Administrative Income and Expenses Year to Year Budget Changes

In 2022 we saw an increase in the property tax income of 16%, so 2023 was budgeted at \$116,000. Interest income increased due to higher interest rates and the money from the Rap Tax in the PTIF accounts. The PTIF accounts were decreased by \$100K monthly in anticipation of construction on the fields.

Overall compensation expenses increased by 55.3%. After considering full-time status for Amanda or hiring a part-time employee to help with the district's needs, it was recommended to hire a part-time employee. Kayley Lucero, whom we have worked with for training programs, has a wide variety of experience with recreation programs that will benefit us. Also, she has trained in grant writing in school and will be the liaison between the district and the county grant writer. She is budgeted to work 12 hours per week at \$22 an hour. Also, a 8.78% increase in current employees is budgeted.
