TRUE OR FALSE?

Springville citizens can recoup their annual investment in a single visit to the library?

In a single visit, the typical library user will check out 2 items. Averaging \$18 per item, users get a savings of \$36 per visit, which exceeds the per capita contribution of \$33.72

IF THE LIBRARY WERE A MONTHLY SUBSCRIPTION,

It would cost each individual just \$2.81! That's \$7 per family on average.

TRUE OR FALSE?

Computer use is down, with less than half the number of sessions as reported in 2018.

Springville citizens are using our desktop computers much less these days. It is still important to provide access as roughly 50 people per day are connecting to find information and entertainment.
