## Background

The District was organized January 13, 1950, and provides water and wastewater services to approximately 133,000 people in a 24.5 square mile area in the central portion of Salt Lake County. The boundaries of the District roughly parallel those of West Valley City. The principal offices are located at 2888 South 3600 West, in West Valley City, Utah. It employs about 78 people and operates and maintains water lines, water storage reservoirs, several deep-water wells, wastewater collection lines and several wastewater pump stations.

The Tentative 2024 budget for Granger-Hunter Improvement District (the District) was prepared in accordance with the District's **vision**: *Improving quality of life today – creating a better tomorrow*, the District's **mission**: *Stewards of water that is delivered clean and safe for daily use and collected responsibly to protect public health and our environment* and supports the District's **strategic plan**. This budget narrative will provide an overview of the framework the District believes will help it to meet its objective.

## Budget Process

The annual budget is created by the District's management as required by Utah law. Directors have a responsibility to submit their department budgets for consideration and reviewed by management. The needs of a department are weighed against the needs of all departments, and priorities are established. Budgets for personnel and capital projects are also prepared and input is received from management and directors. The budget is then organized and presented to the Board for comment, input, additional prioritization of needs and approval. Once the budget is adopted, it becomes the framework for applying District resources in the best manner to meet the needs of the customer.

Prior to adoption of the budget, the following steps have or need to occur:

- District management met with all Directors on August 14<sup>th</sup>, 2023, to receive inputs on each of the District's departments and capital budgets.
- The District's Budget Committee, consisting of one board member, the General Manager, the two Assistant General Managers and the Controller, met on August 21<sup>st</sup>, 2023, to discuss the preliminary budget numbers to put into the Tentative Budget.
- The Tentative Budget will be presented to the Board on October 12<sup>th</sup>, 2023.
- On October 12<sup>th</sup>, the Board will establish the time and place of the public hearing to consider adoption of the Final Budget and rate increases. The time and place is currently scheduled to be held on November 14<sup>th</sup>, 2023, at 6:00 p.m.
- If fee, rate or tax increases are considered (as is the case for the coming year), the District must publish notice in a location within the District that is most likely to be seen by its residents (Utah code 63G-30-102).
- The Board, by resolution, may adopt the budget and rate increase following the public hearing. The budget must be adopted before January 1, 2024.

## **Operating Revenue**

### **Water and Wastewater Rates**

In 2018, the District implemented a tiered or “inclining block” water rate structure to encourage conservation efforts in accordance with State of Utah statutes. In 2024 the District is modifying its rate structure to increase water and wastewater revenue by approximately 9.3%. Early in 2022, the District completed a “master plan” by a third-party consultant that outlined the District’s infrastructure needs over the next 10 years. This plan recommends rate increases the District needs to implement to replace its’ capital infrastructure. Based on those recommendations and staff evaluations, the water and wastewater rates in 2024 will increase by 6%. The District also factored water usage of customers (conservation) into the 6% rate increase.

The 2024 tiered water rate structure is suggested as follows:

Availability fee will increase 6% from \$16.50 to \$17.49 per EDU.

Water tier rates for residential customers with meter sizes of  $\frac{3}{4}$ ” or 1” will be based on the following table:

0 – 7,000 gallons = \$1.59 per 1,000 gallons

7,001 – 15,000 gallons = \$2.23 per 1,000 gallons

15,001 – 45,000 gallons = \$3.18 per 1,000 gallons

All > 45,000 gallons = \$4.24 per 1,000 gallons

For residential customers with a meter size of  $1\frac{1}{2}$ ” or greater, they will be placed on a tiered rate schedule. Previously, those meter sizes received a flat rate for consumption. To understand what the tiers of those meter sizes are, refer to the rates and fees sheet in the budget pdf for 2024 consumption tiers and rates.

For non-residential customers, the District will apply a fixed rate of \$2.44 per 1,000 gallons.

The 2024 wastewater rate structure is suggested as follows:

Availability fee will increase 6% from \$15.50 to \$16.43 per EDU. The CVW will remain the same at \$11.50 per EDU. Additional charges will be based on an indoor usage charge of \$1.59 per 1,000 gallons. Indoor use is defined as water consumption billed in months December through April. Those customers who have grease interceptors will remain on specific rate tables that are based on the contaminants put into the District’s wastewater system.

### **Property Tax Revenues**

During the June 2023 board meeting, the Board of Trustees formally announced their intent to raise property taxes in 2024 (Utah code 59-2-919). In the meeting, it was decided that the District would set a property tax revenue amount that would equal 18.4% of total operating costs excluding the CVW debt service payments. For the 2023 Budget, the Board decided that the District did not need to pursue a property tax increase.

18.4% of operating costs represent “public good” services the District provides, including but not limited to, fire protection, public health, ground water management and current and future debt service. The 2024 property tax rate is estimated to be set at 0.000561 or

an approximate 13.6% rate increase from the 2023 rate. As the District continues to replace its' aging infrastructure through bonding, it is anticipated that the amount of property tax revenue as a percentage of total operating cost will decrease, and the District will need to request additional revenue through the "Truth-in-Taxation process.

## **Operating Expenses**

### **Payroll Wages & Benefits**

The District is anticipating an increase in payroll wages and benefits in 2024. Payroll wages and benefits are expected to increase \$974k (10.2%) due to an increase in retirement buyout benefits as a result of an increase in the number of employees in 2024 who are eligible to retire from the District, a 3.0% merit increase, fully funding a certification program to help with employee retention and a significant increase in healthcare insurance premiums. The District has previously set aside sufficient funding to pay for the new potential 2024 retirement buyouts, and resident rates will not be impacted by this increase. When excluding the non-cash impact of the employee retirement buyout the expected payroll wages and benefits will increase only (5.8%) from the previous year's budget.

To offset the substantial increases mentioned above, the District has decided to not fill 3 current open positions from 2023 in 2024 and will modify its current employee 401(k) program. The District will modify the 401(k) program as follows: lower the direct employee 401(k) contribution to 7% and offer employees a dollar for dollar match up to 5% of employees' salaries. Previously the District contributed a 11.5% direct contribution into employees' 401(k) accounts with no dollar match program.

### **Maintenance and Tools**

With the District's aging infrastructure, its necessary to allocate resources towards maintaining its water and wastewater lines and small and large meter infrastructure. Maintenance projects include, but are not limited to, repairing leaks and line breaks, cleaning wastewater lines and purchasing inventory to repair the system. This year the District is raising its maintenance budget by \$125k (6.3%) because of inflationary increases to general maintenance items including inventory parts, asphalt, cement, fill dirt and permits.

### **Water Purchases**

Currently the District has a contract with Jordan Valley Water Conservancy District (JVW) to purchase 18,500 acre feet of water on an annual basis. This is a take-or-pay contract, meaning that if the District does not utilize 100% of its contract, JVW requires the District to pay the difference between the actual water delivered and its 18,500 acre feet contract. If this occurs, JVW allows the District to take that water in the next calendar year at no cost, since this was purchased the previous year. In 2024, water purchases are expected to increase by \$439k (4.0%) due to higher expected charged rates in the latter half of 2024.

### **Utilities**

Utilities are expected to decrease by \$67k (6.6%) in 2024.

### **Central Valley Water Reclamation Facility (CVW)**

The CVW treatment plant treats the wastewater of the District. The District is one of seven member entities that own the CVW treatment plant. Member entities pay their share of CVW operating and capital expenditures monthly. Operating expenses are allocated based on each entity's 12-month average of volume and strength of the wastewater as of the prior month. Capital costs are allocated based on each entity's 12-month average of volume and strength of wastewater as of August of the preceding year. The District's share of CVW operating costs are expected to be 25.9% in 2024. For 2024, the District anticipates that CVW operating costs will increase by about \$776k (9.4%) from the prior year's budget.

In late 2017, CVW began a complete rebuild of the treatment plant to meet new state and federal water quality requirements by January 1, 2025. CVW is funding the rebuild with a combination of cash contributions from member entities and issuance of bonds. Member entities are required to pay a portion of their capital cost allocation monthly as pay-as-you-go (pay-go) capital contributions. In addition, the District is obligated to pay CVW the related debt service over the life of the bonds. In 2024 the District is planning that CVW debt service obligations will decrease by \$1.5 million (24.6%) when compared to the prior year's budget. This is a result of additional anticipated bond issuances in 2024 caused by higher than expected project costs of the new plant.

### **Administrative**

Administrative expenses are expected to decrease in 2024 by \$16k (0.6%).

### **Contingencies**

The contingency budget for 2024 is set at \$180k. These funds are set aside for the District to use in the event of an emergency that is not budgeted for in other categories. To utilize these funds, the District requires special permission from the Board of Trustees in an open meeting prior to utilizing this resource. Historically, the District has not needed these funds because there were other budget line items that were under budget that could be utilized to cover overages in other budget line items. Any contingency budget funds not utilized each year is available for the District to use for its Capital Expenditures the following year.

## **Non-Operating Revenues and Expenses**

### **Non-Operating Revenues**

Non-operating revenue is estimated to increase by \$335k (27.5%) in 2024, primarily due to higher interest income as a result of the federal reserve increasing interest rates to help control price inflation and higher principal balances in various accounts.

### **Equipment Purchases**

Equipment purchases show a decrease of \$1.0m (66.9%) in 2024 when compared to the 2023 Budget. The major fleet vehicles and equipment the District anticipates purchasing in 2024 are: three light duty pickup trucks, one crane truck and a replacement camera system for the District's wastewater CCTV truck.

## **Debt Service**

The District has four outstanding bonds, the 2019 water bond, the 2021 wastewater bond and two bond issuances that were issued in 2023. In 2024, the District does not anticipate the need to issue any additional debt to fund capital improvement projects.

Interest and principal payments and debt issuance costs are expected to increase \$569k million (19.4%) in 2024.

## **Capital Expenditures**

As mentioned earlier, the District is approaching 70+ year old. The District's water and wastewater infrastructure is showing its age, and the District will need to start replacing those assets as outlined in the "2022 Master Plan." During 2024, there are several water and wastewater pipeline replacement programs scheduled. The District will continue to replace aging cast iron pipe along Redwood Road, finalize the addition of a new 5 million gallon water tank to its system, completion of a replacement of a well house and pump station, begin drilling a new well and start construction on a new water treatment facility. In total, capital expenditures are expected to decrease \$13.2 million (30.0%) in 2024 when compared to the 2023 capital budget.

## **District Reserve Funds**

### **Operating Reserves**

The operating reserve target is six months of the operating expense budget for the coming year. Operating reserves should provide a "rainy day" fund for budget shortfalls or cost overruns. The desired balance, per the 2023 budget, is \$22.1 million. The current operating reserve balance of \$16.0 million (as of 9/14/2023) is showing stress as large cash outflows relating to construction on several capital projects are underway. The District expects that this shortfall will not significantly impact the District operations in 2024. Currently the District has about \$37 million available debt and grant funding to draw on that will help alleviate the stress on operating reserves that the current capital projects are causing. The operating reserve is expected to be about \$16.0 million at the end of 2024.

### **Repair and Replacement Reserve**

Every year the budget includes funds that are earmarked for repair and replacement. However, in the event of a catastrophic water line break, the yearly budget will not be sufficient to fund the emergency repair. The District has set aside monies in the Repair and Replacement Reserve account to fund such emergencies. The district has a goal to fund \$5.0 million in the account. The balance in this account as of 9/14/2023 was \$4.9 million (97%). The anticipated focus on infrastructure projects over the next few years could continue to present a challenge to meeting the District's goal.

### **Impact Fee Reserve**

The required Impact Fee Reserve fluctuates as construction projects are assessed for the cost of their added demand on system capacity and as the District collects fees to complete projects to satisfy that added demand. The reserve is equal to the unspent amount the District has collected from construction projects. The balance as of 9/14/2023 is \$1.9 million.

### **Insurance Reserve Funds**

No funding level has been established for this reserve account. Each year the District budgets approximately \$100,000 to pay deductibles and claims not covered by insurance. Any amount not used during the year, is transferred to the reserve fund to provide for emergencies and extreme claims that may arise. The balance in this reserve account at 9/14/2023 was \$1.3 million.

### **Post-Employment Benefit Reserve**

In 2008 the District established this reserve fund to help offset the cost of benefits paid for retired employees, including health insurance and state retirement buyout. The balance in this fund was \$1.4 million as of 9/14/2023. The liability currently on the books is \$0.7 million. It is anticipated that this balance will increase \$0.4 million as three additional employees are eligible to retire in 2024. Accounting rules do not require full funding of the liability. However, the District has attempted to fund the liability as fully as possible to decrease the negative impacts of falling behind. It is proposed to continue to over-fund the account.

### **Development Fees**

The Development Fees reserve account was established in 2022 in response to the Utah State Auditor's alert 2022-01 requiring entities to monitor and track the revenue generated and expenses incurred to provide those services. It was recommended and approved by the Board that the balance of this fund will be approximately \$175k. It is anticipated that each year the District will collect approximately \$350k in development fees which will be spent on indirect costs keeping the balance in this reserve account around \$175k.

### **Summary**

As always, there are many variables that may cause actual results to differ from budgeted expectations. The District believes the 2024 Final Budget is realistic considering those variables and the above-noted conditions.

The District continues to have a fiscally sound budget, enabling it to meet ongoing obligations and provide for capital projects. However, as referenced, there are significant capital expenditures on the horizon, at both the District and the CVW facility. These will require that the District be meticulous and cautious in its planning to be proactive rather than reactive. The District continues to be in strong financial health, with very good infrastructure and excellent maintenance efforts. The District exercises care in its stewardship over District resources and customer trust, and searches for ways to control expenditures while meeting customer needs.

# GRANGER-HUNTER IMPROVEMENT DISTRICT

## Employee Handbook

| Revised April-October 2023

## CHAPTER 2 EMPLOYMENT

### 2.1 Equal Employment Opportunity

The District is dedicated to the principles of equal employment opportunity (“EEO”) for all applicants and employees in compliance with both state and federal laws. We prohibit unlawful discrimination against employees or applicants for employment on any prohibited basis, including race, color, sex, age over forty, religion, national origin, genetic information, military status, sexual orientation, gender identity, disability or any other status protected by applicable federal, state or local law.

### 2.2 Anti-Discrimination and Harassment Policy

The District strives to maintain a work environment free of discrimination and unlawful harassment. In doing so, the District prohibits unlawful harassment based on age 40 and over, race, sex, color, religion, national origin, disability, military status, genetic information, or any other status protected by applicable federal, state or local law. This policy applies to all employees, including managers, supervisors, co-workers and non-employees such as customers, clients, vendors, consultants or any others who conduct business with the District.

- A. Prohibited Conduct. Unlawful harassment includes verbal or physical conduct that has the purpose or effect of substantially interfering with an individual’s work performance or creating an intimidating, hostile, or offensive work environment. Actions based on an individual’s age 40 and over, race, sex, color, religion, national origin, disability, military status, genetic information, or any other applicable status protected by law will not be tolerated. Prohibited behavior may include but is not limited to the following:
  - 1. Written form such as cartoons, emails, posters, drawings, or photographs
  - 2. Verbal conduct such as epithets, derogatory comments, slurs or jokes
  - 3. Physical conduct such as assault, or blocking an individual’s movements
- B. Reporting Procedure for Employees. If any employee believes that he or she has been subject to any such discrimination or harassment, the employee must notify the employee’s Director, an Assistant General Manager, the HR Manager or any other member of District Management with whom the employee feels comfortable.
- C. Reporting Procedure for Management. Any Director or member of management who has knowledge of any incident of harassment or discrimination prohibited by this policy is *required* to report such information to a member of the District’s Management.

D. Action on Complaint. An employee who brings a complaint in good faith will not be adversely affected. The complaint will be properly investigated, and any remedial action that is necessary and appropriate will be taken. Any employee who brings forward a complaint, may not necessarily be notified of action taken.

2.3 Sexual Harassment Policy

The District strongly opposes sexual harassment and inappropriate sexual conduct. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature, when:

- Submission to such conduct is made explicitly or implicitly as a term or condition of employment
- Submission to or rejection of such conduct is used as the basis for decisions affecting an individual's employment
- Such conduct has the purpose of effecting or unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment

The harasser can be a co-worker or someone who is not an employee, such as a customer, vendor or visitor. The harasser and the victim may be a man or a woman and the victim does not have to be of the opposite gender. The victim does not need to be the person harassed but could be anyone affected by the offensive conduct.

A. Prohibited Conduct. It is a violation of federal and state law to harass a person because of that person's gender. It is the policy and goal of the District that all employees have a right to work in an environment free from sexual harassment. The District will not tolerate or permit sexual harassment of its employees in any form, and such conduct may result in disciplinary action up to and including termination of employment.

B. Examples of Sexual Harassment

1. Sexual harassment may take various forms and may be verbal, physical or visual. Sexual harassment may include repeated offensive sexual flirtations, advances or propositions, continual or repeated verbal abuse of a sexual nature, graphic verbal commentaries about individuals or individuals' bodies, degrading words or names, sexually suggestive displays, e-mails, pictures or objects in the workplace and other harassment of a sexual nature.
2. A manager's, supervisor's, or co-worker's threat or insinuation, either explicitly or implicitly, that an employee's refusal to submit to sexual advances will adversely affect the employee's work environment or any conditions of employment may also be sexual harassment.

3. While these examples do not provide a complete list of what may be deemed to be sexual harassment under the law, the District hopes that any harassment will be avoided if all employees act professionally and treat each other with respect.

C. Additional Prohibited Conduct. The District will not permit any conduct that interferes with an employee's work performance or creates an intimidating, hostile or offensive work environment.

D. Reporting Procedure for Employees. Any employee who believes he or she has been the target of sexual harassment at work is encouraged to inform the offending person verbally or in writing that such conduct is unwelcome and offensive and must stop. If the employee does not wish to communicate directly with the offending person, or if such communication has been ineffective, the employee has other means to report allegations of sexual harassment and pursue a resolution. If any employee believes that he or she has been sexually harassed, the employee should notify any Division Supervisor, Division Manager, Director, HR Manager, an Assistant General Manager or any other member of District Management with whom the employee feels comfortable.

E. Reporting Procedure for Management. Any Director or member of District Management who has knowledge of any incident of harassment prohibited by this policy is *required* to report such information to an Assistant General Manager or the General Manager.

F. Action on Complaint. The District will promptly investigate a complaint of sexual harassment and take any remedial and/or disciplinary action that is necessary and appropriate. The investigation shall be undertaken by the Assistant General Manager of Administration or Human Resource Manager, a Director appointed by the General Manager, and the District's legal counsel. An employee who brings a complaint in good faith will not be adversely affected. The District strictly prohibits and does not tolerate unlawful retaliation against any employee for reporting or suspecting harassment in good faith or otherwise cooperating in an investigation. All forms of unlawful retaliation are prohibited including any form of an adverse action including termination, compensation decreases, poor work assignments, discipline, intimidation and threats of physical harm. Any employee who believes he or she is being retaliated against must contact the General Manager immediately. An employee who has been determined to have engaged in retaliation will be subject to appropriate disciplinary action, up to and including termination.

## 2.4 Consensual Romantic or Sexual Relationships Policy

The District discourages romantic or sexual relationships among staff because such relationships can create compromised work environment, whether that may be conflicts of interest regarding the employment relationship, or where the relationship blurs the boundaries between appropriate personal and business interactions.

Formatted: Indent: Left: 0.5"

A. Relationships with Direct Authority. If any employee of the District enters into a consensual relationship that is romantic or sexual in nature with a member of his or her staff (an employee who reports directly or indirectly to him or her), or if one of the parties is in a supervisory capacity within the District, the parties shall promptly notify the Human Resources Manager or an Assistant General Manager.

Formatted: Underline

B. Relationships within District Employment. Employee off-duty conduct, as it relates to consensual romantic or sexual relationships, is regarded as private, as long as such conduct does not blur boundaries of appropriate interactions within the workplace. During work time and in working areas, employees are expected to conduct themselves in an appropriate workplace manner that does not interfere with others or with overall productivity.

Employees not in a supervisory capacity within the District may choose to disclose and address potential conflicts with the Human Resources Manager or Management. If employees allow personal relationships with co-workers to adversely affect the work environment, employees may be subject to disciplinary action.

Any marriages between employees must be immediately disclosed to the Human Resources Manager, as such relationships are subject to the Nepotism policy below.

Formatted: Indent: Left: 0.75", No bullets or numbering

C. Disclosure and Potential Action. Once the relationship is made known to the District, the Human Resource Manager and Management will review the situation in light of all facts (i.e. reporting relationships, effects on productivity, effects on coworkers, and potential external effects to the organization) and will determine whether one or both parties need to be moved to another job or department. If there are no other jobs available for either party, the parties will be given the option of terminating their relationship or resigning.

D. Reporting of Sexual Harassment and Retaliation. If an employee believes he or she has been subject to sexual harassment or retaliation by a current or former romantic partner in the workplace, he or she must notify any Division Supervisor, Division Manager, Director, HR Manager, an Assistant General Manager or any other member of District Management with whom the employee feels comfortable, in accordance with the Sexual Harassment Policy above.

Formatted: Numbered + Level: 1 + Numbering Style: A, B, C, ... + Start at: 1 + Alignment: Left + Aligned at: 0.5" + Indent at: 0.75"

## 2.5 Nepotism

Except as provided in this Handbook, the District will not employ a relative of a current District trustee, officer, or employee, and no trustee, officer, or employee of the District shall hire, employ, appoint, recommend, or vote for the appointment of a relative for employment with the District unless the District General Manager finds that the relative is a volunteer as defined by the District. In addition, the following apply:

- A. No trustee, officer or employee of the District shall supervise a relative unless there are at least two levels of supervisory management between the trustee, officer, or employee and the relative.

- B. No trustee, officer, or employee of the District may evaluate a relative's job performance or recommend or approve salary increases for the relative.
- C. For the purposes of this policy, "relative" means mother, father, husband, wife, son, daughter, sister, brother, grandfather, grandmother, uncle, aunt, nephew, niece, grandson, granddaughter, first cousin, mother-in-law, father-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, step-child, step-father, step-mother, step-sister, step-brother, or as otherwise determined by the District in its sole discretion.
- D. A volunteer is defined as someone working for no compensation derived from District funds.

| 2.65 Selection and Recruitment

The District generally fills open positions with current, qualified employees when a qualified employee is available. Usually, all open positions shall be posted in-house and may also be posted publicly for outside applicants for a period of 7 calendar days. Internal applicants may be considered if they are in good standing with the District, i.e. not on any active corrective actions. External postings of open positions may be accomplished through the Utah State Department of Workforce Services; by posting open-position notices at local universities, colleges or other public offices; by placement from temporary employment services; from resumes on file submitted from the general public (no longer than one year); by posting notice on the District's website; or any other source that meets the needs of the District.

| 2.76 Introductory Period

When first employed by the District or when re-employed by the District after termination for any reason, an employee shall serve an introductory period for three months. The purpose of these introductory periods includes but is not limited to determining whether the employee can properly perform the duties and responsibilities of the position and comply with pertinent rules, regulations, and policies of the District, and whether the employment relationship should continue. An introductory period may be extended by the District up to an additional three months. Employees may serve an introductory period again in connection with a promotion, a transfer between departments, a lateral job change, or other job status change.

| 2.87 Employment References

All requests for a job reference about a current or former employee shall be communicated to the Human Resources Manager. The District's responses, if any, shall be limited to a confirmation of employment, with relevant dates and positions held and to that information requested in accordance with the Utah Governmental Records Access and Management Act.

| 2.98 Background Checks

A. Background Checks.

1. The District may require a criminal history background check under the following conditions
  - a. From an applicant as a condition of employment;
  - b. Periodically from existing employees if, in the judgment of the District, the employee is in a position to affect the safety or security of its or water or wastewater system or to affect the safety or well-being of District patrons; and,
  - c. From a person seeking access a condition of acquiring access.
2. If a background check discloses that an applicant or a person seeking access failed to disclose accurately a criminal history, the District may deny or, if conditionally given, immediately terminate the applicant's employment or the person's access.
  - a. If an applicant or person seeking access accurately disclosed the relevant criminal history and the background check discloses that the applicant or person seeking access has been convicted of a crime that indicates a potential risk for the safety of the District's water or wastewater system or for the safety or well-being of District patrons, the District may deny or, if conditionally given, immediately terminate the applicant's employment or the person's access.
3. The District shall provide written notice to the person who is the subject of the background check that the background check has been requested.

B. Criminal Activity. Employment may be denied or terminated and access to the District's water and wastewater system may be denied or terminated, at the discretion of the District, to any applicant or person seeking access, if a background check reveals a conviction, a finding of guilt by reason of insanity or mental incompetency, or entry of a no-contest plea, in any jurisdiction, for the following:

1. Any felony offense, however described; or,
2. A misdemeanor offense involving dishonesty, fraud, deceit, or misrepresentation; or, theft; or, the use of, or a threat to use, physical force and/or a weapon against a person or property.

C. Written Notice to Person Whose Employment is Denied or Terminated. If the District denies or terminates the employment of a person because of information obtained through a criminal background check under this chapter, the District shall:

1. Notify the person in writing of the reasons for the denial or termination; and,
2. Give the person an opportunity to respond to the reasons and to seek review of the denial or termination through applicable portions of the District's Discipline and Grievance Policies.

| 2.109 Separation from Employment

Whenever an employee leaves the District's employment, the District asks that the employee give the District two weeks' notice before the last day the employee intends to work. Before an employee's departure, the employee should have an exit interview with the employee's Director and Assistant General Manager of Administration or Human Resource Manager to return all District property in the employee's possession, to discuss the employee's experience and impressions of working for the District, as well as any issues or questions the employee may have concerning benefits and insurance.

- A. Types of Termination.
  - a. An employee may voluntarily resign from the District and is encouraged to give two weeks' notice. The employee should submit a letter of resignation to the Department Director, Human Resource Manager or a member of Management.
  - b. An employee may be terminated for disciplinary reasons as outlined in this Handbook.
  - c. An employee who meets the qualifications for retirement in the Utah Retirement System may elect to retire.
  - d. It is possible that budgetary constraints or reorganization of work assignments could require a reduction in the work force.
- B. Outstanding Pay. This section describes the payment of compensation due to an employee upon termination of employment.
  - a. The employee will receive pay through the last day worked, including any overtime, on-call, or other types of compensation earned.
  - b. Any accumulated, unused vacation leave, floating holiday and compensatory time will be paid at the employee's then-current gross hourly rate, less any applicable taxes and withholdings.
  - c. Any accumulated, unused sick leave will be forfeited except as provided to an employee who qualifies for retirement and as outlined in Chapter 7 of this Handbook.
  - d. An employee who elects voluntary retirement may have other benefits which are outlined in this Handbook.
  - e. An employee who is terminated by the District shall receive a final paycheck within 24 hours.

- f. An employee who voluntarily resigns shall receive a final paycheck on the next regular payday.

**To:** Granger-Hunter Improvement District Board of Trustees

**From:** Austin Ballard, CPA, Controller

**Date:** October 12, 2023

**Subject:** Fraud Risk Assessment

---

## **Background**

The Office of the State Auditor (Office) regularly receives complaints of fraud or abuse by local government officials. The Office is also aware of internal investigations performed by local governments of their own officials and employees. Some of these situations receive significant media coverage, while others are resolved with less publicity. In either case, the level of concern by the public and local and state officials is significant. Many have asked the Office for more direction on how to prevent such occurrences in the future. The Fraud Risk Assessment (FRA) that will be reviewed in this memo is designed to help measure and reduce the risk of undetected fraud, abuse and noncompliance in local governments of all types and sizes. This assessment is a starting point; it is the hope of the Office that local governments will add to and adapt this form to improve how they manage their internal controls and reduce the risk of fraud, waste and abuse.

## **Objective**

The FRA is an entity self-evaluation assessment. It is broken down into nine risk areas, and each risk area is assigned points that are tabulated and compared to a "Risk Level" table. The table is broken down into the following risk level scores:

<b>Very Low</b>	<b>Low</b>	<b>Moderate</b>	<b>High</b>	<b>Very High</b>
>355	316-355	276-315	200-275	<200

Once the entity has assessed itself in the nine areas, the assessment is "Certified" by two individuals. Jason Helm and Austin Ballard have certified the FRA for Granger-Hunter Improvement District (GHID). Once "Certified," the FRA must be presented and discussed in a board meeting. During the 2023 annual financial audit, GHID's auditor will request proof that the FRA was "Certified," and that it was presented and discussed in a board meeting. The assessment must be submitted to the Office within six months after the end of the fiscal year. It is anticipated that this assessment will be "Certified" and

reviewed each year. It is the objective management to achieve a score of 355 or better each year.

## **Results**

Out of a total of 395 points available, GHID scored 375 points. In the 2023 FRA, the District awarded points for two additional items that have not been awarded previously: 20 points for having and promoting a fraud hotline and 20 points for having a formal audit committee.

### *FRA Highlights*

1. The majority of points that can be earned in the assessment is with risk area number one; "Does the entity have adequate basic separation of duties or mitigating controls as outlined in the attached Basic Separation of Duties Questionnaire?" This questionnaire has 12 separation of duties questions that can be answered either Yes, No or Mitigating control. This is an all or nothing question. If any of the questions are answered, No, the entity does not receive any of the 200 points available. GHID answered 11 of the questions with a yes and one question with Mitigating Controls.
  - a. The question with a mitigating control asks whether "those who collect cash or check payments are different from those who can make adjustments on customer accounts." All billing personnel can take customer payments and make adjustments on customer accounts. This risk is mitigated by the Director of Administrative Services reviewing a report each month that summarizes all adjustments made to accounts.
2. GHID has written policies in place for the following areas: conflict of interest, procurement, ethical behavior, reporting fraud and abuse, travel, credit/purchasing cards, personal use of entity assets, IT and computer security and cash receipting and deposits.
3. GHID has a licensed CPA as part of its management team. In addition, it has a member of its team who has at least a bachelor's degree in accounting.
4. Every year, GHID requires its employees to review the employee handbook and acknowledge that they have read and understand the contents. Part of that content is GHID's policy regarding ethical behavior that each employee agrees to abide by.
5. Each board member has completed the State Auditor online training at least once in the last four years.
6. Each year at least one member of the management team receives at least 40 hours of formal training related to accounting, budgeting or other financial areas.
7. GHID does have and promote a fraud hotline. This tool is available for employees to report fraud, waste and abuse on the intranet. Any complaints are forwarded to the Board of Trustees and GHID's General Manager.
9. In 2023 the Board of Trustees formed an audit committee. The role of the audit committee was defined as follows: oversee the selection process of the independent auditor, review the results of the independent auditor and auditor report, review and approve the annual audit plan of the internal auditor, review

internal audit reports and review hotline complaints. The committee has a goal to meet a minimum of two times each year, and it has met that minimum for 2023. For detailed information on the meetings, please see audit committee meeting minutes located in the May and October 2023 Board reports.

*FRA areas for improvement*

8. GHID does not have a formal internal audit function. To be awarded points for this area, a qualified individual would need to be able to check the work of the Controller and Accountant on a regular basis. It was discussed in the October 2023 audit committee meeting that to fulfill this requirement the District should hire a different auditor from the independent audit, or work with other government agencies to have a “work share” relationship. This “work share” relationship would give government entities the opportunity to “swap” accounting/finance personnel to conduct internal audits on other government entities.

If you have any questions regarding this memo, feel free to contact me at 801-955-2206. Thank you for your time reviewing this assessment.

# OCTOBER AUDIT COMMITTEE MEETING

## **AUDIT COMMITTEE OF THE GRANGER-HUNTER IMPROVEMENT DISTRICT**

**Thursday, October 3, 2023, 9:00 AM**  
**GHID, Board Room**

### **Agenda – Minutes**

Opened committee meeting at 9:30 AM

#### **A. GENERAL**

1. Call to order – Report those present for the record
  - Committee Members:
    - Roger Nordgren, Trustee and Committee Chair
    - Jason Helm, General Manager
    - Austin Ballard, Controller
    - Jim Welch, Finance Director WVC
  - Other Attendees:
    - Troy Stout, Assistant General Manager
2. Approve Audit Committee Minutes from May 9<sup>th</sup>, 2023
  - Approved unanimously by committee

#### **B. INDEPENDENT AUDITOR**

1. Discuss for recommendation to Board that they engage K&C (formerly Keddington and Christensen) to conduct GHID's 2023 Financial Audit
  - Austin Ballard reviewed GHID's history with K&C and the current contract agreement with the firm. The current agreement started with the 2020 audit and will go through the 2024 audit. For each audit cycle, the cost to GHID will be \$11,000 for the general audit and \$1,000 for a single audit, if necessary. Mr. Ballard also reminded the committee that according to GHID policy, the auditor contract is set for three years with the option to renew an additional two years. Mr. Ballard expressed a positive recommendation for the work that K&C has done for the District and reaffirmed that K&C has maintained its independence when auditing the District.
  - Jim Welch noted that there is a real benefit for the District to retain K&C as the auditor. Mr. Welch mentioned that it takes several years for a firm to review a new audit client's financials and fully understand the operations of that client. Once the new audit firm is "up to speed," that is where the new Firm provides maximum benefit for the audit client. Mr. Welch noted that audit firms are required to be reviewed by their peers, and in those reviews, their peers test how K&C has maintained independence while conducting their audits. Mr. Welch also indicated that West Valley City has used K&C for a number of years and that they have a good track record with the State Auditor's office with no marks against their record.
  - Roger Nordgren mentioned that from his interactions with K&C, he has been impressed with K&C and would be ok to continue to have the firm perform GHID's 2023 audit. He asked the question how often does K&C rotate lead auditors so that there are "a fresh set of eyes" on GHID's financial statement? Mr. Ballard responded that Auditing Standards require audit firms to rotate lead auditors every three years. Mr. Ballard noted that K&C partner, Steven Rowley, has lead the prior two and is anticipated to lead the 2023 audit. Afterwards it is expected that K&C would change the lead auditor.
  - Jason Helm reaffirmed that there are no staff reservations with K&C continuing GHID's 2023 audit.
  - The committee came to a consensus that it would recommend that the District engage K&C to conduct the 2023 audit.

### **C. INTERNAL AUDIT**

1. Review and discuss Fraud Risk Assessment
2. Follow-up on May 9<sup>th</sup> meeting to refine internal audit plan to include area specific audits
  - The committee handled both of these agenda items when reviewing the Fraud Risk Assessment (FRA).
  - Mr. Ballard reviewed the FRA with the committee and noted a score of 375/395. Mr. Ballard noted that the District improved its score by 40 points from the previous year, by recognizing points for its whistleblower reporting methodology on the employee intranet and creating an audit committee in 2023.
  - A discussion took place on how the District could improve and be awarded all the points on the FRA. The one item GHID lacks is a formal internal audit function.
    - Mr. Ballard noted several different options on how the District could approach this topic on the FRA. One would be to engage an audit firm, other than K&C, to conduct various assessments on specific areas of the District such as cash receipts, payroll and personnel and credit card transactions to name a few. Another suggestion would be to work out a “work share” relationship with other special service districts to swap personnel to conduct internal audits on the respective Districts.
    - Mr. Ballard noted that although he gave GHID full points for the fraud hotline, he could do a better job providing training for GHID employees on how to utilize the tool.
    - Mr. Nordgren emphasized that the committee should concern itself with a cost to benefit analysis for both suggestions. Does the price of the external firm provide enough benefit for what is being looked at. In addition, how many hours would be required for the “work share” idea, and is it the best use of Mr. Ballard’s time? Those are some of the things that Mr. Nordgren noted that the committee needs to consider.
    - Mr. Helm noted that GHID maintains very positive and close relationships with its sister agencies, and he thinks that those agencies would be amenable to participate in the “work share” idea. Some of those agencies include Taylorsville Bennion Improvement District, Kearns Improvement District and Magna Water.
    - Mr. Welch offered the suggestion of asking Nick Hales, a member of the UGFOA board and WVC accounting team to see if there would be any interest in the UGFOA members to engage in the “work share” internal audit idea. Then Districts and Cities could rotate through different organizations to conduct the internal audit and provide better independence when conducting these audits.
    - The committee tasked Mr. Welch to reach out to Mr. Hales to see if the UGFOA would be willing to ask its members to participate in the “work share” internal audit idea. The committee also asked Mr. Ballard to find out what an external audit firm would charge for various internal audit functions. Mr. Ballard will also contact its sister agencies to see what a work share swap would look like and the time commitment that would be involved.

### **D. REVIEW OF HOTLINE COMPLAINTS**

1. Review 2023 hotline complaints through September 2023.
  - There were no fraud complaints since the prior meeting in May 2023.
  - Mr. Welch emphasized that when hotline complaints do happen, it is important to show how the complaint was handled and that proper documentation exists. He also noted that complaints are not only limited to fraud, but also waste and abuse.
  - The committee recommended that in preparation for this meeting, Mr. Ballard reach out to Kristy Johnson and the other board members to see if there are complaints that might have been omitted for the audit committee meeting.
  - Mr. Ballard committed to creating an employee training program that GHID

employee can utilize for this service.

**E. AUDIT COMMITTEE MEMBERS INPUT, REPORTS, FOLLOW-UP ITEMS OR QUESTIONS**

- Committee members asked that after Mr. Ballard asks Ms. Johnson and the other board members to email any findings to the committee.

**F. CALENDAR**

1. Discussion on timing of next meeting

- Mr. Ballard is unsure when the 2023 Audit will be completed and an Audit Report issued. The goal is to have the 2023 Audit Report completed by the end of April so the Audit Committee can review in May before the May Board meeting. As the date gets closer. Mr. Ballard will send out meeting invites to all committee members.

Meeting adjourned at 10:22 AM.

# CAPITAL PROJECTS APPROVAL

## 21F: SCADA Upgrades

Capital Project: SCADA Modifications/Upgrades

Project Budget (2023): \$255,000

Current Contract: \$194,163.86 (2023)

Consultant: APCO, Inc.

### **Project Description:**

Upgrades to Pressure Regulating Vaults (PRV's) located at 7200 W 3400 S and 6800 W 3500 S. These upgrades include installing two new control panels at each site. These sites regulate the system pressure between our pressure zones. The project first began in March 2021.

Phase I: Master Plan

Phase II: Hardware & Software Upgrades (Office)

Phase III: Radio Survey

Phase IV: RTU Panel Upgrades

**Approval Requested:** Consider approval of a Contract Amendment to APCO, Inc. for the 21F: SCADA Upgrades project in the amount of \$82,103.00.

### Project Description

#### SUMMARY & SCOPE

APCO is pleased to provide a proposal for the PRVs at 7200 W 3400 S and 6800 W 3500 S. These upgrades will include fabrication, programming, and commissioning of two new control panels, and radio configuration at each site. The labor and hardware for this project reflect that these sites are similar. APCO's scope is detailed below.

#### LABOR

- Control panel design
- Control panel fabrication
- Control panel testing
- PLC programming
- OIT programming
- HMI integration
- Onsite installation into existing enclosures
- Commissioning and loop checks
- Radio survey
- Radio configuration

#### HARDWARE

The hardware below details the hardware for one control panel. APCO will provide two panels containing the following hardware:

- Backplane
- Schneider Electric Momentum PLC (Modicon M340 PLC could be substituted at no added cost which will provide better modularity, a more powerful CPU, and more I/O capability which allows for future expansion)
- Power supply
- UPS
- Radio and antenna
- Other hardware necessary for a complete and functional control panel
