I live a block away from Gear Room located at 3422 E Ft Union Blvd. It's a mystery to me how this store was ever approved by the planning commission since there is maybe 4 parking spots. Most customers are parking across the street on the shoulder and people are crossing the busy road without any lights or crosswalk. The other day I came close to not seeing customers crossing Ft Union engrossed in their phones not really paying attention to traffic while I was driving below the speed limit of 40 mph. This is not the first time it has happened. I would ask the council to consider putting in a hawk light and crosswalk for these customers to prevent any future tragedy from happening.

Please note: To be considerate of everyone, public comments will typically be limited to *three minutes per person* per item. A spokesperson who has been asked by a *group to summarize their concerns will be allowed five minutes to speak*. Comments should be submitted in writing to the City Recorder prior to 4 p.m. the day of the meeting.
