Visitors Weston Anderson Discuss Road repairs on 200 East- **Weston Anderson** stated he's at council to find out what decision has been made for the road repairs on 200 East. **Jon Maxwell** asked if council members had a chance to look at the road. **Kevin Mickelsen** said he hasn't had a chance to drive down there and look at the road. Mickelsen suggested having Salina City Attorney review the deed and dedicate the portion of the road Salina City owns. **Jorgen Mickelson** stated the maintenance measured the length of the asphalt from 470 S. South to the end of the asphalt, it estimated at 597-feet. **Anderson** stated they measured from 470 S. South to the ditch that runs east to west, and it measured approximately 830-feet in length. **Jon Maxwell** asked Anderson why the street wasn't developed when the homes were constructed. Maxwell stated in the Salina City Ordinance it states the homeowner is responsible to construct the road and then Salina City will take over and maintain the road. **Anderson** asked if this ordinance was in place in 1983 when the road was deeded to Salina City. **Jon Maxwell** stated he wasn't sure he was a kid at that time. Council and maintenance discussed the portion of the asphalt that was never fixed from when the Anderson' home was placed in 2014. **Jon Maxwell** asked what the dimensions are of the damaged road when Salina City placed the utility lines. **Jorgen Mickelson** stated around 29-feet. **Kevin Mickelson** mentioned he would like to have the road surveyed to make sure they're all on the same page with the length of the road. Anderson stated they would like to come to some type of conclusion because they have been to three (3) City Council meetings and the councilmembers haven't even looked at the road. Jon Maxwell stated Salina City has several roads in

town that need to be fixed and they can't afford to fix them all, but agreed they need to come up with some conclusion that will work for both parties. **Kevin Mickelsen** said Salina City needs to receive advice from their attorney before they make any final decisions. **Anderson** stated they have done road-o-mill on the road in the past. Jorgen Mickelson said he can reach out to the UDOT to see if they have extra road-o-mill. Salina City Council agreed to meet on 200 East next week and survey the road.
