Subject: [EXT:]7980 S. Danish Oaks Dr. Zoning

Hello!

I am unable to attend the public hearing tonight, but am very interested to know about the plans for rezoning the lot at 7980 S. Danish Oaks Dr. What is the purpose of rezoning? It is our understanding that this area should be a perpetual open space, and we do not want that to be compromised in any way. We would like it to remain as a Rural Residential Single-Family property, but are open to hearing WHY the owners are trying to change the zoning. Please provide us with any and all info you are able to on this matter. We appreciate your help.

Thanks,
Rachel Harmer
