SUBJ: Strategic Planning Meeting - 2nd Quarter 2014

Why do we exist?

David Church, Counsel to the Utah League of Cities and Towns, remarked in a session a several years ago that local government exists for three principal reasons:

- 1) To provide services for residents that they cannot more efficiently provide for themselves;
- 2) To create or sustain a sense of community; and,
- 3) To exercise local control as necessary to accomplish the first two objectives.

Strategically, leaders in public service have a representative duty, then, to overlay a systematic process to insure constant and regular reflection connecting the why of our existence with the outcome of our efforts in governance and administration. In theory, if the process is right, if agendas are representative, and if the public is served with competence and integrity, the outcome will achieve the purposes of our existence.

The presentation during our 2nd quarter strategic planning meeting will focus on benchmark measures that have historically been utilized as part of the City's action plan adoption. Principals of measurement continue to guide policy direction and implementation. Secondly, the main focus of the strategic plan meeting is to review the 2014-2015 tentatively adopted budget for possible amendments and discussion. I hope the meeting is productive and useful to our efforts in making Riverdale City a better place to live and sustaining the principles of "Why we exist."

In context to Riverdale City in 2014 thru transition from previous administrations I believe the following strategic plan action issues moving forward are and should be the focus of the City Council, City staff, and administration. Budgetary speaking, implementation of these policies and objectives solidifies why we exist and create a better life for all persons that live and work in Riverdale City.

City Administration - Top 10 Strategic Plan Action Issues
December 2013

1	Resident's / Citizen's Concerns	Quality of Life Issues; Feedback (survey and other) and Representation of needs.
2	Action Plan	Continued the sustained and coordinated team efforts of elected, appointed, and staff.
3	Sales Tax Revenue	Very critical success factor to sustain revenues and continue to target regional destination retail to distinguish and differentiate our marketplace demographics from "cookie-cutter suburb retail".
4	Capital Projects Plan	Continue critical review of scheduled projects.
5	Organizational Staffing	Very critical success factor to sustain controlled use of FT positions via capacity utilization & coverage reviews. Supplement and test requests for FT with PT hours, or other sourcing options whenever possible.
6	Organizational Culture	Continue to rally the staff's diverse professional services around the broad team-driven needs of the Action Plan to sustain successful outcomes.
7	Community Development/RDA	Property owners/managers strongly encouraged to decrease retail vacancies. Seek best possible long-term uses for West Bench and 550 West project areas.
8	Public Works: Streets & Roads	Plan carefully to deal with Class C Roads funding shortfalls.
9	Public Works: Parks, Trails, & Playfields	Act carefully to acquire critical acreage for long-term future needs. Develop sustainable amenities and consider continuing to add PT Public Works hours as needed.
10	Emergency Preparedness	Continue a sustainable approach to build community involvement and support.

Strategic planning doesn't deal with future decisions but with the future of present decisions.

QUARTERLY STRATEGIC
PLANNING MEETING

TENTATIVE BUDGET REVIEW & AMEND

Welcome

Riverdale City

VISION STATEMENT: “Making Life Better”

MISSION STATEMENT: “Governing as little as we must;
Serving as much as we should,
to Make Life Better in Riverdale.”

Meeting Objectives:

- *Benchmarking Review*
- *Tentative Budget Review & Amend*
- *Department discussions*
- *Capital Projects - All departments*

Benchmarking - To assist us in measurement of service delivery and performance

We now have a couple of years experience working with strategic planning in a viable dynamic setting. Over this initial time period we have adjusted the approach to long-term time periods. This seems to work in harmony with the budget adoption method which functions in the same way.

Why Are We Here?

- To provide services to people (customers) as a community that they cannot efficiently provide for themselves.
- To develop (and maintain) a sense of community.
- To exercise local control to further the first two purposes. - David Church, ULCT June 1999

As we proceed, unified and committed to success, we will posture this government to improve continuously, to be more accountable, to report on performance (via newsletters, budget documents, audits, the web-site, etc.), to more completely and confidently fulfill our purpose for existence: "Why Are We Here?".

City Administration Goals

1. Overall municipal service quality, as measured by the current citywide survey will equal or exceed 90% satisfaction.
2. Elected Officials policy decisions, ordinances, and governance will be implemented professionally, effectively, efficiently, and timely.
3. Staff performance, achieving # 1 and # 2 above, will be rewarded with above average municipal compensation and benefits as measured in comparative annual HR surveys.
4. Outcomes will be regularly measured and reported.
5. Improvement efforts will be continuous.
6. Cross-departmental support and cooperation for coverage of needs.
7. FTE's are benchmarked and carefully managed.

Why do we need to be careful stewards and continue to measure?

Strengths

- Quality of life and quality of service per citizen survey feedback.
- City option sales tax (0.2%).
- Action Plan guidance.
- Work-place culture.

Weaknesses

- Complacency of success.
- Vulnerability of 'Team' mentality.

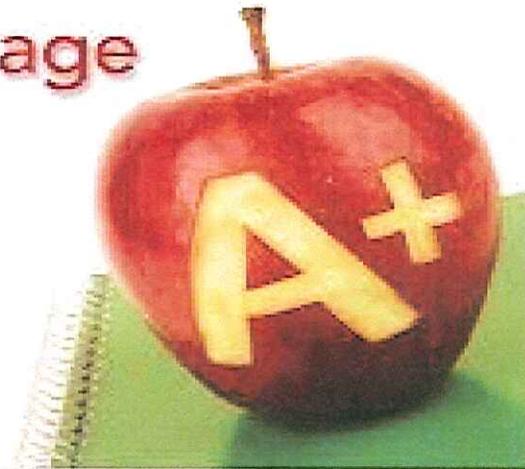

Opportunities

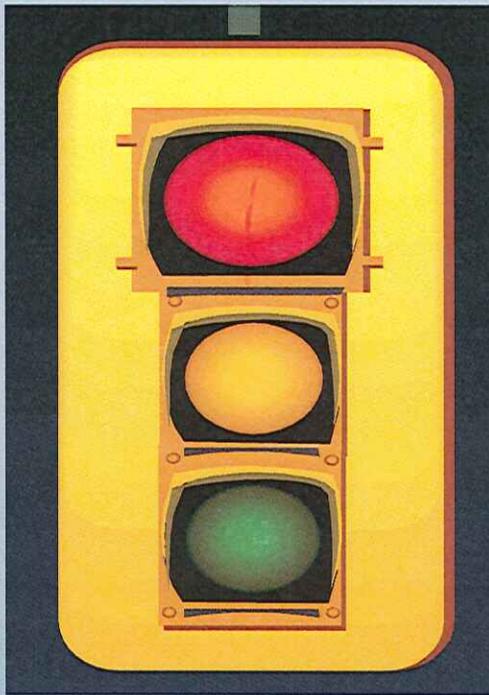

- Land acquisition for long-term use.
- Continued strategic use of Capital Projects plan, inter-local agreements, mutual-aid, RDA's, etc.

Threats

- Natural disaster.
- Adverse sales tax legislation.
- Unsustainable staffing decisions. Use caution and carefully manage.

Measure to manage
