

Stakeholders Council Meeting
September 25, 2023
3:30pm-5:30pm

Motion - *Maura Hahnenberger, second Danny Richardson*: to include the Stakeholders July 2023 original letter and response from UDOT in their packet and to list this as an agenda item on the CWC's October 2, 2023 Board Meeting.

Based on these two very different letters, the stakeholders request two items for action at the October 2, 2023 meeting.

1. Provide a meaningful response to the stakeholders council regarding the five deficiencies of the UDOT EIS letter we sent and presented to the CWC in August 2023.
2. Given the Dec 10, 2023 deadline for responding to the Little Cottonwood Canyon EIS, as noted in UDOT's Record of Decision and posting in the Federal Register, the stakeholders request the CWC take action including but not limited to, a legal response on the UDOT decision before the deadline.
