I would like to amend our current TSSA budget. We have monies that were unallocated. The amount available is \$30,816.58.

I would like to use \$2500.00 to pay for substitutes in order for our teachers to meet with the principal and learning coach for Data Dives. These will be half day meetings so the substitute teachers will do a half day in one grade and then move to the next grade after lunch. This will go along with our PEERS Goal #2 and PEERS Goal #3 as it will benefit all students K-5 with higher achievement. This will allow us to look at our current reality and use the data to inform our Tier 1 instruction.

I would like to use \$1,500.00 for instructional supplies. We want our students to know the pathway to achievement that they are on. This will allow us to have classroom rubric posters and other guides in every room where all students can see the goal. This will also allow us to have instructional supplies for our content areas that will improve our Tier 1 instruction. PEERS Goals #1, #2 and #3 will be met here.

Finally, the remaining \$26,816.58 will go to paraprofessionals. We want to ensure that we have extra support in classrooms for our teachers and students. This will support PEERS Goals #2 and #3.

Thank you for your consideration.

Sincerely,
