* **Please submit your comment below:**

I just learned that the SLEDs/Riparian ordinance may have backtracked a bit since the outcome of the public town hall in February and that it is coming up for a vote soon. I have two concerns: I am directly impacted by this because my property is on Little Cottonwood Creek, and yet I have had no direct notification from the city to invite me to review what is being decided. When I go to the website with my phone, I don't see this on the meeting agenda or on the public notices. I'm suspect I must be missing something, but I also think Cottonwood Heights owes me and other neighbors the courtesy of informing us about something this important. Also, we discussed in the town hall that Little Cottonwood Creek is much different than Big Cottonwood Creek and should not sacrifice homeowners' rights for community perceived benefits that do not practically pertain. Please respect the property rights of your citizens.

Please note: To be considerate of everyone, public comments will typically be limited to *three minutes per person* per item. A spokesperson who has been asked by a *group to summarize their concerns will be allowed five minutes to speak*. Comments should be submitted in writing to the City Recorder prior to 4 p.m. the day of the meeting.
