

**NOTICE OF REGULAR MEETING OF THE
AMBULANCE SERVICES COMPLIANCE COMMITTEE
OF THE CITY OF ST. GEORGE,
WASHINGTON COUNTY, UTAH**

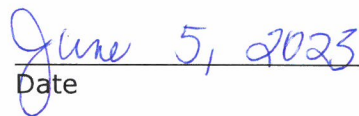

Public Notice

Public notice is hereby given that the Ambulance Services Compliance Committee of the City of St. George, Washington County, Utah, will hold a regular meeting on Tuesday, June 6, 2023 in the Administrative Conference Room at the St. George City Offices located at 175 North 200 East, St. George, Utah commencing at 9:00 a.m.

The agenda for the meeting is as follows:

- 1. Review the 2022 Annual Report submitted by Gold Cross Ambulance.**
- 2. Review the year to date compliance information regarding response times and 0 level service.**
- 3. Discussion and possible action to continue the stay of enforcement of non-compliance due to the staffing proposal's objective to come into compliance.**

Christina Fernandez, Secretary

Date

REASONABLE ACCOMMODATION: The City of St. George will make efforts to provide reasonable accommodations to disabled members of the public in accessing City programs. Please contact the City Human Resources Office, 627-4671, at least 24 hours in advance if you have special needs.

**Gold Cross Ambulance
St. George City Annual Report**

2022

EXECUTIVE SUMMARY
ST. GEORGE CITY ANNUAL REPORT
2022

Gold Cross is pleased to present our response time data and compliance with the ordinances set by St. George City for 2022. Overall compliance with 911 response times from January 1, 2022 to December 31, 2022 show that Gold Cross has an average compliance of 91.58%. This is a combination of our 88.07% compliance on hot (lights and sirens) responses and 95.09% compliance on cold (normal traffic speed) responses.

These past few years we have felt the severity of the nationwide staffing shortages of paramedics and EMTs. We wanted to be part of the solution, so we began our own paramedic course based in our training facility in Salt Lake City. This has allowed us to help increase the number of paramedics in Utah as we bring in qualifying members of the community and allows our own employees the opportunity to advance within the company. We are pleased to report a 100% success rate with the class. The group of 7 who began in August 2022 graduated this February and have passed all of their national tests and requirements. We have another class starting this August doubling the size of the cohort, and we intend to increase the frequency of these classes in 2024. We have 11 students graduating this month from our St. George Advanced EMT (AEMT) course. Companywide we have 40 AEMTs who have graduated from January 2022 to March 2023. You will find copies of the brochure for our paramedic course included in this report on page 4.

Our St. George fleet consists of 13 ambulances currently on the ground. All units are equipped with the upgrades listed in last year's report: Ferno Power X1 cots, High Flow Nasal Cannulas, LUCAS Devices (automated CPR machines). The newest addition to take note of is an additional transport ventilator in each ambulance. These equipment upgrades and strategies are keeping us on the cutting edge of emergency medical care, and we will continue to work with all sectors of the medical community to learn and adapt to best practices.

In addition to those 13 ambulances, we have one emergency trailer in case of mass casualty incidents. We maintain a side-by-side UTV, off-road unit and bike team to aid in the care of wilderness emergencies, the St. George Marathon, the St. George Iron Man, and other events. We also have 2 ALS (advanced life support) quick-response paramedic units.

In 2022 the majority of 911 calls were related to falls, sick persons, breathing problems, and traffic accidents.

We love to support the communities we serve, and to make emergency medical support more accessible, we have donated and discounted ambulance standbys throughout our tenure in St. George City. You will find a list of donated and discounted standbys for 2022 at the end of this report (page 18).

All of us at Gold Cross look forward to working with the City of St. George to continue to provide the best, most efficient, life-saving care to the Southern Utah Region.

PROGRAM COST \$8,500

Cost includes:

30 hours of college credit
at the University of Utah
Tuition
Textbook
Registration Fee
Application Fee
Online course access
FISDAP Skills Tracker/Scheduler
