

SOLDIER SUMMIT SPECIAL SERVICE DISTRICT FEE SCHEDULE

Amended by Board August 3, 2021

Monthly Water Fee

Type of Connection	Monthly Fee
Non-connected	\$29.50 per month
Connected non-commercial	\$46.50 per month
Connected commercial	\$64.50 per month
Standby (cannot be connected) *	\$10.00 per month

**Only applies to the two connections associated with (1) Lots 9-11 in Block 11 and (2) Lot 1 in Block 11.*

Metered Water Usage Fee

Tier	Monthly Volume (gallons)	Monthly Rate (\$ / 1,000 gallons)
1	0-7,000	\$5.00
2	7,001-10,000	\$8.00
3	10,001-25,000	\$15.00
4	25,001-50,000	\$30.00
5	50,001+	\$40.00

Example: If a customer uses 35,000 gallons of metered water in a month, this is how the water usage will be charged under the tiered system:

The first 7,000 gallons of the 35,000 gallons will be charged based on the Tier 1 Rate. The next 3,000 gallons (10,000 - 7,000) will be charged the Tier 2 Rate. The next 15,000 gallons (25,000 - 10,000) will be charged the Tier 3 Rate. The next 10,000 gallons (35,000 - 25,000) will be charged the Tier 4 Rate. In effect, this is what the calculation will be if 35,000 gallons of water were used in a month:

Tier 1:	7,000	gallons x (\$ 5.00 / 1,000 gallons)	= \$	35.00
Tier 2:	3,000	gallons x (\$ 8.00 / 1,000 gallons)	= \$	24.00
Tier 3:	15,000	gallons x (\$15.00 / 1,000 gallons)	= \$	225.00
Tier 4:	10,000	gallons x (\$30.00 / 1,000 gallons)	= \$	300.00
Tier 5:	0	gallons x (\$40.00 / 1,000 gallons)	= \$	0.00
Total:	35,000	gallons	= \$	584.00

Connection Fees

1. Where meter exists: \$300 plus current cost of District-approved meter, if needed
2. Where no meter exists: Current cost of connection from main water line to, and including, the District-approved meter

All new services must provide for all water mains and fire hydrants to service their facilities.

Property owner is responsible for water line from meter to point of usage.

Late Fees

Accounts 30 days or more past due will be assessed a late fee of \$25 per month.

Disconnection visit charge: \$200

Reconnection charge: \$200
