DOLP Professional Engineering / Land Surveying Board Meeting

Joseph Taft <jtaft@tafteng.com>
To: Nicole Herrera <nherrera@utah.gov>

Mon, Nov 20, 2023 at 2:56 PM

Nicole:

I would like to address the board about a recent DOPL investigation (DOPL Case Numbers #147718 & #148667) where a company in California illegally used my stamp without my knowledge on dozens of projects and was fined a mere \$2,000.00. I would like to propose that the board adopts stronger policies against this type of fraud and seek additional authority from the state legislator to investigate and fine companies that engage in this type of fraud.

By MLO you have not denied the application or even send a CDL. I will let you handle it. If you are working on denial then we could check with the department to see if this would count as appeal.

Subject: Professional Engineer Application A7244602
To: dopl@utah.gov <dopl@utah.gov>

Greetings,

I've been in communication with Linda, and Steve, both of whom have been great. I appreciate their time thus far and your time in consideration of this email. It is my understanding that my application is deficient

on the grounds that I have not completed 4 years of experience as described in Section R156-22-302. I am requesting acceptance of my application A7244602 on the following grounds:

I am a licensed professional engineer in the State of Oregon and have been practicing in that state as a licensed engineer since January 2023 without discipline or incident. According to your DOPL document, "Endorsement to Utah: Professional Engineer", which I've attached for your convenience and reference, the State of Oregon license is "Equivalent to Utah." The DOPL document goes on to state that "To apply in Utah using one of the licenses deemed equivalent (which Oregon is), you must have held the license type indicated for at least one year (which I have.) Additionally, the license must be in good standing (which it currently is.) It goes on to state that you must provide official verification of the license (which I have attached to the application.) I have paid the required fees and provided the required application information all of which is true and honest. For these reasons, I am requesting acceptance of my application to practice as a licensed engineer in the State of Utah.

I understand that the provisions in the Utah Professional Engineers and Professional Land Surveyors Licensing Act do not bear out what is described in the attached document. However, I am claiming that because the document is so prominently displayed in the application process that it is binding and that DOPL is morally obligated to uphold the document that they have provided to the applicants. This document has been the crux of life altering decisions, and the application process that it describes should be up held by the body that posted it.

Should DOPL still find my application deficient, then I will withdraw the application. If this is the case, then I would STRONGLY suggest that DOPL reconsider its stance on allowing licensure via comity ("endorsement") and at a minimum remove or revise the attached document as it is entirely dishonest and misleading to the public and the profession.

I'm very much looking forward to hearing your response and do appreciate your time and consideration in this matter.

Best Regards,

Chad Hardman, P.E. (OR101638PE)

Endorsement to Utah: Professional Engineer

Utah Statute: 58-22

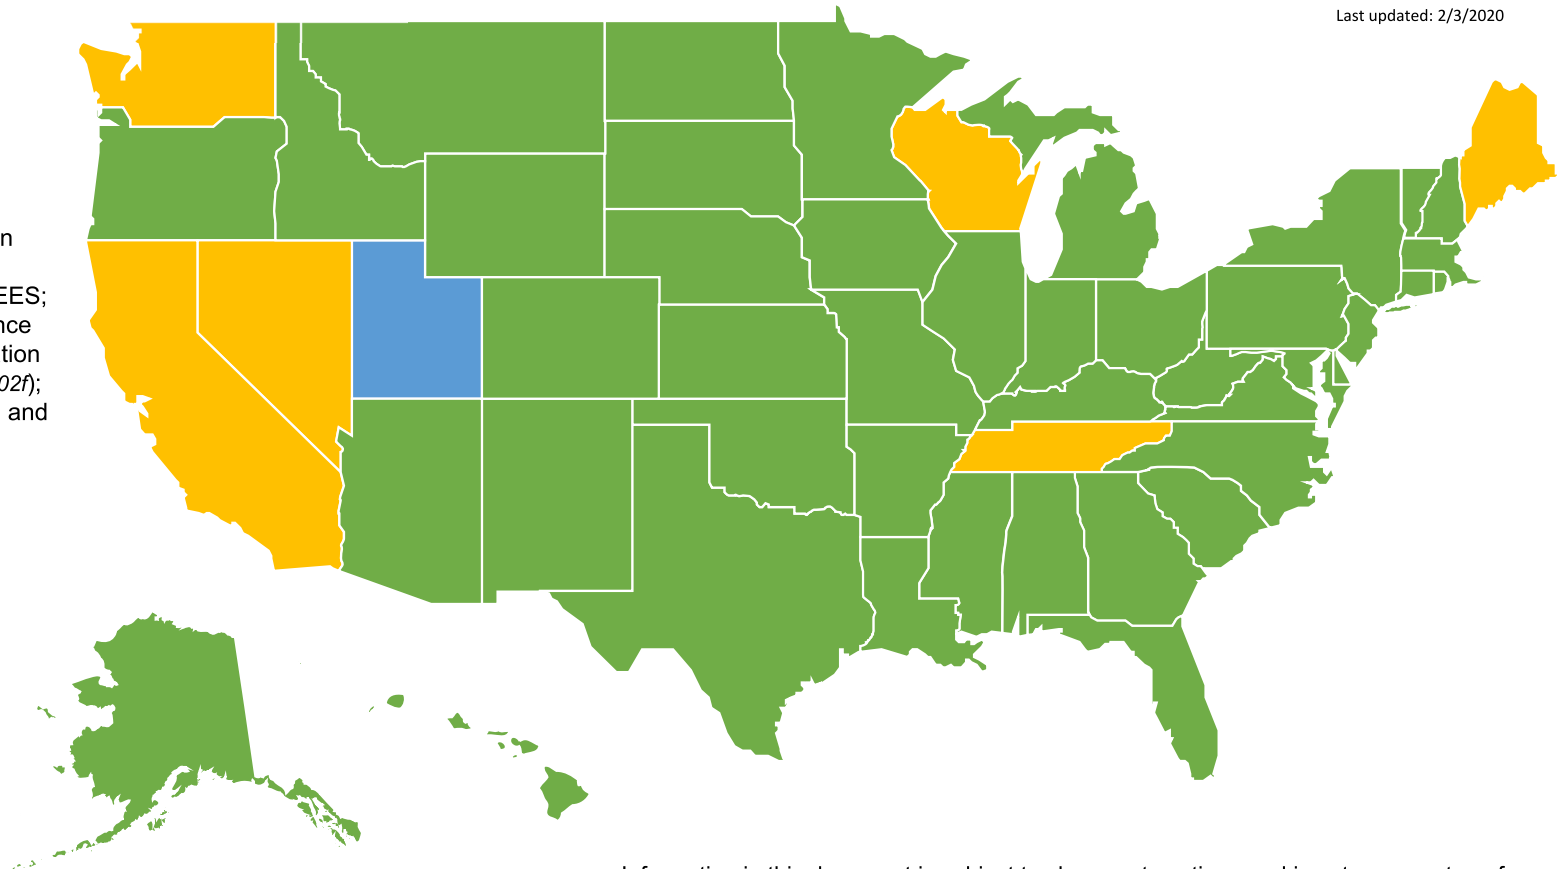

Qualifications:

Each applicant for licensure as a professional engineer shall:

- graduated and received an earned bachelors or masters degree from an EAC/ABET or CEAB program, or a program deemed equivalent by NCEES;
- successfully completed the experience requirements required for the education level obtain (*see R156-22-302e and 302f*);
- successfully passed the NCEES FE and PE.

KEY
Equivalent to Utah License
Additional Documentation Needed, see below
No Equivalent State or Territory License to Utah, see below

Last updated: 2/3/2020

Additional Jurisdictions
District of Columbia
American Samoa
Guam
Northern Mariana Islands
Puerto Rico
U.S. Virgin Islands

Information in this document is subject to change at anytime, and is not a guarantee of meeting the requirements for licensure. Please see the next page for additional instructions.

Application Process

To apply to Utah using one of the licenses deemed equivalent (jurisdictions in green on the above map), you must have held the license type indicated on the map for at least one year. Additionally, the license must be active and in good standing.

In addition to a complete application for licensure and the appropriate fees, you must also submit an official verification of your license. If you have been subject to previous disciplinary actions on any professional license or answer yes to any of the questions found on the qualifying questionnaires within the application, you will be required to provide additional information regarding those incidents. See the application for complete instructions.

Additional Requirements

For jurisdictions that do not meet the minimum requirements for endorsement outlined in 58-1-302, applicants may still be able to use their current license to satisfy some of the requirements for licensure. In addition to a license verification from the jurisdiction, see the information below needed to correct deficiencies in endorsement for specific states or territories.

Jurisdiction	Additional Items/Information Required
California, Maine, Nevada, Northern Marina Islands, Washington, and Wisconsin	Documentation of meeting the education requirements for Utah or verification of lawful practice as a principal engineer for 5 of the last 7 years.
Tennessee	Provide official verification of scope of practice defined by Tennessee Statute and Rule.

Jurisdictions with no equivalent State or Territory-Wide License:

If no equivalent state or territory-wide license is issued by a jurisdiction, local jurisdiction licenses (such as those issued by a city or county) or non-equivalent state or territory licenses may be used to assist with documentation of compliance with some Utah qualifications. Applicants must submit a verification of the license they feel may demonstrate components of Utah qualifications that includes documentation of hours, exams, and other qualifications completed to obtain the license. Additionally, providing information regarding the scope of the license will assist the Division in determining equivalency.

58-1-302(7) provides that "licensure endorsement provisions in this section are subject to and may be supplemented or altered by licensure endorsement provisions or multistate licensure compacts in specific chapters of this title.

58-22-302

(4) Each applicant for licensure by endorsement shall:

- (a) submit an application in a form prescribed by the division;
- (b) pay a fee determined by the department under Section 63J-1-504;
- (c) submit satisfactory evidence of:
 - (i) current licensure in good standing in a jurisdiction recognized by rule by the division in collaboration with the board;
 - (ii) having successfully passed an examination established by rule by the division in collaboration with the board; **and**
 - (iii) full-time employment as a principal for at least five of the last seven years immediately preceding the date of the application as a:
 - (A) licensed professional engineer for licensure as a professional engineer;
 - (B) licensed professional structural engineer for licensure as a structural engineer; or
 - (C) licensed professional land surveyor for licensure as a professional land surveyor;and
- (d) meet with the board or representative of the division upon request for the purpose of evaluating the applicant's qualifications for license.

Dear Chad Steven Hardman,

The Oregon State Board of Examiners for Engineering & Land Surveying (OSBEELS) has approved your application for licensure. On the following page is your certificate and pocket card, which confirms your new expiration date for your Oregon professional registration. In addition to checking the date of your seal, the Board would like to remind you to periodically check the Board's website at oregon.gov/osbeels for the latest revisions to the Oregon Administrative Rules (OARs).

The Board office is a resource for you to contact if questions arise about your professional activities. To ask the Board a question, go to oregon.gov/osbeels/theboard/Pages/Ask-the-Board-a-Question.aspx. General inquiries can be directed to the Board office.

MEMO

DATE: November 7, 2023

TO: Member Board Administrators

FROM: David Cox, Chief Executive Officer

RE: Funded Delegate Notification for the NCEES Western Zone Interim Meeting

The 2024 NCEES Western Zone interim meeting will be held May 16–18 in Bozeman, Montana. A meeting summary, which includes funding details and a draft schedule of events, is attached.

In accordance with NCEES policy, the Council will fund the lodging, travel expenses, and registration fees for the designated member board administrator (MBA) from each member board. The Council will provide the same funding to three eligible delegates.

For the designated attendees to receive this funding, their respective member boards must be in active status as defined in *Bylaws* 10.012. Delegates must attend all business meetings on Friday, May 17 and Saturday, May 18. Additional eligibility requirements for each are described below.

When meeting registration opens in February, NCEES will send an invitation to each funded attendee via email with meeting information and instructions for registering and making travel arrangements. Please include the person's email address, not an assigned board email address.

Member board administrator

NCEES will automatically invite the current eligible board administrator when registration opens in February, so it is not necessary to provide your name and contact information in the online form. When an MBA represents more than one board, the funding is for the designated MBA only and not for the assistant MBA or other member board staff.

Funded delegates

To qualify to be a funded delegate, the individual must be a current board member or an associate member.

[Click here](#) to access the funded delegate form. Responses must be received by **February 7**. If you need to make changes to the designated funded delegates after February 7, send an email to the Meetings Department at meetings@ncees.org.

For questions regarding funding, contact the Meetings Department at meetings@ncees.org.

2024 NCEES Western Zone Interim Meeting—Summary for Funded Attendees

Meeting dates and location	May 16–18, 2024 Best Western Plus GranTree Inn 1325 North 7th Avenue Bozeman, MT 59715
Meeting summary	The NCEES zone interim meetings are held each spring. The primary purpose of the meeting is for representatives from the member licensing boards to hear and discuss reports from the NCEES board of directors, CEO, standing committees, and task forces. The work of the committees and task forces results in motions that will be presented for Council vote at the annual meeting in August. Zone meeting delegates can ask questions and discuss possible annual meeting motions, and they are encouraged to take information back to their boards for further discussion. Additionally, delegates will provide individual board updates, elect a zone vice president and assistant vice president, and select a nominee for NCEES president-elect (election to be held at the annual meeting in August).
Schedule overview	The business meeting will begin at 8:30 a.m. on Friday, May 17 and conclude by 11:45 a.m. on Saturday, May 18. A draft business meeting agenda follows on the next page. A full schedule of events will be posted at ncees.org/zones when registration opens in February.
Attendance requirements	Plan to arrive on Thursday, May 16 and depart on Saturday, May 18 or Sunday, May 19. Funded attendees must attend all business meetings on Friday and Saturday. Flights must depart after 1:30 p.m. on Saturday.
NCEES funding summary	The Council will fund the following, as applicable, for the member board administrator and three eligible funded delegates from each board: meeting registration, lodging expenses for up to three nights (May 16–18), and travel costs, per the travel policy. NCEES will also pay a one-time stipend to cover incidental expenses accordingly: <ul style="list-style-type: none"> • \$140 plus the approved mileage calculation for those who drive • \$290 for those who fly
Registration details	Meeting registration includes the business meeting; Thursday’s dinner reception; Friday’s breakfast, lunch, and dinner; and Saturday’s breakfast.
Hotel room block rate	\$97/night, plus taxes and fees (currently 8 percent and \$2 per night) NCEES will make the hotel reservations for all funded attendees based on information provided during registration and will be direct billed for room, taxes, and fees for up to three nights (May 16–18).
Air travel and ground transportation	NCEES will fund round-trip economy-class airfare to Bozeman. The hotel is located 15 minutes from Bozeman Yellowstone International Airport and provides complimentary airport shuttle. Instructions to book air travel will be available in individual invitations, and ground transportation details will be posted at ncees.org/zones when registration opens.
Hotel parking costs	Self-parking is complimentary.
