Subject: [EXT:]Comment on Transportation bill

Dear Mayor Weichers, Council Members, Tim Tingey and Mike Johnson,

I sent a letter earlier concerning the Zero Vision and the speed on Ft Union and I wanted to add a comment on the "Transportation Bill"

I have been reading over the very long transportation bill. It seems large and expensive.

I think there is cause for delaying voting yes on this Transportation bill.

This bill, as a "Transortation" bill, has some very odd things in it, that, I'm not sure should be in a transportation bill. Some of the things threaten the ability of elected officials to make individual decisions for the best of our community.

I think it's best to keep things in the hands of our city on an as needed basis for our citizens.

I also think we need to take a second look at some of the items to be done. I would like to be assured the projects are divided equally through the community. We all have so many wants and needs and appreciate you taking them all into your concerns. We all have our list of importance. You all do a great job working through this process.

Thank you for all of your efforts and time, Audrey Pines
