

Highland Drive Pedestrian Trail & Frontage Improvements
STP/TAP PROGRAM PROJECT

Construct a 10-ft asphalt trail from the Fort Union Boulevard/Highland Drive Intersection, north along the Highland Drive Frontage to the Cottonwood Heights City Boundary at I-215. Provide frontage/intersection improvements along Highland Drive Frontage Road.

Fort Union Blvd. Cycle Track Project
STP/TAP PROGRAM PROJECT

This project is located on Fort Union Boulevard between Union Park Ave and 1300 East. The project will reconstruct portions of the right of way to accommodate separated bike facilities on both sides of the road. The project will separate the bike facilities from the roadway using curbing and park strips. The project is part of the Mid-Valley Active Transportation plan.

Bengal Blvd & 3500 East Roundabout
STP/CMAQ/CRP PROGRAM PROJECT

Replace 4-way stop controlled intersection with roundabout at 3500 East and Bengal Blvd. Install chicanes and pedestrian crosswalks to improve safety and reduce traffic speeds entering roundabout.

Creek Road Safety Improvement Project
STP/TAP PROGRAM PROJECT

Improve Pedestrian Safety along Creek Road from Touring Court to 3500 East. Including mid-block crossings and intersections safety improvements on Creek Road & Danish Road and Creek Road & 3500 East.

Danish Road Sidewalk & Safety Project
STP/TAP PROGRAM PROJECT

Construct sidewalk along west side of Danish Road from Monte Luca Way to 8400 South and from 8546 South to English Way.

Potential TIP Projects
2023 - 2024
