1.1 Opening Ceremonies – Pledge/Reverence – Councilmember Harker (Opening Ceremonies for September 6, 2023 to be arranged by Councilmember Burgess.

Councilmember Harker directed the Pledge of Allegiance before presenting a quote from Andrew Carnegie: *“Teamwork is the ability to work together toward a common vision -- the ability to direct individual accomplishments toward organizational objectives. It is the fuel that allows common people to attain uncommon results.”* Councilmember Harker explained that seeing three championship softball teams in the room had inspired her to share the quote. She also pointed out

how vital teamwork was to the city's success. She was excited to help celebrate the young ladies in the room.

1.2 Mayor's Report

 Mayor Kristie Overson reported on a ribbon-cutting for the Larry H. Miller Softball Complex. She was grateful to Salt Lake County as well as the Larry H. and Gail Miller Family Foundation for the beautiful new facility.

The previous week saw the annual *Night Out Against Crime* held in conjunction with the weekly *Starry Nights on the Plaza*. In addition to the usual food trucks, there was a police K-9 demonstration, a helicopter, the FBI BearCat, HamNet radio operators, and numerous public safety personnel with various other pieces of equipment. The mayor said it was a great opportunity to show appreciation to first responders and also to shed a light on what citizens could do to contribute to public safety.

Mayor Overson recently attended a meeting of the Unified Fire Authority Board of Directors, of which she is a member. UFA wished to have a way for their personnel to show the distinction between the various communities they served. On one shirt sleeve they wore the traditional UFA patch, but they had recently created a patch for each of these different communities. She displayed the new Taylorsville patch that would be worn by those serving in our city.

School in the Granite School District had started earlier that day. The mayor expressed her appreciation to TVPD officers for keeping a close eye on traffic around Taylorsville High School. She appreciated everything they did to keep students safe at all the schools in the city.

The week before, Mayor Overson had attended a large gathering of Granite School District staff and faculty. It was held at the Expo Center and was a fun event held to show appreciation for all those who took part in educating our kids.

Last years' sculptures were being rotated out and new ones would be installed the following Friday evening. There was no cost to the city for this art, but the pieces were lent to the city for a year at a time.

A great deal of construction was taking place in Taylorsville. Mayor Overson appreciated everyone's patience as improvements were made in various parts of the city.

Salt Lake County's 2025 Master Plan Public Open House would be held at the Taylorsville Recreation Center on August 29th from 5:00 p.m. to 7:00 p.m. Salt Lake County was seeking public input on what residents would like to see in the County parks for 2025 and beyond.

The City was currently recruiting for Taylorsville Youth Council. She encouraged any high schoolers (Sophomores, Juniors and Seniors) interested in local and state government as well as community service to pick up a flier and application from the back table before leaving that evening.

1.3 Citizen Comments

 Chair Knudsen invited any member of the audience who wished to address the City Council to step forward and do so.

Linda Paulsen and Linda Snarr explained that the Utah State Legislature had designated the month of September as *American Founders and Constitution Month*. They encouraged those gathered to recognize and observe the occasion. Councilmember Harker who worked as an elementary school educator, pointed out that she had been receiving emails and lesson plans to help involve school children.

David Harris shared his concerns about parking and traffic on Simper Lane. He explained that some townhomes had recently been built and for some reason all the potential parking spots in that subdivision had been painted red which caused the residents to have to park on Simper Lane. He explained that drivers parked on both sides of Simper, resulting in only a single lane of traffic remaining open for cars moving in both directions.

Susan Ison also spoke regarding Simper Lane. She explained that when applying for a variance before building the townhomes, the developers promised 1) to have sufficient on-site parking to meet residents' and visitors' needs; 2) that the townhomes would all be owner-occupied; and 3) that there would be plenty of green space upon which children could play. They had failed to deliver on all three promises.

Councilmember Cochran inquired if the parking problem was worse at any particular time of day. Ms. Ison responded that it was through the night as well as during the morning hours.

John Eugster expressed his concern about a decorative wall on the east side of 2700 West. It had been started seven years ago and had never been finished. He also requested clarification regarding ownership of the wall.

There were no additional citizen comments, and Chair Knudsen closed the citizen comment period.

3. REPORTS

3.1 Wasatch Front Waste and Recycling District – Pam Roberts

 General Manager/CEO Pam Roberts greeted the Council and explained that WFWRD now had an apprentice program for those individuals 18 years of age and older interested in obtaining their commercial driver license (CDL). WFWRD would provide training and pay for them to get their CDL for those interested in working for the entity. This was an effort to address long-term staffing issues.

Ms. Roberts provided some statistics regarding what was collected during June's city-wide annual cleanup event:

- 5.71 tons of bulk waste
- 3.23 tons of green waste
- 1.11 tons of recycling (non-glass)
- 240 pounds of glass

During the 2023 SCRP program (Seasonal Container Reservation Program), 1,167 containers were delivered over 19 days. Collected during that time was 885 tons of bulk waste, 265 mattresses, 22 refrigerators, and 37 tires.
