

A circular graphic featuring a vibrant red rock archway. The rock has a textured, layered appearance with various shades of orange and red. Through the arch, a bright blue sky with white clouds is visible. The entire graphic is set against a light gray background.

Grand County LEPC

A Whole Community Approach
to Preparedness

Purpose of our LEPC

Under the Emergency Planning and Community Right-to-Know Act, we must develop an emergency response plan, review the plan at least annually, and provide information about chemicals in the community to citizens. Plans are developed by our LEPC with stakeholder participation.

Committee Representation:

Elected state, local, and tribal officials;
Police, fire, civil defense, and public health professionals;
Environment, transportation, and hospital officials;
Facility representatives; and
Representatives from community groups and the media.

TEAM ACCOMPLISHMENTS 2023

What went well? Where were we successful?

What can we repeat next year?

What foundation did we establish to build upon in 2024?

#GrandCounty

A scenic view of a waterfall cascading over a rocky cliff in a desert environment. The water is white and frothy as it falls, surrounded by reddish-brown rock formations and sparse desert vegetation. The overall tone is dark and moody, with the text overlaid in white.

LOOKING AHEAD 2024

Emergency Operations Plan Kickoff Meeting

Training & Exercises - Airport Full Scale Exercise March 7th

Mitigation Efforts - creek needs assessment and associated projects

Public Outreach - fire prevention, lithium ion battery risk awareness & response training in collaboration with Utah SFMO & MVFD

HOW CAN WE IMPROVE OUR REACH?

Preparedness requires a whole community approach and we must engage the public in the process to become more resilient to disaster.

HOW DO WE ADDRESS THE GAPS?

Let's talk solutions and
maximizing opportunities
