of Policy and Signed Acknowledgement</u>

The Executive Director will inform students, parents or guardians, School employees, and volunteers that hazing, bullying, cyber-bullying, abusive conduct, and retaliation are prohibited by distributing a copy of this policy to such individuals annually. A copy of this policy will also be posted on the School's website and included in any student conduct or employee handbooks issued by the School.

On an annual basis, School employees, students who are at least eight years old, and parents or guardians of students shall sign a statement indicating that they have received this policy.

### Fees for Classes & Activities During the Regular School Day

Fees for Students in Kindergarten through Sixth Grade

No fee may be charged in kindergarten through sixth grade for materials, textbooks, supplies (except as provided below), or for any class or regular school day activity, including assemblies and field trips.

Elementary students cannot be required to provide their own student supplies. However, the School or teacher may provide to a student's parent or a suggested list of student supplies for use during the regular school day so that a parent or guardian may furnish on a voluntary basis student supplies for student use. The list provided to a student's parent or guardian must include and be preceded by the following language:

"NOTICE: THE ITEMS ON THIS LIST WILL BE USED DURING THE REGULAR SCHOOL DAY. THEY MAY BE BROUGHT FROM HOME ON A VOLUNTARY BASIS, OTHERWISE, THEY WILL BE FURNISHED BY THE SCHOOL."

The School may charge a fee to a student in grade six if all of the following are true:

- (a) the School has students in any of the grades seven through twelve;
- (b) the School follows a secondary model of delivering instruction to the School's grade six students; and
- (c) The School annually provides notice to parents that the School will collect fees from grade six students and that the fees are subject to waiver.

Fees for Students in Seventh through Twelfth Grade

Fees may be charged in grades 7-12, in connection with an activity, class, or program provided, sponsored, or supported by the School that takes place during the regular school day if the fee is approved as provided in this policy and state law. All such fees are subject to waiver. In addition, if an established or approved class requires payment of fees or purchase of items (i.e., tickets to events, etc.) in order for students to fully

participate and to have the opportunity to acquire all skills and knowledge required for full credit and highest grades, the fees or costs for the class are subject to waiver.

In project related courses, projects required for course completion will be included in the course fee.

Secondary students may be required to provide their own student supplies, subject to the fee waiver requirements of this policy.

## Fees for Optional Projects

The School may require students at any grade level to provide materials or pay for an additional discretionary project if the student chooses a project in lieu of, or in addition to a required classroom project. A student may not be required to select an additional project as a condition to enrolling, completing, or receiving the highest possible grade for a course. The School will avoid allowing high cost additional projects, particularly when authorizing an additional discretionary project results in pressure on a student by teachers or peers to also complete a similar high cost project.

#### Fees for Activities Outside of the Regular School Day

Fees may be charged in all grades for any School-sponsored activity that does not take place during the regular school day if participation in the activity is voluntary and does not affect the student's grade or ability to participate fully in any course taught during the regular school day. Fee waivers are available for such fees.

A fee related to a co-curricular or extracurricular activity may not exceed the maximum fee amounts for the co-curricular or extracurricular activity adopted by the Board, as provided below.

Activities that use the School facilities outside the regular school day but are not provided, sponsored, or supported by the School (i.e., programs sponsored by the parent organization and/or an outside organization) may charge for participation, and fee waivers are not available for these charges.

An activity, class, or program that is provided, sponsored, or supported by the School outside of the regular School day or School year calendar is subject to this policy and state law regardless of the time or season of the activity, class, or program.

## Fee Schedule

The Board will approve a Fee Schedule at least once each year on or before April 1. The Fee Schedule will establish the maximum fee amount per student for each activity and the maximum total aggregate fee amount per student per school year. No fee may be charged or assessed in connection with an activity, class, or program provided, sponsored, or supported by the School, including for a curricular, co-curricular or

extracurricular activity, unless the fee has been set and approved by the Board, is equal to or less than the established maximum fee amount for the activity, and is included in the approved Fee Schedule.

The School will encourage public participation in the development of the Fee Schedule and related policies.

Before approving the School's Fee Schedule, the School will provide an opportunity for the public to comment on the proposed Fee Schedule during a minimum of two public Board meetings. In addition to the standard notice of Board meetings under the Open and Public Meetings Act, the School will provide notice of these Board meetings using the same form of communication regularly used by the administration to communicate with parents.

After the Fee Schedule is adopted, the Board may amend the Fee Schedule using the same process.

## **Maximum Fee Amounts**

In connection with establishing the Fee Schedule, the Board will establish a per student annual maximum fee amount that the School may charge a student for the student's participation in all courses, programs, and activities provided, sponsored, or supported by the School for the year. This is a maximum total aggregate fee amount per student per School year.

The Board may establish a reasonable number of activities, courses, or programs that will be covered by the annual maximum fee amount.

The amount of revenue raised by a student through an individual fundraiser for an activity, as well as the total per student amount expected to be received through required group fundraising for an activity, will be included as part of the maximum fee amount per student for the activity and maximum total aggregate fee amount per student.

#### **Notice to Parents**

The Executive Director will annually provide written notice of the School's Fee Schedule and Fee Waiver Policy to the parent or guardian of each student in the School by ensuring that a written copy of the School's Fee Schedule and Fee Waiver Policy is included with all registration materials provided to potential or continuing students each year.

The School will also post the following on its website each school year:

- (a) The School's Fee Schedule, including maximum fee amounts, and Fee Waiver Policy;
- (b) The School's fee waiver application;

**Deleted:** The procedures for obtaining fee waivers and for appealing a denial of a waiver will also be included with the School's registration materials.

(c) The School's fee waiver decision and appeals form; and

(d) The School's fee notice(s) for families.

## **Donations**

The School may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the School and receipt of the donation will not affect participation by an individual student.

A donation is a fee if a student or parent is required to make the donation as a condition to the student's participation in an activity, class, or program.

The School may solicit and accept a donation or contribution in accordance with the School's policies, including the Donation and Fundraising Policy, but all such requests must clearly state that donations and contributions by a student or parent are voluntary.

If the School solicits donations, the School: (a) shall solicit and handle donations in accordance with policies and procedures established by the School; and (b) may not place any undue burden on a student or family in relation to a donation.

#### **Fee Collection**

The School may pursue reasonable methods for obtaining payment for fees and for charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school, an activity, a class, or a program that is provided, sponsored, or supported by the School during the regular school day; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, <u>class schedules</u>, diplomas, or transcripts, as a result of unpaid fees

The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 until the student or the student's parent has paid for the damages, but may not withhold a student's records required for student enrollment or placement in a subsequent school.

A reasonable charge may be imposed by the School to cover the cost of duplicating, mailing, or transmitting transcripts and other school records. No charge may be imposed for duplicating, mailing, or transmitting copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student's record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

#### **Fee Refunds**

Student fees are non-refundable.

#### **Budgeting and Spending Revenue Collected Through Fees**

The School will follow the general accounting standards described in Rule R277-113 for treatment of fee revenue.

Beginning with the 2020-2021 school year, the School will establish a spend plan for the revenue collected from each fee charged. The spend plan will (a) provide students, parents, and employees transparency by identifying a fee's funding uses; (b) identify the needs of the activity, course, or program for the fee being charged and include a list or description of the anticipated types of expenditures, for the current fiscal year or as carryover for use in a future fiscal year, funded by the fee charged.

#### **School Fee Collections & Accounting Procedures**

It is the responsibility of the Executive Director to ensure that all student fees collected are in compliance with the Fee Schedule and applicable financial policies and procedures.

Fees must be received and deposited in a timely manner.

Money may only be collected by staff authorized by the Executive Director. Students may not collect fees.

Beginning in the 2020-21 school year, the School may not use revenue collected through fees to offset the cost of fee waivers by requiring students and families who do not qualify for fee waivers to pay an increased fee amount to cover the costs of students and families who qualify for fee waivers. However, the School may notify students and families that the students and families may voluntarily pay an increased fee amount or provide a donation to cover the costs of other students and families.

#### **Fee Waiver Provisions**

To ensure that no student is denied the opportunity to participate in a class or activity that is provided, sponsored, or supported by the School because of an inability to pay a

fee, the School provides fee waivers or other provisions in lieu of fee waivers. Fee waivers or other provisions in lieu of fee waivers will be available to any student whose parent cannot pay a fee.

Deleted: is unable to

All fees are subject to waiver.

Non-waivable charges are not subject to waiver.

#### **Fee Waiver Administration**

A Principal or the Executive Director will administer this policy and will review and grant fee waiver requests. The process for obtaining waivers or pursuing alternatives will be administered in accordance with this policy, fairly, objectively, and without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.

The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students. The process for obtaining waivers or pursuing alternatives will create no visible indicators that could lead to identification of fee waiver applicants.

The process for obtaining waivers or pursuing alternatives will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA). The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know. As a general rule, teachers and coaches do not need to know which students receive fee waivers. Students may not assist in the fee waiver approval process.

## Fee Waiver Eligibility

A student is eligible for a fee waiver if the School receives verification that:

- (a) In accordance with Utah Code § 53G-7-504(4), family income falls within levels established annually by the State Superintendent and published on the Utah State Board of Education website;
- (b) The student to whom the fee applies receives Supplemental Security Income (SSI). If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
- (c) The family receives TANF or SNAP funding. If a student's family receives TANF or SNAP, the School may require the student's family to provide the School an electronic copy or screenshot of the student's family's eligibility determination or eligibility status, covering the period for which the fee waiver is sought from the Utah Department of Workforce Services; or
- (d) The student is in foster care through the Division of Child and Family Services or is in state custody. If a student is in state custody or foster care, the School may rely on the youth in care required intake form or school enrollment letter

provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department.

The School will not maintain copies of any documentation provided to verify eligibility for a fee waiver.

The School will not subject a family to unreasonable demands for re-qualification.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

The School may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that fee waiver eligibility no longer exists.

The School may retroactively waive fees if eligibility can be determined to exist before the date of the fee waiver application.

### **Fee Waiver Approval Process**

A Principal or the Executive Director will inform patrons of the process for obtaining waivers and will provide a copy of the standard fee waiver application on the School's website and in registration materials each year.

A Principal or the Executive Director will review fee waiver applications within five (5) school days of receipt. If the School denies a request for a fee waiver, the School will provide the decision to deny a waiver in writing and will provide notice of the procedure for appeal in the form approved by the Utah State Board of Education.

Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for a waiver is being determined or during the time a denial of waiver is being appealed.

Each year the School will maintain documentation regarding the number of School students who were given fee waivers, the number of School students who worked in lieu of fee waivers, the number of School students who were denied fee waivers, the total dollar value of student fees waived by the School, and the total dollar amount of all fees charged to students at the School, as this information may be requested by the Utah State Board of Education as part of its monitoring of the School's school fee practices.

## Appeal Process

Denial of eligibility for a waiver may be appealed in writing to the Principal or the Executive Director within ten (10) school days of receiving notice of denial. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Principal or the Executive Director to discuss the parent's concerns. If,

after meeting with the Principal or the Executive Director, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.

In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

## **Alternatives to Fees and Fee Waivers**

The School may allow a student to perform service or another approved task (as described in Utah Code § 53G-7-504(2)) in lieu of paying a fee or, in the case of an eligible student, in lieu receiving a fee waiver, but such alternatives may not be required. If the School allows an alternative to satisfy a fee requirement, the Principal or the Executive Director will explore with the interested student and his or her parent/guardian the alternatives available for satisfying the fee requirement, and parents will be given the opportunity to review proposed alternatives to fees and fee waivers. However, if a student is eligible for a waiver, textbook fees must be waived, and no alternative in lieu of a fee waiver is permissible for such fees.

The School may allow a student to perform service in lieu of paying a fee or receiving a fee waiver if: (a) the School establishes a service policy or procedure that ensure that a service assignment is appropriate to the age, physical condition, and maturity of the student; (b) the School's service policy or procedure is consistent with state and federal laws, including Section 53G-7-504 regarding the waiver of fees and the federal Fair Labor Standards Act, 29 U.S.C. 201; (c) the service can be performed within a reasonable period of time; and (d) the service is at least equal to the minimum wage for each hour or service.

A student who performs service may not be treated differently than other students who pay a fee.

The service may not create an unreasonable burden for a student or parent and may not be of such a nature as to demean or stigmatize the student.

The School will transfer the student's service credit to another LEA upon request of the student.

The School may make an installment payment plan available for the payment of a fee. Such a payment plan may not be required in lieu of a fee waiver.

## Annual Review, Approval, and Training

The Board will review and approve this policy annually.

The School will develop a plan for at least annual training of School employees on feerelated policies specific to each employee's job functions.

## **Student Conduct and Discipline Policy**

Adopted: October 4, 2018 Reviewed: June 10, 2020 Revised: August 19, 2020

Reviewed: July 14, 2021, June 8, 2022

#### 1. PURPOSE, BELIEFS, AND PHILOSOPHY

## 1.1 Purpose

The purpose of Utah Virtual Academy's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a school and community-wide expectation of good citizenship for students and a sense of responsibility in the school community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior in all grades;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents and guardians of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

#### 1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

#### Beliefs:

- · Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended

#### **Expectations:**

- Students will show respect for other students
- Students will show respect for adults
- · Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

#### 1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

### **Procedures:**

## When students are involved in conflicts with other students, they will:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

# When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

Report their feelings to their parent or to the administrator or counselor, who will
work together to set up a conference with the student, the parent, an
administrator or counselor, and the adult involved in order to resolve the conflict
and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
  - o In-School Suspension
  - o Out of School Suspension
  - o Expulsion
  - o Restitution
  - Repayment for damages
- The student will work to earn back the trust of the School community by actions such as:
  - o Genuine apology to injured or affected parties
  - Demonstration of appropriate behaviors following the incident
  - Repair or replace any damaged items

#### Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may request a hearing with the School's Board of Directors (the "Board") in accordance with the applicable School grievance policy.
- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

### 2. ENVIRONMENT

#### 2.1 Safe School Environment

It is the School's policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in the classroom, on School grounds, in School vehicles, and during School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

#### 2.2 Discrimination Prohibited

It is the School's policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School's Grievance Policy.

## 3. DEFINITIONS

## 3.1 Suspension

For purposes of this policy, suspension is a temporary removal of a student from School and School-sponsored activities for a period of up to one (1) year. A student who is suspended may, at the Principal's discretion, have access to homework, tests, and other schoolwork through a home study program but will not be allowed to attend classes or participate in any School activities during the period of suspension.

## 3.2 Expulsion

For purposes of this policy, expulsion means the formal process of dismissing a student from School. Recognizing that students who commit violent or disruptive acts may pose safety problems, the School will work with parents to provide alternative educational placement and programs for the student where appropriate and feasible. However, the Principal retains the authority to exclude the student from all programs or activities for the period of expulsion.

## 3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10) consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

## 3.4 Disruptive Student Behavior

For purposes of this policy, "disruptive student behavior" means the behavior identified as grounds for suspension or expulsion described in Section 4.1, below.

#### 3.5 Parent

## 5.3 Authority to Suspend for Longer than Ten (10) Days or Expel for Regular Education Students

## 5.3.1 Parental Responsibility

If a student is suspended for a period longer than ten (10) days or expelled, the student's parent or legal guardian is responsible for undertaking an alternative education plan that will ensure that the student's education continues during the period of expulsion. Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

## 8. DUE PROCESS FOR SUSPENSIONS OF TEN (10) DAYS OR LESS

The following procedure shall apply to all students facing suspension of ten (10) school days or less:

**8.1** The Principal shall notify the student's custodial parent or guardian of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the

parent or guardian to meet with the Principal to review the suspension.

- **8.2** The Principal shall also notify the non-custodial parent, if requested in writing, of the suspension.
- **8.2.1** Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.
- **8.2.2** The custodial parent is responsible to provide the School a certified copy of any court order under subsection 8.2.1.
- 8.3 The Principal shall document the charges, evidence, and action taken.
- **8.4** The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.
- **8.5** If the student denies the charges, the student shall be provided with an explanation of the evidence and an opportunity to present his/her version of the incident to the Principal.
- **8.6** In general, the notice and informal conference shall precede the student's removal from the School.
- **8.7** If, in the judgment of the Principal, notice is not possible because the student poses a danger to a person or property or an ongoing threat of disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and hearing shall follow as soon as possible.

# 9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) DAYS AND EXPULSIONS

**9.1** If the Principal believes that a student should be suspended for more than ten (10) days or expelled, the Principal may make the initial decision and shall meet with the student's parent or guardian to discuss the charges against the student and the proposed discipline within five (5) school days after the suspension or expulsion began. If requested in writing, the Principal shall also notify the non-custodial parent of the suspension or expulsion as outlined in Section 8.2 of this policy.

## 9.2 Notice to Student and Parent/Guardian

During the meeting required in Section 9.1, the Principal shall provide the student's parent or guardian with written notice that includes all of the following elements (or, if the student's parent or guardian refuses to meet, the Principal shall send the notice by certified mail, return receipt requested, to the student's parent or legal guardian within ten (10) school days after the suspension or expulsion began):

- **9.2.1** a description of the alleged violation(s) or reason(s) giving rise to disciplinary action:
- **9.2.2** the penalty being imposed (duration of suspension or expulsion);
- **9.2.3** a statement that a due process hearing may be requested by providing the Principal with written notice within ten (10) school days of the parent or guardian's receipt of the notice:
- **9.2.4** a statement that, if a due process hearing is requested, the Board, even though less than a quorum, will conduct the hearing;
- **9.2.5** a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a due process hearing is requested in a timely manner and the Board determines otherwise;
- 9.2.6 the mailing date of the notice; and
- **9.2.7** a statement that, if a hearing is not requested within ten (10) school days after receipt of the notice, the Principal's decision to suspend or expel the student will be final, and the parent's right to oppose the decision will be waived.

## 9.3 Hearing Procedures

If a Due Process Hearing is requested in response to the notice sent pursuant to Section 9.2 of this policy, the following procedures shall apply:

- **9.3.1** After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request unless the student's parent or guardian agrees otherwise.
- **9.3.2** A written Hearing Notice shall be sent to the parent or guardian informing the parent or guardian that the Due Process Hearing will be conducted before the Board and of the following information:
- [a] the date, place, and time of the hearing;
- [b] the circumstances, evidence, and issues to be discussed at the hearing;
- [c] the right of all parties to cross-examine witnesses subject to the Board chairman's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal; and
- [d] the right of all parties to examine all relevant records.
- 9.3.3 The Board shall conduct the Due Process Hearing on the record and shall:

- [a] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;
- [b] consider all relevant evidence presented at the Hearing;
- [c] allow the right to cross-examination of witnesses, unless the Board chairman determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;
- [d] allow all parties a fair opportunity to present relevant evidence; and
- [e] issue a written decision including findings of fact and conclusions.

#### 9.3.4 Hearing Rules

Formal Rules of Evidence do not apply to the Due Process Hearing, and no discovery is permitted. However, the following rules will apply:

- [a] parties may have access to information contained in the School's files to the extent permitted by law;
- [b] hearings shall be closed to the press and the public;
- [c] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Board; and
- [d] the Board may excuse witnesses or parties or suspend or terminate a hearing if persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Board.

# 10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

# 10.1 Required Services

#### 10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability

pursuant to Section 10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Office of Education.

#### **10.1.2** IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

## 10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days, if:

- **10.2.1** The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or
- **10.2.2** The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or
- **10.2.3** The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

#### 10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that

maintaining the current placement of a student is substantially likely to result in injury to the student or others;

- 10.3.2 Considers the appropriateness of the student's current placement;
- **10.3.3** Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and
- 10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP: and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

#### 10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

#### 10.5 IEP Meetings for Manifestation Determination

- **10.5.1** Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.
- **10.5.2** The manifestation review must be conducted by the student's IEP team and other qualified School personnel.
- **10.5.3** In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:
- [a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:
  - (i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;
  - (ii) Observations of the student; and

- (iii) The student's IEP and placement; and
- [b] Then determines whether:
  - (i) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or
  - (ii) The conduct in question was the direct result of the School's failure to implement the student's IEP.
- **10.5.4** If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

### 10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

# 10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

#### 10.6 IEP Meetings for Functional Behavioral Assessments

## 10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a functional behavioral assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

#### 10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

#### 10.7 Placement During Appeals and Stay Put

**10.7.1** If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject

to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) day period, whichever occurs first, unless the parent and School officials agree otherwise.

**10.7.2** If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed

change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

#### 11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN

#### 11.1 Elements of Plan

The Executive Director will develop, with input from administration, instruction and support staff, students, parents, and other community members, a Student Conduct and Discipline Plan. The plan shall be comprehensive, clearly written, consistently enforced, and include the following elements:

The administrative Student Conduct and Discipline Plan shall be consistent with this policy, including without limitation the provisions in Section 6 regarding notices of disruptive student behavior and the emergency safety intervention policies and procedures set forth in Section 18.

#### 12. EXTRACURRICULAR ACTIVITIES

Participation in interscholastic athletics and other extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

# 13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. § 53G-8-205(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

# 14. INVESTIGATIONS

Whenever the Principal has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Principal believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

# 14.1 General Investigation Guidelines for Principal

The Principal has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The Principal shall conduct investigations according to the following general guidelines:

Deleted: School Safety

Deleted: and

**Deleted:** E-10-502(3)

Formatted: Font: Italic

- **14.1.1** The Principal shall conduct investigations in a way that does not unduly interfere with School activities.
- **14.1.2** The Principal shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.
- **14.1.3** The Principal shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.
- **14.1.4** Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.
- **14.1.5** When questioning students as part of an investigation, School staff should have another adult present whenever possible.
- **14.1.6** The Principal shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.
- **14.1.7** All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.
- **14.1.8** When the investigation is completed and if it is determined that disciplinary action may be in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

# 14.2 Coordination with Law Enforcement

The Principal has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

- 14.2.1 The School administration may invite law enforcement officials to the School to:
- [a] conduct an investigation of alleged criminal conduct on the School premises or during a School-sponsored activity;
- [b] maintain a safe and orderly educational environment; or
- [c] maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

#### 14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Principal, law enforcement should be notified, the following procedure should be followed:

- [a] The Principal shall request that law enforcement officers conduct an investigation during school hours and question students who are potential witnesses to the alleged criminal behavior.
- [b] The School official shall inform the student's parent or legal guardian as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.
- [c] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.
- [d] Reasonable attempts shall be made to contact the student's parents or legal guardian who, unless an emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.
- [e] The Principal shall document the contact or attempted contact with the student's parents or legal guardian. If the Principal cannot contact the student's parent or guardian, or if the parent or guardian is unable to be present with the student for questioning, the Principal shall be present and document generally what occurs during the interview.
- [f] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.
- [g] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

#### 14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[a] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation on School grounds during School hours.

- [b] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:
  - (i) The officers shall be required to get prior approval of the Principal or other designated person before beginning an investigation on School premises.
  - (ii) The Principal shall document the circumstances warranting the investigation as soon as practical.

## 16. SEARCHES OF PERSON OR PROPERTY

School officials engaging in searches of students and property shall abide by the following guidelines:

# 16.1 General Guidelines for Searches of Person or Property

#### 16.1.1 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's

conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, controlled substances, electronic cigarette products, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

## 16.2 Searches of Personal Belongings

- **16.2.1** Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

#### 16.3 Searches of Person

- [c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;
- [d] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.
- [e] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.
- [f] In general, all questioning and searching of students conducted by law enforcement

officers shall proceed according to the investigation guidelines in Section 14 of this policy.
