Dear Members of the WCSD Board of Education,

I am writing to ask for your approval of an amendment to Horizon Elementary's School Improvement Plan. With the carryover money that we have from the State Lands Trust Funding, we would like to add \$2,000.00 to our PEERS Goal #2, Action Step 1. The goal was previously written as: 75% of students will meet required minutes/goals of their grade level in reading and math. I would like to rephrase this goal to be: 75% of students will meet their grade level goals in ELA, Math, and Science as determined by grade level teachers. We would measure whether the action step has a positive impact on student learning by monitoring grade level goals set with our online software programs, as well as monitoring the number of students proficient based on our Acadience Reading data and our RISE end of year data.

I want to thank you for your time and dedication to all of Washington County School District. I have personally felt your love and concern for every individual and I'm so grateful to know that we are in good hands.

Thank you for your consideration.

April Heath and The Horizon Elementary School Land Trust Community Council
