ADDITIONAL NOTICES:

Times listed for each item on the agenda may be accelerated, as time permits, or taken out of order. The public comment period and public hearings are intended for the public to provide input to the Council or to pose questions individuals believe the Council and City staff should consider. Public hearings are not intended for individual members of the public to engage in conversation. While questions may be posed by a member of the public, the Council and City staff will attempt to refrain from answering or engaging in conversation during the public hearing.

An item listed on the agenda may be discussed in a closed portion of the public meeting, in which the public may be excused, if it meets the criteria outlined in the Open and Public Meetings Act (see Utah Code 52-4-204 and -205).

If you are planning to attend this public meeting and due to a disability need assistance in understanding or participating in the meeting, please notify the City eight (8) or more hours in advance of the meeting, and we will try to provide whatever assistance may be required. Please contact Celeste Cram at the Kanab City offices.

41 passed.

42 **3. Approval of Accounts Payable Vouchers** - A motion was made by Councilmember Heaton and
43 seconded by Councilmember Corry to approve the check registers for December 19th, 2023 in the
44 amount of \$207,536.15, December 27th, 2023 in the amount of \$67,259.45, and January 9th, 2024 in the
45 amount of \$110,565.74. Unanimous vote, motion passed.

46 Public Comment Period: Members of the public are invited to address the Council.

47 **4. Participants are asked to keep their comments to 3 minutes and follow the Rules of Civility Outlined
48 in Kanab Ordinance 3-601.**

49
50 **Rich Csenge** – Mr. Csenge asked if Councilmembers have discussed his concern that he spoke about
51 during public comment period at December's City Council Meeting with City Staff. His concern is not
52 being to work quickly enough on his building project to get an inspection every 6 months, which the City
53 requires.

54
55 **5. Election of Mayor Pro Tempore.**

56 Mr. Ludwig explained that the Mayor Pro Tem presides at a city council meeting in the absence of the
57 Mayor and performs the duties of the Mayor in the Mayor's absence, disability, or refusal to act.

58
59 Councilmember Heaton made a motion to nominate Councilmember Arlon Chamberlain as Mayor Pro-
60 Tem. Councilmember Corry seconds. unanimous vote, motion passed.

61
62 **6. Discussion and Consideration of the 2024 Public Meeting Schedule.**

63 Mr. Ludwig presented the 2024 meeting schedule to the Council. He explained that the Proposed
64 Meeting Schedule follows the same meeting schedule used in the previous year.

65 The City Council meetings are anticipated to take place on the second and fourth Tuesday of the
66 month. Exceptions are anticipated on November 26th and December 24th.

67
68 Councilmember Chamberlain made a motion to approve the 2024 anticipated regular meeting schedule
69 as outlined in the staff report. Councilmember Heaton seconds. Unanimous vote, motion passed.

70
71 **7. Discussion and Consideration of a minor subdivision on parcel K-17-2 located at 88 S 100 W
72 (applicant Michael Stewart/ S L Legacy LC)**

73

74 Ms. Chatterley explained that Red Sands Geomatics, representative of S L Legacy LC applied for a minor
75 subdivision for parcel K-17-2. The minor subdivision proposes to split the parcel into 2 lots. The current
76 zone is R-1-8. The proposed lots will be split into a 0.34-acre lot and a 0.61-acre lot. She further
77 explained the Conditions of Approval:

- 78 1. Will serve letters from Garkane utility has been signed and copies given to the city.
- 79 2. Building permits may not be issued until utilities are available for connection and
80 adequate fire protection is in place to the lot or parcel.
- 81 3. Lot Addressing has been completed, reviewed, and approved by city staff.
- 82 4. City engineers have reviewed and provided sign-off on mylar.

83 After reviewing the application and analyzing the proposed minor subdivision, the Planning
84 Commission sent a positive recommendation for approval of the proposed minor subdivision to
85 the Kanab City Council with the conditions and finding in staff report #2023052.

86
87 Councilmember Colson made a motion to approve the minor subdivision on Parcel K-17-2 located at 88
88 S 100 W (applicant Michael Stewart/S L Legacy, LC) Councilmember Heaton seconds.

89 Councilmember Colson – YES

90 Councilmember Heaton – YES

91 Councilmember Corry - YES

92 Councilmember Banks - YES

93 Councilmember Chamberlain – YES

94 Motion passed.

95

96 **8. Discussion and Consideration of an Ordinance changing the zoning of parcels 34-Bridge, K-23-1, K-
97 32-ANNEX, K-4-ANNEX, K-7-24-ANNEX, K-16-7A-ANNEX, K-16-8-ANNEX, K-13-KCSF-ANNEX, K-16-23-
98 ANNEX, K-13-15-ANNEX to align the zones with the current use of the properties.**

99

100 Ms. Chatterley explained the Planning Commission and City Council requested that staff identify parcels
101 owned by political subdivisions and utility companies that are currently not zoned for the use being
102 done on the parcel. Once identified staff would provide the proper notifications and bring them to the
103 Planning Commission to recommend a zone change to City Council. Staff has identified ten parcels.
104 There may be a few others that will be discussed at a future meeting.

105

106 Councilmembers and Mayor discussed in great detail the proposed zone changes.

107

108 Councilmember Corry made a motion to approve the assigned zones outlined in Exhibit A based on the
109 finding and conditions outlined in Staff Report #2023055 and adopt Ordinance 1-1-24 O with the
110 amendments as discussed. Councilmember Colson seconds.

111

112 Councilmember Colson –YES

113 Councilmember Heaton – YES

114 Councilmember Corry - YES

115 Councilmember Banks - YES

116 Councilmember Chamberlain – YES
117 Motion passed.

118
119 **9. Discussion and Consideration of an ordinance amending the Kanab Land Use Ordinance Chapter 19,**
120 **Manufactured Homes-KCR Zone and Chapter 4-26, Residential Zone Design Standards.**

121
122 Ms. Chatterley explained Staff has received a building permit for a cargo container style home. The
123 design of the home conflicts with some of the design standards outlined in Chapter 19 and Chapter 4-26
124 of the Land Use ordinances. The applicant has requested to petition an amendment to the ordinances.
125 The Planning Commission discussed the petition during the November 7, 2023 meeting and was in
126 agreement to review the ordinances and possibly amend the standards.
127 Public Hearing and discussion for the text amendment was held on January 2, 2024. Staff started with
128 the explanation of the proposed changes in Chapter 19 and explained that during the review for the text
129 amendment additional standards were found in Chapter 4-26. The planning Commission agreed to strike
130 letter H from Chapter 19. They discussed letter C in chapter 4-26. Some concerns with not requiring
131 parapets were unsightly equipment and reflective or glaring roofing material. There were not any public
132 comments during the public hearing. Planning Commission made a positive recommendation to City
133 Council for the amendments made and discussed during the meeting.

134
135 Councilmember Colson made a motion to approve the amendments to City Code identified in exhibit A
136 of the staff report #20231219 and adopt Ordinance 1-2-24 O. Councilmember Chamberlain seconds.

137 Councilmember Colson – YES
138 Councilmember Heaton – YES
139 Councilmember Corry - YES
140 Councilmember Banks - YES
141 Councilmember Chamberlain – YES
142 Motion passed.

143
144 **10. Discussion and consideration of a fuel truck purchase for the Kanab Municipal Airport.**

145
146 Mr. Ludwig explained the condition of the current fuel truck and the need for a new vehicle at the Kanab
147 City Airport. Kanab City purchased a 1983 fuel truck approximately 4 years ago for \$3,000. The truck is
148 presently undergoing repairs, but parts are difficult to obtain. The purchase of a fuel truck will be
149 necessary to continue offering Jet A fuel service.

150
151 Councilmember Colson made a motion to allow staff to purchase a Jet Fuel Truck not to exceed the
152 purchase price of \$100,000. Councilmember Heaton seconds. Unanimous vote, motion passed.

153
154 **11. Discussion and Consideration of an Easement Agreement with Garkane at the Kanab Municipal**
155 **Airport.**

156 Mr. Ludwig explained Development of electric utility connection at hangers at the Kanab
157 Municipal Airport requires an easement for Garkane to place their infrastructure. Work has

158 already taken place within this easement to allow for the hanger development to meet its deadlines.
159 The easement has been reviewed by our airport engineers and our airport manager. Staff is supportive
160 of providing the easement as it is in alignment with the airport master plan.

161
162 Councilmember Heaton made a motion to authorize Mayor to sign the Grant of Easement for the
163 Garkane Easement on the Airport Property. Councilmember Corry seconds. Motion passed.
164

165 **12. Discussion and Consideration of a resolution waiving or reducing the impact fees for the Lofts**
166 **Phase II, pursuant to Kanab City General Ordinance Section 14-716(A) and Utah Code 11-36a-403.**
167 *Councilmember Heaton recused himself from this agenda item due to his recent work on the project.*
168

169 Mr. Ludwig explained that Bill Zitting has requested the City Council review opportunities for impact fee
170 exemptions or partial exemptions on the Lofts Phase II Development. Impact Fees for apartment units
171 are assessed the same as single family homes as they have the same impact on growth within our
172 community; the need for water rights, road connectivity, and parks does not reduce as a result of
173 multi-family developments. The 60 units within Phase II were assessed impact fees to offset the demand
174 change from the growth this will bring to Kanab:

175 Water \$44,962.55

176 Wastewater \$120,243.60

177 Stormwater \$166,566.00

178 Public Safety \$74,552.40

179 Parks & Recreation \$124,887.60

180 Transportation \$256,150.80

181 The last request for an impact fee exemption took place on July 12, 2022, when a project
182 receiving federal low-income tax credits was denied their request to receive impact fee credits for
183 low-income housing.

184 This development has the opportunity to request two different exemptions; either low-income housing
185 or an exemption as a broad public purpose (if the council makes an exemption under the broad public
186 purpose an alternative source of funds will be needed to offset the exempted impact fees).

187
188 Kanab does not currently have policies giving qualifications on low-income housing. Many cities have
189 requirements that the development meet state or federal low-income standards with deed
190 restrictions. Cities often put limits on the number of low-income exemptions they will offer each
191 year and require a deed restriction on the property. The Phase I apartments are priced starting at \$1,200
192 for a single bedroom apartment, \$1,360 for a two-bedroom unit, and \$1,520 for a three-bedroom unit.
193 If an exemption is given outside the low income housing the City will need to offset the
194 exemption and pay for the impact fee exemption through other revenue sources.

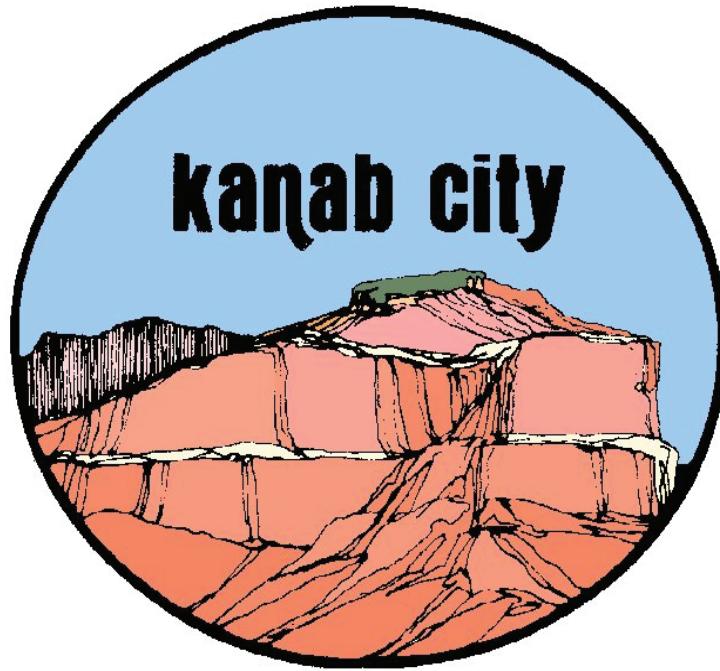

195
196 Mayor expressed his concerns with waiving the impact fees and feels it would be cheating the public by
197 waiving the fees.

198
199 Councilmember Colson made a motion to deny the request from Lofts Phase II for an impact fee waiver
200 or reduction. Councilmember Chamberlain seconds.

201
202 Councilmember Colson – YES

203 Councilmember Heaton – No Vote – recused

204 Councilmember Corry - YES
205 Councilmember Banks - YES
206 Councilmember Chamberlain – YES
207 Motion passed.
208
209 Councilmember Colson made a motion to enter into closed session. Councilmember Heaton seconds.
210 Unanimous vote, motion passed.
211
212 **13. Strategy Session Regarding Pending or Reasonably Imminent Litigation**
213
214 Councilmember Corry made a motion to adjourn, Councilmember Chamberlain seconds. Unanimous
215 vote, meeting adjourned.

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Kanab City, Utah, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Kanab City, Utah's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Kanab City, Utah, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kanab City, Utah and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in fiscal year 2023, Kanab City implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Kanab City, Utah's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kanab City, Utah's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kanab City, Utah's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kanab City, Utah's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and the other Required Supplementary Information, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for

consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Kanab City, Utah's basic financial statements. The supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 29, 2023 on our consideration of Kanab City, Utah's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Kanab City, Utah's internal control over financial reporting and compliance.

KANAB CITY, UTAH

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Kanab (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2023. Please read it in conjunction with the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- Total net position increased by \$2.5 million which resulted in total assets plus deferred outflows in excess of total liabilities plus deferred inflows of resources (net position) of \$28.38 million at the close of the fiscal year.
- Total governmental revenues exceeded total governmental expenses by \$1.08 million.
- Total business-type net position increased by \$1.47 million.
- Total revenues from all sources were \$10.2 million.
- The total cost of all City programs was \$7.6 million.
- The General Fund reported an excess of revenues over expenditures of \$951,955, before transfers.
- Actual revenues received in the General Fund were more than the final budget by \$347,077 while actual expenditures were \$404,590 less than the final budget (before transfers).
- At the end of the current fiscal year, fund balance for the General Fund was \$971,459 or 17.3% of total General Fund revenues, excluding transfers.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements which include the Statement of Net position and the Statement of Activities. These statements provide information about the activities of the City as a whole. (2) Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. (3) Notes to the financial statements.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the City's financial health is whether the year's activities contributed positively to the overall financial well-being. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. Net Position, the difference between assets and liabilities, are one way to measure the City's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the City's property tax base or condition of the City's roads to accurately assess the overall health of the City.

The Statement of Net Position and the Statement of Activities, present information about the following:

- Government activities – All of the City’s basic services are considered to be governmental activities, including general government, public safety, judicial, public works (streets/storm water), culture and recreation, community support and interest on long-term debt. Property taxes, sales tax, intergovernmental revenues and charges for services finance most of these activities.
- Proprietary activities/Business type activities – The distribution of culinary water, disposal of waste water, and storm water management are considered to be proprietary activities, as the City charges a fee to customers to cover all or most of the cost of the services provided.

Reporting the City’s Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The City’s two major kinds of funds, governmental and proprietary, use different accounting approaches as explained below.

- Governmental funds – Most of the City’s basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out with the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City’s general government operations and the basic services it provides. Government fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net position and the Statement of Activities) and governmental funds in a reconciliation included with the Basic Financial Statements and in footnote 2.
- Proprietary funds – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net position and the Statement of Activities.

Reporting the City’s Fiduciary Responsibilities

The City is the trustee, or fiduciary, for certain amounts held on behalf of developers, donations for a specific purpose and others. These fiduciary activities are reported in a separate Statement of Fiduciary Net position. The City is responsible for ensuring that the assets are used for their intended purposes. Therefore, fiduciary activities are excluded from the City’s other financial statements because the assets cannot be used to finance operations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City's combined assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$28.38 million as of June 30, 2023 as shown in the following condensed statement of net position. The City has chosen to account for its water, sewer and storm water operations in enterprise funds which are shown as Business Activities.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the fiscal year ending June 30, 2023, the City's governmental funds reported combined ending fund balances of \$3.76 million, an increase of \$1.1 million in comparison with the prior year.

The general fund is the chief operating fund of the City. As of the end of the fiscal year ending June 30, 2023, total fund balance is \$971,459. The City budgeted to reduce the general fund balance by \$145,212 during the year and the general fund balance actually increased by \$606,455. Key factors in this change are as follows:

- Actual revenues received in the general fund were \$347,077 more than what was budgeted while actual expenditures were less than budgeted by \$404,590.

Other governmental funds consist of the Capital Projects fund, Airport Capital Improvement Fund, Recreation fund, Public Safety Fitness fund, JH Park Expansion fund, Existing Capital Repairs fund, Heritage House Capital Projects fund, Wildland Fire fund, Fire Station Fund, Debt Service Fund, and the Perpetual Care fund which have a combined total fund balance of \$2.79 million.

Proprietary funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Total net position of the Water/Sewer and Storm Water funds was \$14.5 million, consisting of \$7.7 million in net investment in capital assets, \$136,770 in restricted for debt service, \$1.1 million is restricted for capital outlay, and \$5.5 million in unrestricted net position.

General Fund Budgetary Highlights

The actual expenditures for the General Fund at year-end were \$404,590 less (before transfers) than the final budget. Actual revenues were more than the final budget by \$347,077. The budget was amended during the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets of the City are those assets that are used in performance of City functions including infrastructure assets. Capital Assets include equipment, buildings, land, park facilities and roads. At the end of fiscal year 2023, total capital assets of the government activities totaled \$12.26 million and the total capital assets of the business-type activities totaled \$12.55 million. Depreciation on capital assets is recognized in the Government-Wide financial statements. (See note 5 to the financial statements.)

Debt

At year-end, the City had \$2.51 million in governmental type debt, and \$4.97 million in proprietary debt. During the current fiscal year, the City's total debt increased by \$148,645. (See note 6 to the financial statements for detailed descriptions.)

Subsequent Events

Subsequent to year-end, the City entered into a debt agreement to finance the construction of a new police department.

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

In considering the City Budget for fiscal year 2023/2024, the City Council and management were cautious as to the growth of revenues and expenditures, with revenues projected to grow slowly.

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the difference between depreciation expense and capital outlay in the current period.

Repayment of principal on long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	167,238
Pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the net pension liability is measured six months before the City's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the Statement of Activities.

NOTE 1. Summary of Significant Accounting Policies

Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, when applicable, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting Entity

Kanab City, Utah (government) is governed by an elected mayor and governing council. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended component unit. The Municipal Building Authority of the City of Kanab (the Authority) was formally recognized by the State of Utah as an incorporated entity in 1986. The Authority was formed for the purpose of accomplishing the public purposes for which the City of Kanab exists by acquiring, improving, or extending one or more projects and financing the cost of such projects on behalf of the City of Kanab. The Authority is governed by the board of trustees comprised of the elected officials of the City of Kanab.

Basis of Presentation – Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental and proprietary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds

NOTE 1. Summary of Significant Accounting Policies, Continued

are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Capital Project Fund** is used to account for the financial resources used to acquire and/or construct major capital assets.

The **Impact Fee Capital Project** is used to account for the collection of impact fees and the expenditure of these fees on public facilities and infrastructure.

The City reports the following major proprietary funds:

The **Water & Sewer Fund** is used to account for the provision of water & sewer services to the residents of the City.

The **Storm Water Fund** is used to account for the revenue from the Storm water utility fee that is used to fund the operations, maintenance and capital improvements of the City's storm water collection system.

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, room taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

NOTE 1. Summary of Significant Accounting Policies, Continued

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Deposits and Investments

Cash includes cash on hand, demand deposits with banks and other financial institutions, deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts and short-term investments with original maturities of three months or less from the date of acquisition. The City's policy allows for the investment of funds in time certificates of deposit with federally insured depositories, investment in the state treasurer's pool, and other investments as allowed by the State of Utah's Money Management Act. All investments are carried at fair value with unrealized gains and losses recorded as adjustments to interest earnings. Fair market values are based on quoted market prices.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to" or "due from other funds." All trade accounts receivable in the enterprise funds are shown net of an allowance for uncollectable amounts. Due to the nature of the accounts receivable in governmental type activities, management does not consider an allowance for uncollectible accounts receivable necessary or material. Therefore, no allowance for uncollectible accounts receivable is presented.

Inventories and Prepaid Items

The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than when consumed. Inventories of the business type activities are valued at the lower of cost or market. Market is considered as replacement cost.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. Capital assets are defined by the City as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

KANAB CITY, UTAH
Notes to the Financial Statements
June 30, 2023

NOTE 1. Summary of Significant Accounting Policies, Continued

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Improvements	20-40 years
Automobiles and trucks	5-7 years
Machinery and equipment	7 years
Infrastructure	20 years

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has one type of item that qualifies for reporting in this category. It is pension related items reported on the government-wide financial statements. See footnote 8 for more information.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items that qualify for reporting in this category. Pension related items reported on the government-wide and proprietary fund financial statements. See footnote 8 for more information. Another item, *unavailable revenue*, is reported in the governmental funds balance sheet and governmental activities statement of net position. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

KANAB CITY, UTAH
Notes to the Financial Statements

NOTE 1. Summary of Significant Accounting Policies, Continued

Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Manager is authorized to assign amounts to a specific purpose in accordance with the City's budget policy. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Leases and Subscription-Based Information Technology Arrangements

Kanab City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Subscription-based information technology arrangements: Kanab City recognizes a subscription liability and an intangible right-to-use subscription asset in the government-wide financial statements. Kanab City recognizes subscription liabilities with an initial, individual value of \$5,000 or more. Kanab City uses its estimated incremental borrowing rate to measure subscription liabilities unless it can readily determine the interest rate implicit in the arrangement.

No Lease and Subscription-Based Information Technology Arrangements noted for the year ended June 30, 2023.

Revenues and Expenditures/Expenses

Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes

Property taxes are collected by the Kane County Treasurer and remitted to the City in three installments: July, December, and March. Taxes are levied and are due and payable on November 1 and delinquent after November 30 of each year at which time they become liens if not paid. An accrual of uncollected current and prior year's property taxes has not been made, as the amounts are not material in relationship to the financial statements taken as a whole.

KANAB CITY, UTAH
Notes to the Financial Statements
June 30, 2023

NOTE 1. Summary of Significant Accounting Policies, Continued

Compensated Absences

For governmental funds, amounts of vested or accumulated vacation and comp time that are not expected to be liquidated with expendable available financial resources are reported as liabilities in the government-wide statement of net position and as expenses in the government-wide statement of activities. No expenditures are reported for these amounts in the fund financial statements. Vested or accumulated vacation and comp time in the proprietary funds are recorded as an expense and a liability of that fund as the benefits accrue to the employees and are thus recorded in both the government-wide financial statements and the individual fund financial statements.

Accumulated unpaid vacation pay and comp time are accrued based upon the City's expected legal obligation as of the statement date. No provision is made for accumulated sick leave because the City is not obligated to pay accumulated sick leave upon termination or retirement.

Proprietary Fund Operating and Non-operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Utah Minimum Fund Balance

Utah code 10-6-116(4) indicates that only the "fund balance in excess of 5% of total revenue of the general fund may be utilized for budget purposes". The remaining 5% must be maintained as a minimum fund balance. The City does not currently have any other fund balance stabilization arrangements.

Use of Estimates

Generally accepted accounting principles require management to make estimates and assumptions that affect assets and liabilities, contingent assets and liabilities, and revenues and expenditures. Actual results could differ from those estimates.

New Pronouncements

For the year ended June 30, 2023, the City implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which (1) defines a subscription-based information technology arrangement (SBITA); (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

NOTE 2. Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund balance sheet includes a reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The details of these differences are reported in the reconciliation on page 17.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balances-total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. These differences are the result of converting from the current resources measurement focus and modified accrual basis for governmental fund statements to the economic resources measurement focus and full accrual basis used for government-wide statements. The details of these differences are reported in the reconciliation on page 19.

NOTE 3. Stewardship, Compliance, and Accountability

Budgets and Budgetary Accounting

The City Council observes the following procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to the first meeting in May, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them. Budgets are required for the General Fund, Debt Service Fund, Special Revenue Fund, Capital Projects Funds, Permanent Funds and the Enterprise Funds.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to June 22, the budget is legally enacted through passage of an ordinance.
- (4) The City Manager is authorized to transfer budgeted amounts within departments; however, to transfer budgeted amounts between departments requires City Council approval. Any revisions that alter the total expenditures of any fund must be approved through public hearing by the City Council and can be made at any time during the fiscal year.

Budgets for the General Fund, Debt Service Fund, Special Revenue Fund, Capital Projects Funds and Permanent Funds are prepared on the modified accrual method of accounting. Budgets for the Enterprise Funds are prepared on the accrual basis of accounting. Control is maintained at the function level. (i.e. Public Safety, Highways, etc.) All appropriations lapse at year-end. Utah State law requires budgets to be prepared and reported on for the General Fund, Debt Service Fund, Special Revenue Fund, Capital Projects Funds and Permanent Funds. The budget was amended during the current fiscal year.

NOTE 4. Deposits and Investments

Deposits and investments of the City at June 30, 2023 consist of the following:

Deposits	
Cash on hand	\$ 100
Cash in bank	139,855
Investments	
State treasurer's investment pool	<u>11,057,344</u>
Total deposits and investment	<u><u>\$ 11,197,299</u></u>

A reconciliation of cash and investments as shown of the Statement of Net Position follows:

Cash and cash equivalents	\$ 10,926,002
Restricted cash and cash equivalents	<u>271,297</u>
Total cash and cash equivalents	<u><u>\$ 11,197,299</u></u>

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state and review the rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

The City follows the requirements of the Utah Money Management Act (Utah code, Section 51, chapter 7) in handling its depository and investment transactions. The Act requires the depositing of City funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

NOTE 4. Deposits and Investments, Continued

Deposits

Custodial Credit Risk

For deposits this is the risk that in the event of a bank failure, the government's deposit may not be returned to it. The City does not have a formal policy for custodial credit risk. As of June 30, 2023, \$153,284 of the City's deposits were in excess of FDIC insurance.

Investments

The Money Management Act defines the types of securities authorized as appropriate investment for the City and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

The Act authorizes investments in negotiable or nonnegotiable deposits of qualified depositories and permitted depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Act; the Utah Public Treasurer's Investment Fund; and reciprocal deposits subject to rules of the State Money Management Council.

The Utah State Treasurer's Office operates the Public Treasurer's Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer.

The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act, Section 51-7, *Utah Code Annotated, 1953*, as amended. The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gain or losses on investments. Financial statements for the PTIF funds can be obtained by contacting the Utah State Treasurer's Office.

KANAB CITY, UTAH
Notes to the Financial Statements
June 30, 2023

NOTE 4. Deposits and Investments, Continued

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses – net of administration fees, of the PTIF are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

As of June 30, 2023 the government had the following investments, ratings, and maturities:

Investment Type	Fair Value	Quality Rating (1)	Weighted Average Maturity (2)
State of Utah Public Treasurer's Investment Fund	\$ 11,057,344	N/A	64.20
Total Fair Value	<u><u>\$ 11,057,344</u></u>		

(1) Ratings are provided where applicable to indicate associated Credit Risk. N/A indicates not applicable.

(2) Interest Rate Risk is estimated using the weighted average days to maturity.

Interest rate risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested.

Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for reducing exposure to credit risk is to comply with the State of Utah's Money Management Act.

Fair value measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2023:

- PTIF are valued using amortized cost (Level 2 inputs).

NOTE 8. Pension Plans

General Information about the Pension Plan

Plan description: Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

Defined Benefit Plans

- Public Employees Noncontributory Retirement System (Noncontributory System);
- Firefighters Retirement System (Firefighters System);
are multiple employer, cost-sharing retirement systems.
- Public Safety Retirement System (Public Safety System) is a cost-sharing, multiple-employer public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); is a multiple employer cost-sharing public employee retirement system;
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System) is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees, beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake City, Utah 84102 or visiting the website: www.urs.org/general/publications.

The net pension asset and liability was measured as of December 31, 2022, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2022 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the System during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2023, the City recognized pension expense of \$265,487.

At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial assumptions: The total pension liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Salary increases	3.25- 9.25 percent, average, including inflation
Investment rate of return	6.85 percent, net of pension plan investment expense, including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2022, valuation were based on an experience study of demographic assumptions as of January 1, 2020, and a review of economic assumptions as of January 1, 2021.

NOTE 8. Pension Plans, Continued

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Asset Allocation	Expected Return Arithmetic Basis		Long-Term Expected Portfolio Real Rate of Return
		Real Return Arithmetic Basis		
Equity securities	35%	6.58%		2.30%
Debt securities	20%	1.08%		0.22%
Real assets	18%	5.72%		1.03%
Private equity	12%	9.80%		1.18%
Absolute return	15%	2.91%		0.44%
Cash and cash equivalents	0%	(0.11)%		0.00%
Totals	100%			5.17%
Inflation				2.50%
Expected arithmetic nominal return				7.67%

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.35% that is net of investment expense.

Discount rate: The discount rate used to measure the total pension liability was 6.85 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate, and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current, active, and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments, to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

City of Kanab participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

401(k) Plan, 457(b) Plan, and Roth IRS Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30th were as follows:

NOTE 9. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Risk financing activities are accounted for in various operating funds, with unallocated or City-wide activities being accounted for in the general fund.

The City maintains insurance for general liability, auto liability, and employee dishonesty through Utah Local Government's Insurance Trust and Fred A. Moreton and Company. Worker's compensation coverage is carried through the State Worker's Compensation Fund.

NOTE 10. Solid Waste and Disposal Contract

The City has a solid waste collection and disposal contract with Kane County Special Service District (the District). The contract provides for the collection and disposal of residential and commercial solid waste within the City. In connection with the agreement, the City is responsible for the monthly billing, collection, and payment of residential collections to the District. The fees are accounted for in the General Fund; however, only the City's portion of the net fees are reported in the financial statement.

NOTE 11. Contract with Kane County Water Conservancy District

The City has entered into a contract with the Kane County Water Conservancy District related to the construction of a waterline. Beginning in fiscal year 2012, the City has agreed to pay the Conservancy District \$50,000 per year for 30 years. At the end of the thirty year term title to the waterline will be conveyed to the City. Until the City has made the final payment title to the waterline will remain with the Conservancy District. All debt associated with the construction of the waterline was issued by the Conservancy District. Since the City has not issued any debt related to this project and they do not yet have title to the asset, the City has not recorded a capital asset or any debt related to this project. The City is responsible for maintaining and repairing the waterline. Any subsequent improvements made will be owned by the City.

NOTE 12. Contingencies and Commitments

The City is involved with various matters of litigation from year to year. It is the opinion of City officials that these cases will either be handled by the City's insurance coverage or that they will not have a material effect on the City's financial condition.

In fiscal year 2017 the City entered into an agreement with the Kane County School District (District) for the acquisition of a building owned by the District. As part of this agreement, the City has agreed to waive impact fees and certain inspection fees that may be charged to the District for future District building projects for a period of twenty years. In addition, The City has agreed to provide for a period of ten years, without charge to the District, sixteen million gallons of water per calendar year. Any amount used in excess of sixteen million gallons will be also be used to reduce the amount owed to the District as calculated by the City's standard rates. If the District uses less than sixteen million gallons in a calendar year, the unused balance shall be carried over and may be used in a subsequent year over and above the sixteen million gallon annual allowance without charge. The City calculated the value of the water expected to be provided under this agreement at \$177,920. The city capitalized this amount as the value of the building. Likewise, the City recorded unearned revenue in the same amount. During fiscal year 2023 the District used water valued at \$30,581. The City recognized revenue in this amount and decreased the balance in the unearned revenue account by the same amount.

NOTE 13. Restatement to Storm Water Fund and Capital Project Fund Equity

There are two restatements of Equity for the year ended June 30, 2023.

The Fire Department Capital Projects Fund had an ending fund balance of \$14,621 as of June 30, 2022. Revenues from this fund were received in prior years from the Utah Community Impact Board (CIB). The projects related to this funding were completed and the remaining funds were transferred back to the CIB. Fund balance was adjusted in this account to close out equity.

The Storm Water Fund incurred expenditures related to a USDA Grant in the year ended June 30, 2022. These expenditures were to be reimbursed by the USDA grant, however a receivable and the related revenue was not recognized in fiscal year 2022. An adjustment of \$206,203 was made to beginning net position to account for these funds.

NOTE 14. Subsequent Events

In July 2023, Kanab City entered into an agreement with Zions Bancorporation, N.A. for the acquisition of a new Police Station in the amount of \$722,595 with the last payment scheduled to be made July of 2033.

**Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

The Honorable Mayor and
Members of the City Council
Kanab, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Kanab City, Utah, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Kanab City, Utah's basic financial statements and have issued our report thereon dated December 29, 2023

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Kanab City's internal control over financial reporting (internal control) to determine the audit that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kanab City's internal control. Accordingly, we do not express an opinion on the effectiveness of Kanab City's internal control.

A *deficiency in internal control* exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, as described in the accompanying letter of findings and recommendations that we consider to be significant deficiencies.

2007-001. Controls Over Accounting and Reconciliations

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Kanab City, Utah's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard* and which are described in the accompanying letter of finding and recommendations as items 2022-00 and 2023-001.

Kanab City, Utah's Responses to Findings

Kanab City's responses to the findings identified in our audit are described in the Management's Response to the Findings as listed in the table of contents. Kanab City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance and
Report on Internal Control Over Compliance
As Required by the *State Compliance Audit Guide***

The Honorable Mayor and
Members of the City Council
City of Kanab, Utah

Report On Compliance with General State Compliance Requirements

We have audited Kanab City, Utah's compliance with the applicable general state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, for the year ended June 30, 2023.

General state compliance requirements were tested for the year ended June 30, 2023 in the following areas:

- Budgetary Compliance
- Fund Balance
- Restricted Taxes and Other Related Restricted Revenue
- Fraud Risk Assessment
- Governmental Fees
- Cash Management
- Enterprise Fund Transfers, Reimbursements, Loans, and Services
- Impact Fees
- Utah Retirement Systems
- Public Treasurer's Bond

Management's Responsibility

Management is responsible for compliance with general state requirements referred to above.

Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit of the state compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the City or its major state programs occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion for each state compliance requirement referred to above. However, our audit does not provide a legal determination of the City's compliance with those requirements.

Opinion on General State Compliance Requirements

In our opinion, Kanab City, Utah, complied, in all material respects, with the compliance requirements referred to above for the year ended June 30, 2023.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide* and which are described in the accompanying findings and recommendations letter dated December 29, 2023, as items 2022-004 and 2023-001. Our opinion on compliance is not modified with respect to these matters.

Kanab City's responses to the noncompliance findings identified in our audit are described in the accompanying Management's Response to the Findings as listed in the table of contents. Kanab City's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of Kanab City is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance with the state compliance requirements referred to above to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with these state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a state compliance requirement on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

**Findings and Recommendations
For the Year Ended June 30, 2023**

The Honorable Mayor and
City Council
Kanab, Utah

Ladies & Gentlemen:

Professional standards require that we communicate, in writing, deficiencies in internal control over financial reporting that are considered significant deficiencies or material weaknesses that are identified during the audit of the financial statements. During our audit of the funds of Kanab City for the fiscal year ended June 30, 2023, we noted a few areas needing corrective action in order for the City to be in compliance with laws and regulations, and we found a few circumstances that, if improved, would strengthen the City's accounting system, control over its assets, and compliance with state law. These items are discussed below for your consideration.

INTERNAL CONTROL OVER FINANCIAL REPORTING:

Material Weaknesses:

None noted

Significant Deficiencies:

2007-001. Controls over Accounting and Reconciliations

Criteria: Auditing standards indicate that the identification by the auditor of misstatements in the financial statements may be a deficiency in the City's internal controls.

Condition: Audit procedures identified various journal entries that were necessary to make accruals and other miscellaneous adjustments that were not initially identified by the City's internal controls. Furthermore, we noted reconciliations for some general ledger accounts are not being performed which is contributing to the misstatements.

Cause: Procedures for year-end adjustments and periodic account reconciliations may need to be revised or improved in order to properly identify certain adjustments.

Effect: The City's financial statements would not have been fairly stated in all material respects without the adjustments.

Recommendation: We recommend that management review and understand the adjustments proposed by the auditor and develop a plan to ensure that all significant adjustments are posted to the general ledger before the annual audit takes place. We recommend that the City continue its efforts to perform monthly reconciliations of subsidiary ledgers to the general ledger and that differences be investigated and adjusted. The City should continue to improve its internal controls to a level where they will at least identify material misstatements.

COMPLIANCE AND OTHER MATTERS:

2022-004 Impact Fee Schedule

Criteria: UCA 11-36a-601 requires that the City and remit to the State Auditor an annual report which shows:

- a) The source and amount of all impact fees collected during the fiscal year
- b) Each expenditure from impact fee funds during the fiscal year
- c) An accounting of impact fees on hand at the end of the fiscal year including:
 - a. The year in which the impact fee funds were received
 - b. The project from which the impact fees were collected
 - c. The project for which the impact fee funds are budgeted
 - d. The projected schedule for expenditure.

Condition: The City did prepare and remit the impact fee report to the State Auditor. However, the report did not include all of the required elements.

Cause: The City was not aware of all required elements of the impact fee report.

Effect: The City is not in complete compliance with UCA 11-36a-601.

2023-001 Financial Reports for Council Review

Criteria: UCA 10-6-117&148 requires appropriate financial reports are prepared monthly and reviewed by the governing body.

Condition: The reports are being prepared and presented on a quarterly instead on monthly basis.

Cause: The City was not aware the reports needed to be presented monthly.

Effect: The City is not in compliance with UCA 10-6-117&148.

Recommendation: We recommend the reports be prepared and presented on a monthly basis.

The City of Kanab, Utah's written responses to the findings identified in our audit has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

This letter is intended solely for the use of the Mayor, City Council and management and is not intended to be used and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

It has been a pleasure to be of service to the City this past year. We would like to express special thanks to all those who assisted us so efficiently in this year's audit. We invite you to ask questions of us throughout the year as you feel necessary. We look forward to a continued professional relationship.

Sincerely,

HintonBurdick, PLLC

**Management's Responses to the Auditor's Findings
For the Fiscal Year Ended June 30, 2023**

Office of the Utah State Auditor
P.O. Box 142310
Salt Lake City, UT 84114

To Whom It May Concern:

This letter is in response to the findings and recommendations made by our independent auditor, HintonBurdick CPAs & Advisors, for the audit of Kanab City, UT for the year ended June 30, 2023.

Internal Control Over Financial Reporting:

2007-001 – Controls over Accounting and Reconciliations

Management Response: Management concurs with the auditor's findings. The City will monitor and create standard operating procedures to help staff understand the needed end-of-year adjustments needed prior to the audit. It is management's policy that reconciliations take place on a monthly basis

Compliance and Other Matters:

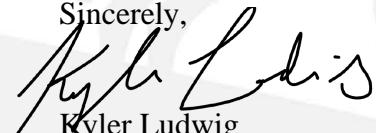

2022-004 – Impact Fee Schedule

Management Response: Management concurs with the auditor's findings. Management will update the Impact Fee Schedule to include documentation on projected expenditures already provided to the public through the Impact Fees Capital Facilities Plans.

2023-001 – Financial Reports for Council Review

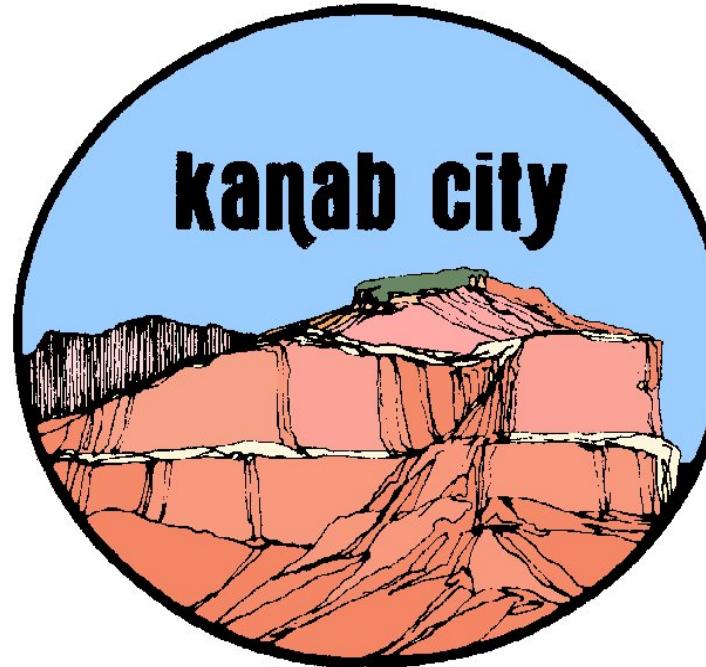

Management Response: Management concurs with the auditor's findings. Management will add a monthly financial summary report to the governing body in addition to the detailed quarterly report already being provided.

DATE: January 24, 2024
TO: Mayor and City Council
SUBJECT: Development Agreement 400 W 200 N
PREPARED BY: City Manager, Kyler Ludwig

Background:

The property owners of parcel K-336-2 is seeking to build a home connected to the City's sewer line. The elevation of the property requires the development to use a forced sewer lateral. The City has used development agreements previously to clarify the responsibilities and ownership of the infrastructure of these types of developments in the past.

Analysis:

The City has entered into similar development agreements with property owners requiring forced sewer laterals. This development agreement requires the developers to take on all the costs, liabilities, and responsibilities for the sewer until it reaches the City line.

Legal:

This development agreement has been approved as to form.

Financial:

The financial responsibilities through this development agreement fall upon the developer.

Recommendations/Actions: It is recommended the City Council:

Motion to approve Resolution _____ R, A Resolution Approving the Development Agreement with Matthew and Vanesa Alldredge.

RESOLUTION NO. _____ O

**AN ORDINANCE APPROVING A DEVELOPMENT AGREEMENT
WITH MATTHEW AND VANESA ALLDREDGE**

WHEREAS, the Kanab City Council (the “Council”) met in regular session on January 23, 2024, to discuss, among other things, approving a development agreement between Kanab City (“City”) and Matthew and Vanesa Alldredge (“Alldredge’s”) (collectively the “Parties”);

WHEREAS, the Alldredge’s are building a home on the property known as K-336-2, also known as 176 West 300 South, Kanab, Utah (the “Property”), and desires to utilize the City’s sewer system by hooking into the sewer main on 300 South, Kanab, Utah;

WHEREAS, due to the elevation the Alldredge’s property and proposed home, the flow of the sewer line from Alldredge’s home will not flow to the City’s sewer main by gravity;

WHEREAS, the Parties have agreed that a sewer pump (or “pump grinder”) is necessary with a 1 ¼” forced sewer lateral from the pump to the main sewer line;

WHEREAS, the City is willing to install the 1 ¼” sewer line, upon arrangement with the Public Works Director, subject to the City’s fee schedule;

WHEREAS, the Alldredge’s will be responsible to purchase and install the sewer pump necessary;

WHEREAS, the installation of the sewer pump will be subject to the inspection and approval of the City’s Public Works Director.

WHEREAS, the Alldredge’s and any successive owners of the subject parcel will be responsible for the maintenance, upkeep, repair, and replacement of the sewer pump and the 1 ¼” forced sewer lateral line from the point at which it connects to the City’s sewer main line; and

WHEREAS, the attached development agreement outlines the City’s and the Alldredge’s understanding, intent, and terms agreeable to the Parties.

NOW, THEREFORE, BE IT ORDAINED BY THE KANAB CITY COUNCIL

1. The attached Development Agreement with Matthew and Vanesa Alldredge is adopted and approved, and thereby authorizing the signing and recordation of the same.
2. The Mayor and City staff are authorized to take all steps necessary to effectuate this resolution.
3. A fully executed copy of the Development Agreement shall be provided to Matthew and Vanesa Alldredge for their consideration and execution.

The provisions of this Ordinance shall be severable, and, if any provision thereof or any application of such provision is held invalid, it shall not affect any other provisions of this Ordinance or the application in a different circumstance.

This Ordinance shall be effective upon the required posting.

DEVELOPMENT AGREEMENT AND GRANT OF EASEMENT

THIS DEVELOPMENT AGREEMENT AND GRANT OF EASEMENT (the “Agreement”) is executed and entered into by Matthew A. Alldredge and Vanesa I. Alldredge, joint tenants (collectively the “Grantor” or “Owners”) and Kanab City, a municipal corporation and political subdivision of the State of Utah (the “City” or “Grantee”). (Each individually a “Party” and collectively the “Parties”).

RECITALS

A. The Grantor is building a home on the property known as K-336-2, also known as 176 West 300 South, Kanab, Utah (the “Property”), and desires to utilize the Grantee’s sewer system by hooking into the sewer main on 300 South, Kanab, Utah.

B. Due to the elevation of the Grantor’s property and proposed home, the flow of the sewer line from the Grantor’s home will not flow to the Grantee’s sewer main by gravity. The Parties have agreed that a sewer pump (or “pump grinder”) is necessary with a 1 ¼” forced sewer lateral from the pump to the main sewer line.

C. Grantee is willing to install the 1 ¼” sewer line, upon arrangement with the Public Works Director, subject to the Grantee’s fee schedule. The Grantor will be responsible to purchase and install the sewer pump necessary. Installation of the sewer pump is subject to the inspection and approval of the Grantee’s Public Works Director.

D. Grantor and any successive owners of the subject parcel will be responsible for the maintenance, upkeep, repair, and replacement of the sewer pump and the 1 ¼” forced sewer lateral line from the point at which it connects to the Grantee’s sewer main line.

AGREEMENT

1. The Property to Be Bound. Grantor’s agreement to pay for certain expenses, and maintain, repair, and replace certain infrastructure, as set forth in Section 2, which shall be binding upon and run with the following described tract of land in Kane County, State of UTAH (“Property”):

ALL OF LOT TWO (2), FOX SUBDIVISION PARCEL K-5-3, according to the Official Plat thereof, on file in the Office of the Recorder of Kane County, State of Utah.

[The Property commonly identified as parcel/tax I.D. K-336-2 in the records of the Kane County Recorder, and also known as 176 West 300 South, Kanab, Utah.]

2. Duty to Pay Development Expenses, Maintenance, Replacement. Upon the conditions outlined below, the Grantor shall be responsible for paying the cost of connecting to the Grantee's sewer system, including, but not limited to the cost of parts, supplies, and labor to install a 1 ¼" forced sewer lateral line from Grantee's main line to a sewer pump (or "pump grinder"), subject to the Grantee's adopted fee schedule. The Grantor shall be responsible for purchasing and installing a sewer pump, subject to the inspection and approval of the Grantee's Public Works Director. Thereafter, the Grantor shall bear the expense and responsibility to maintain, repair, and replace, if or when necessary, the sewer pump and the sewer lateral line from the sewer main line out. Upon installation, inspection, and acceptance, the installed sewer apparatus shall become the property of the Grantee; however, the transfer of ownership shall not relieve the Grantee of the duty to maintain and replace all or portions of the sewer apparatus, or paying the costs for the same.

3. Grant of Easement. Grantor does hereby grant and convey to Grantee, and Grantee's employees, contractors, subcontractors, their agents and representatives, and their successors and assigns, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, a permanent public utility easement ("Easement"), for the purpose described herein, over the Property, as described herein. The Easement shall include (collectively the "Easement Property"):

(1) the full width and length of the "staff" portion of the Property, the Property being a flag lot under the Kanab City ordinances; and

(2) a fifteen-foot (15') wide public utility easement following the path of any public infrastructure installed or anticipated to be installed, as contemplated by this Agreement.

- a. The fifteen-foot (15') public utility easement shall be seven and one-half feet (7 ½') on each side of the centerline of the public infrastructure installed/anticipated to be installed.
- b. The Easement Property shall include the right, privilege, and easement to enter in upon Grantor's Property to place, construct, install, operate, repair, maintain, upgrade, relocate, inspect, monitor and replace thereon and under the surface thereof and in or upon all driveways, paths, and landscaped/un-landscaped areas abutting the Easement Property, necessary public infrastructure, as may now or hereafter be necessary or convenient for the operation of any public utility system, in accordance with federal, state, and local law (collectively, the "Facilities").
- c. The Facilities erected within the Easement Property, including but not limited to the sewer apparatus, shall remain the personal property of the

Grantee. Grantee shall have the right to inspect, maintain, rebuild, remove, repair, improve, and make changes, alterations, substitutions, and additions in and to the Facilities as it may from time to time deem advisable, including the right to increase or decrease the number and size of the installed Public Infrastructure.

- d. The Grantee shall at all times have the right to keep the Easement Property clear of buildings, structures, or other obstructions, trees, shrubbery, undergrowth, and roots. The Grantor expressly authorizes the Grantee to clear the Easement Property to the minimum extent necessary to inspect, maintain, repair, or replace any Public Infrastructure within the Easement Property.
- e. The Grantor may use the Easement Property for any purpose not inconsistent with the rights hereby granted, provided such use does not interfere with or endanger the construction, operation, and maintenance of the Facilities.
- f. The Grantor shall indemnify and hold harmless the Grantee from intentional damage to the grade of the soil, which may result from the construction, operation, and maintenance of the Facilities on Grantor's Property, except damage caused by the negligence of Grantee. Any damage to structures, plantings, or landscaping during the construction, operation, and maintenance of the Facilities shall be the responsibility of the Grantor, if the damaged structure or plantings are within the Easement Property. The Grantor shall be responsible for maintenance of the Easement Property, including mowing, maintaining the level of grade of the ground and any repairs necessary due to nature.
- g. Grantor covenants that it is the owner of the property herein identified as Grantor's Property and without a lien or lender for which written consent would be required.
- h. The Easement, rights and interest granted herein shall constitute covenants running with the land, and shall burden Grantor's Property as the servient estate, and shall be binding upon Grantor, its successors, assigns, and any person acquiring, leasing or otherwise owning an interest in the Easement Property.

4. Default. Failure by a Party to perform any of the Party's obligations under this Agreement within a thirty (30) day period (the "Cure Period"), after written notice thereof from the other Party has been provided, shall constitute a default ("Default") by such failing Party under this Agreement; provided, however, that if the failure cannot reasonably be cured within thirty (30) days, the Cure Period shall be extended for the time period reasonably required to cure such failure so long as the failing Party commences its

efforts to cure within the initial thirty (30) day period and thereafter diligently proceeds to complete the cure. Said written notice of default shall specify the nature of the alleged Default and the manner in which said Default may be satisfactorily cured, if possible.

5. Remedies. If the Default is cured, then no Default shall exist and the noticing Party shall take no further action. Upon the occurrence of an uncured Default under this Agreement, the non-defaulting Party may exercise the following rights:

- a. The City: (i) may withhold approval of any or all building permit(s) or certificate(s) of occupancy applied for by Owners, but not yet issued; and (ii) shall be under no obligation to approve or to issue any additional building permit(s) or certificate(s) of occupancy for any building until the breach has been corrected by the Owner.
- b. The Parties to this Agreement recognize that the City has the right to enforce its ordinances and the terms of this Agreement, and any amendment thereto, by seeking an injunction to compel compliance. In the event the Owners violate the ordinances of the City or violate the terms of this Agreement, or any amendment thereto, the City may, without declaring a Default hereunder or electing to seek an injunction, and after thirty (30) days written notice to correct the violation (or such longer period as may be established in the discretion of the City or a court of competent jurisdiction if the Owners has used its reasonable best efforts to cure such violation within such thirty (30) days and is continuing to use its reasonable best efforts to cure such violation), take such actions as shall be deemed appropriate under law until such conditions have been rectified by the Owners.
- c. Any assertions of breach or default asserted by the Owners against City shall first be handled as a Land Use Appeal and addressed in accordance with the administrative appeal process outlined in Utah Code, Title 10, Part 7, and the Kanab City Land Use Ordinance, Chapter 3, and other applicable provisions of the Kanab City ordinances. All administrative processes and remedies must be exhausted prior to seeking judicial review of an appeal authority's final decision, but which final decision is thereafter subject to review by a court of competent jurisdiction.

6. Grantee's Additional Remedies. When the Grantee asserts that the Grantor is in default, and the default remains after the Cure Period, the Grantee shall have the additional following remedies:

- a. *Enforcement of Security.* The Grantee shall have the right to draw on any security posted or provided in connection with the improvements to the Property, relating to remedying the particular default, consistent with the Grantor's warranty under Kanab City ordinances or any public improvement agreement regarding such improvements.

- b. *Claim Reimbursement – Public Infrastructure.* The Grantee shall have the right to demand repair or replacement of failed Public Infrastructure/System Improvements or for reimbursement from the Grantor for costs of remedying a particular failure or default relating to the Public Infrastructure/System Improvements, in excess of any security posted or provided, if any.
- c. *Withholding Further Development Approvals.* The Grantee shall have the right to withhold all further reviews, approvals, licenses, building permits, certificates of occupancy, and/or other permits for the development of the Property.

7. No Monetary Damages. The Parties acknowledge that City would not have entered into this Agreement, nor any amendment thereto, had it been exposed to monetary damage claims from the Owners, or their successors, or assigns, for any breach thereof except as set forth herein. As such, the Parties agree that specific performance, as may be determined through the Kanab City land use administrative appeals process (the final decision of which is subject to review by a court of competent jurisdiction) is the only intended remedy for any breach of this Agreement. Accordingly, the Parties waive all other remedies in law or equity, including monetary damages (e.g., actual, future, and speculative damages, including economic, special, punitive, or other monetary damages).

- a. In the event of a dispute over or relating to the terms of this Agreement, or any amendment thereto, or any Party's performance under the same, the Parties in any action or proceeding brought in connection with such dispute or the enforcement of this Agreement and any amendment thereto shall cover their or its own costs, including reasonable attorney fees, whether incurred in litigation or otherwise.
- b. In the event that a dispute over or relating to the terms of this Agreement or any amendment thereto are resolved short of a final contested decision by a court of competent jurisdiction, the Parties shall cover their or its own costs, including reasonable attorney fees, whether incurred in litigation or otherwise. The Parties agree that an advisory opinion rendered by a representative of the Utah Property Rights Ombudsman, while potentially helpful in reaching a resolution to a dispute between the Parties, shall not be considered grounds for awarding attorney fees.

8. Governmental Immunity. The City is a governmental entity under the Governmental Immunity Act of Utah, Utah Code §§ 63G-7-101 et seq. (the "Immunity Act"). The City does not waive any defenses or limits of liability available under the Immunity Act and other applicable law. The City maintains all privileges, immunities, and other rights granted by the Immunity Act and all other applicable laws. Nothing in the Development Agreement or any amendment thereto should be interpreted as a waiver of the City's privileges, immunities, and other rights granted by the Immunity Act and all other applicable laws.

9. The Owners shall provide improvement completion assurances and improvement warranties for public infrastructure improvements authorized in Utah Code, Title 10, Chapter 9a, and as outlined and required in Kanab City ordinances.

10. Binding on the Property. This Agreement shall be recorded against the Grantor's property thereby putting future prospective purchasers on notice as to the terms and provisions contained herein. The obligations contained within this Agreement shall run with the Property, binding all successors, heirs, and assigns of the Property.

11. No Third-Party Beneficiary. This Agreement is made for the sole protection and benefit of the Grantor and the Grantee and their assigns. No other person shall have any right of action based upon any provision of this Agreement whether as third-party beneficiary or otherwise. It is specifically understood by the Parties that: (i) all rights of action and enforcement of the terms and conditions of the Development Agreement shall be reserved to the Owners and the City, and their assigns; (ii) the development of the Property is a private development; (iii) the City has no interest in or responsibilities for or duty to third parties concerning any improvements to the Property; and (iv) the Owners shall have the full power and exclusive control of the Property, subject to the obligations of the Owner as set forth in this Agreement.

12. Notices. All notices and communications required by or pertaining to the Development Agreement shall be sent to the Parties at the following addresses:

Kanab City
Attn: City Manager
26 North 100 East
Kanab, Utah 84741

Matthew A. Alldredge
Vanessa I. Alldredge
176 West 300 South
Kanab, Utah 84741

13. Counterparts. This Agreement may be executed in any number of duplicate originals or counterparts, each of which when so executed shall constitute in the aggregate but one and the same document.

14. Waiver. No waiver of any of the provisions of this Agreement shall operate as a waiver of any other provision regardless of any similarity that may exist between such provisions nor shall a waiver in one instance operate as a waiver in any future event. No waiver shall be binding on Grantee or the Grantor, unless executed in writing by the waiving party.

15. Reasonableness. Except as otherwise stated to the contrary in this Agreement, when the consent, approval, or agreement of Grantor and/or the Grantee is

required or contemplated under this Agreement, such consent, approval, or agreement shall not be unreasonably withheld, conditioned, or delayed; provided, this provision shall not bind the Grantee with respect to its legislative actions.

16. Time of the Essence. Time shall be of the essence with respect to the duties imposed on the parties under the Development Agreement, and any amendment thereto. Unless a time limit is specified for the performance of such duties each party shall commence and perform its duties in a diligent manner in order to complete the same as soon as reasonably practicable.

17. Hold Harmless. The Owners and the City agree to and shall hold City, its officers, agents, employees, consultants, special counsel, and representatives harmless from liability for damages, just compensation, restitution, or judicial or equitable relief that may arise from or are related to any activity connected with the development of the Property, including approval of the development activity, this Agreement, and any amendment thereto; the direct or indirect operations of the Owners or their contractors, subcontractors, agents, employees or other persons acting on its behalf which relates to the development of the Property; or which arises out of claims for personal injury, including health, and claims for property damage.

- a. The hold harmless agreement of Owners, their successors, heirs, and assigns, shall not be applicable to any claim arising by reason of the willful acts or intentional tort actions of the City or relative to any directly related breach by the City of its obligations under this Agreement.
- b. City shall give written notice of any claim, demand, action, or proceeding which is the subject of the Owners' hold harmless agreement as soon as practicable but not later than thirty (30) days after the assertion or commencement of the claim, demand, action, or proceeding. If any such notice is given, the Owners shall be entitled to participate in the defense of such claim. Each party agrees to cooperate with the other in the defense of any claim and to minimize duplicative costs and expenses.

18. Applicability of State Law and Kanab City Ordinances.

- a. This Agreement and any amendment thereto shall be governed by the laws in the State of Utah.
- b. All provisions of State Law and the City ordinances shall be applicable to the development of the Property, except to the extent this Agreement or any amendment thereto is more restrictive than State Law or modifies provisions of City ordinances.
- c. This Agreement and any amendment thereto does not exempt nor override any procedure, process, necessary approvals, design standards, provision of applicable State law, building code, fire code, or Kanab City ordinance (e.g.,

General, Land Use, and Subdivision) except where specifically outlined, and as permitted by law.

- d. The Owners shall be entitled to application of the relevant local ordinances, laws, and fees in effect at the time a complete application is submitted, except as outlined or restricted herein.
- e. The Owners shall submit the necessary application(s) with requisite supporting documentation and plans, preliminary and final if required, for administrative consideration and approval. For administrative applications, the City shall approve such application(s), site plan(s), plat(s), etc., if such items meet the standards and requirements outlined in applicable State Law and local ordinances, or as provided in this Agreement.
- f. The Parties agree, intend, and understand that the obligations imposed by this Agreement and any amendments thereto are only such as are consistent with state and federal law. The Parties further agree that if any provision of the Development Agreement, or any amendments thereto, becomes, in its performance, inconsistent with state or federal law or is declared invalid, the Development Agreement and any amendment thereto shall be deemed amended to the extent necessary to make it consistent with state or federal law, as the case may be, and the balance of this Agreement shall remain in full force and effect. If the City's approval of the development of the Property is held entirely invalid by a court of competent jurisdiction, this Agreement shall be null and void.

19. Reserved Legislative Powers. Nothing in this Agreement or any amendment thereto shall limit the future exercise of the police powers of the City in enacting zoning, subdivision, development, growth management, platting, environmental, open space, transportation, and other land use plans, policies, ordinances, and regulations after the date of this Agreement. This Agreement and any amendment thereto are not intended to bind a future governing body of the City to a specific legislative decision. Notwithstanding the retained power of the City to enact such legislation under its police power, such legislation shall not modify the Owners' rights as set forth within this Agreement or any amendment thereto, unless facts and circumstances are present that meet the compelling, countervailing public interest exception to the vested rights doctrine as set forth in *Western Land Equities, Inc., v. City of Logan*, 617 P.2d 388 (Utah, 1988), or successor case law or statute. Any such proposed change affecting the Owners' rights shall be of general application to all development activity in the City. Unless the City declares an emergency, the Owners shall be entitled to prior written notice and an opportunity to be heard with respect to the proposed change and its applicability to the Property.

20. Incorporation of Recitals. The foregoing recitals are true and correct and hereby incorporated by reference as part of this Agreement.

21. The Parties each warrant and acknowledge that (i) they have read and understood the terms of this Agreement; (ii) they have had the opportunity to retain legal counsel of their choice throughout the negotiations that preceded the signing of this Agreement; and (iii) they have entered into this Agreement for reasons of their own and not based upon representations of any other party hereto.

22. The Owners' Acknowledgment.

- a. The Owners acknowledge that they have been sufficiently advised orally and in writing by the City (including by way of this Agreement) of any and all rights “under clearly established state law” to which the Owners are entitled but conceding and giving up by way of entering into the Development Agreement, and will therefore be estopped from a future related claim, including claims brought under Utah Code § 10-9a-532(2)(c) (i.e., claim of undisclosed or unknown right forfeited through this Agreement). [If a term of this Agreement could be interpreted or construed to abridge the rights of the Owners or seen in a light less favorable to the Owners, it should be considered as notice of a possible if not an outright concession or abridgment of the Owners’ “clearly established” statutory right(s).]
- b. Owners further acknowledge that this Agreement is not a condition for the development of the Property but has been requested by the Owners for the purpose of acquiring sewer services to the Property, this Agreement being a requirement due to the unique circumstances of the Property. Owners acknowledge there are other avenues for developing the Property without entering into this Agreement.

23. Entire Agreement. This Agreement represents the entire agreement of the Parties. All other agreements regarding the subject matter addressed herein are merged into this Agreement, which cannot be modified except by written consent of all Parties.

DATE: January 23, 2024
TO: Mayor and City Council
SUBJECT: Cemetery Policies
PREPARED BY: City Manager, Kyler Ludwig

Background:

In FY2022 the Kanab Cemetery adjusted boundaries and had a plan for expansion engineered. The Plan includes over 1,000 new cemetery plots on the west side of the Kanab Cemetery. The cost estimated for this project is approximately \$900,000 (fence, grading/excavation, irrigation, and new road).

On August 18, 2023 the Council discussed options to extend the life of our current cemetery by creating policies on double-deep burials and the number of cremains allowed within a plot. The consensus of the council was for staff to bring back a draft policy

	Right to Burial Sold	Burials
2023	33	56
2022	37	42
2021	52	44
2020	29	42
2019	16	49

Analysis:

Double Deep Burials – Allow residents to buy one plot that could be used for two individuals. The first casket is buried 7-8 feet with the second set above the first. The current policies limit one individual per plot.

Cremation– Cremation is building in popularity, and updating the City's policies currently only allow one creation per grave. The proposed ordinance would allow multiple cremains on each plot (up to 4 per grave).

Grave Markers- The policies currently don't allow footstones in the cemetery. The staff proposed policy would allow for flat foot markers on graves.

– A Western Classic –

The proposed policy also addresses the transfer of graves following an individual's death.

Commented [JS1]: This is dictated by state code 10-8-2

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

- (a) Before the City may dispose of a significant parcel of real property, the City shall:
 - i) provide reasonable notice of the proposed disposition at least 14 days before the opportunity for public comment; and
 - ii) allow an opportunity for public comment on the proposed disposition.
- (b) "Significant parcel of real property" means any land and anything growing on, attached to, or erected on it, excluding anything that may be severed without injury to the land, owned by the City.
- (c) "Reasonable notice" means publishing notice of a public hearing, along with a general description of the significant parcel of real property being disposed of, in a newspaper of local circulation fourteen (14) days prior to the public hearing concerning the disposition.
- (d) The City Council shall take whatever steps are necessary to ensure, to the best of its ability, that the City obtains fair market value for any significant parcel of real property disposed of by the City.

Section 8-110 Control of Municipal Property

Section 8-111 Unlawful use

Unless authorized by permit or other written authorization issued by the municipality or unless authority is granted by provisions of this code or other ordinance of the municipality now or hereafter enacted, it shall be a class B misdemeanor for any person to:

- A.** Construct, lay, excavate, erect, operate or maintain over, under, across, in or through any property owned or controlled by this municipality any utility, canal, ditch, construction or building.

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

- B.** Enter upon any property of this municipality contrary to posting or marking restricting or prohibiting use of the area.
- C.** Intentionally use or perform acts upon property of the municipality which materially impairs, alters, or damages the property.

Commented [JS2]: Too vague.

Section 8-113 Franchise

- A.** The governing body may grant to any person a franchise or easement on such terms and conditions as it deems reasonable, for the purpose of entering upon, constructing, building, operating and maintaining any business or for other use of the property of this municipality, and the provisions of sections 8-111 shall not apply to the extent such provisions are waived, qualified or made inapplicable to the rights or privileges granted in the franchise ordinance or easement.
- B.** Any franchise or easement granted by this municipality shall be in writing and any franchise or easement not in writing shall be void.

Section 8-114 Acts Exempted

It shall not be a violation of this part where any person uses the public property of this municipality in the manner or for the purpose or purposes for which such property has been made available for public use.

Section 8-115 City Parks

- A.** The Kanab City Park shall be closed to the public at 11:00 p.m. daily. The City Park will be open to the public at 6:00 a.m. each day of the week.
- B.** It shall be unlawful for any person to be in the City Park or any vehicle to be parked in the City Park or on the street adjacent to the City Park, between the hours of 11:00 p.m. and 6:00 a.m. daily, except as provided in this ordinance.

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

C. The chief of police may issue permits allowing individuals to remain in the City Park past the 11:00 p.m. closing hour. Such permit shall also allow such individuals to park their vehicles in the City Park or on adjacent streets. This procedure is given to allow the law enforcement officials adequate notice to provide their services to patrons using the City Park during the late night hours.

D. The City Park shall be considered as that portion of the City of Kanab lying within the following described boundaries: from the corner of Main Street and 405 North, east to 100 East, then north to the Squaw Trail Street and then south to the point of beginning.

E. Any violation of this section shall be punished as an infraction.

Section 8-116 City Park Reservation

A. Any individual, group, or other organization may reserve the resources of the City Park for the use and enjoyment of their group or organization, for a period of time not exceeding 5 hours.

B. Any adult representative of the group or other organization desiring to reserve the City Park may do so by filling out a reservation application as provided by the City Office, and by paying any fee as indicated in the City's adopted fee schedule.

C. The City Clerk shall maintain a reservation calendar for the City Park and will approve such reservations as are not in conflict with other City Park reservations on a first come basis, and upon the submission of the signed reservation application and fees.

E. The Chief of Police shall have authority to cancel any reservation if he finds the individual or group is in violation of any of the City Ordinances or

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

Section 8-237 Additional Rules and Regulations

- A.** The governing body may promulgate by resolution such additional rules and regulations concerning the care, use, operation, and maintenance of the cemetery as it shall deem necessary.
- B.** The mayor may from time to time as the governing body deems necessary direct and publish a booklet of rules and regulations for the convenience of the purchasers of lots in the municipal cemetery. Such rules and regulations shall constitute a part of the terms and conditions under which owners and users may utilize the cemetery and shall form a supplement to this ordinance after they have been adopted as official by resolution of the governing body.
- C.** Any changes in the rules and regulations shall be adopted by the governing body before such changes shall be official.

Section 8-240 Fees and Charges

Section 8-241 Collection of Fees

The recorder/clerk, and such other persons as the governing body may designate, are hereby authorized and required to collect in advance prices and fees for the opening and closing of graves or other services which shall include but not be limited to properly disinterring bodies and properly restoring the earth and grounds, recording each burial, disinterment or removal, and raised monument privileges. The fees shall be such amount as are determined by the governing body from time to time by resolution.

Section 8-260 Perpetual Care

A. No grave shall be hereafter opened in the cemetery of this municipality until perpetual care upon the lot where the grave is to be opened is paid.

Commented [JS3]: The city currently only provides the option to pay up front, due to bookkeeping process.

D. The fee for the annual maintenance and care of cemetery lots shall be that which is set by the City's adopted fee schedule. The fee shall continue to be paid until such time as a further or additional interment shall be made on the lot, at which time the provisions of this subject relating to perpetual care and maintenance and to payment of fees and costs pertaining thereto shall take effect and apply.

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

Section 8-262 Care Included

The essential perpetual care that the municipality agrees to give shall consist of care of the cemetery generally, and shall include, but is not limited to, mowing of all lots and graves at reasonable intervals, resodding, seeding, and filling in sunken graves, sodding the surface of the graves to lot level, removing dead flowers and trimming trees and shrubbery when necessary, raking and cleaning the lots and straightening of tilting stones or markers, but shall not include repairing or replacing markers or memorial structures of any nature, except when the need for repair or replacement is directly caused by the municipality.

Section 8-270 Perpetual Care Fund

Section 8-271 Perpetual Care Fund Created

A. There hereby is established a perpetual care fund according to the laws of the state of Utah and this chapter. All funds received from the sale of perpetual care services shall be placed in a special perpetual care fund, invested in compliance with the laws of the state of Utah and used for the purposes herein provided.

B. The income from the perpetual care fund shall be used to pay the upkeep and development of the cemetery. The municipality may borrow from the fund from time to time, but any funds borrowed shall be repaid to the fund with interest thereon at the prevailing rate paid by the municipality to borrow funds from commercial lenders.

C. If the municipality borrows from the fund, it shall pay into a fund for the operation of the cemeteries the interest accrued upon money annually. Should it be found that the interest returned upon the perpetual care funds shall be more than is required to pay for the operation and upkeep of the municipal cemetery, then the surplus shall be added to the principal amount of the perpetual care fund herein created, and shall be so handled until changed by resolution to provide for the use of such accumulated interest.

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

Section 8-272 Duties of Treasurer

It shall be the duty of the treasurer to keep an accurate record of the perpetual care trust fund account, including investments, to see that the principal portion thereof is properly invested in accordance with resolutions of the governing body and the laws of the state of Utah, and to advise the mayor when funds are available for investment in the amount of \$1,000 or more. The mayor shall advise the governing body of the availability of such funds.

Section 8-273 Duty of Governing body

It shall be the duty of the governing body when funds are available for investment to direct by resolution all purchases of securities for the perpetual care fund or to name a suitable trustee for such investment.

Section 8-274 Income

All income from investments held in the perpetual care fund shall be quarterly credited to the cemetery maintenance fund for use in providing the perpetual care as required herein.

Section 8-280 Non-perpetual Care Lots

Section 8-281 Maintenance Charges on Lots without Perpetual Care

A. Every lot for which perpetual care has not been purchased and with reference to which the owner has established a right to directly provide for maintenance and care, notwithstanding the provisions of section 8-288, shall be maintained and cared for to the extent and in accordance with the standards established by the governing body for care and maintenance of all lots of the cemetery.

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

B. In the event that the owner fails to provide the requisite care and maintenance for non-perpetual care lots, the cemetery sexton shall furnish care and maintenance at rates established by the governing body.

C. All such charges shall become a personal liability of the owner of the lots and, in addition thereto, shall constitute a lien against the lots upon the basis of which the governing body may cause the burial rights therein to be forfeited and said rights to revert to the municipality.

Section 8-282 Reversion of Nonpaying Lots

A. When any owner of any lot or portion of a lot in the cemetery shall have failed to pay the cost of services rendered by the municipality or its employees in watering, beautifying, maintaining or caring for any lots or portions thereof in the municipal cemetery for which perpetual care has not been purchased in accordance with the provisions of this chapter, and such failure to pay has continued for a period of six months, the municipality may pursue collection of such costs in a court of law. A court action may be pursued for the purpose of seeking judgment against the owner and thereafter attaching any of the assets of the owner including an attachment of the lots or portions of lots upon which the owner has failed to make payment for maintenance service.

B. As an additional remedy, or in lieu of seeking collection in a court of law, the municipality may cancel the owner's certificate or deed representing rights to burial on the unoccupied lots or portions of lots and causing ownership of lots or portions thereof to revert back to the municipality by following the procedure set forth in this part.

Section 8-283 Procedure for Termination of Cemetery Lot Rights; Sale of rights to Burial

A. By way of resolution, the municipality may demand that the owner of a lot, site, or portion of a municipal cemetery file with the city recorder notice

KANAB

General Ordinances

Section 8: MUNICIPAL PROPERTY

of any claim to the lot, site, or parcel if it has been unused for burial purposes for more than sixty (60) years.

B. After passing the resolution, the municipality must serve notice on the owner that the owner must, within sixty (60) days after service of the resolution, express interest in maintaining the cemetery lot, site or parcel and submit satisfactory evidence of an intention to use the lot for a burial.

C. Service on the owner must be accomplished by personal service of a copy of the resolution in the same manner as personal service of process in a civil action. If the owner cannot be served personally with a copy of the resolution, then notice shall be published for three (3) successive weeks in a newspaper of general circulation within the county and in accordance with Utah Code 45-1-101 for three weeks a copy of the resolution shall be mailed within fourteen (14) days after the first publication to the owner's last known address, if available.

D. If the owner or person with a legal interest in the cemetery lot fails to state a valid interest within 30 days of the last day of service or publication, the owner's rights are terminated and that portion of the cemetery shall be vested in the municipality.

Commented [JS4]: Changed to comply with Utah Code 8-5-6

E. The owner, grantee, or person claiming through the grantee shall have the right, upon presentation of the certificate of title or right to burial to the municipality, for any lot which has been reverted to the municipality, to one of the following at the option of the municipality:

- (1) Compensation for the lot at the reasonable value of the lot as of the date the certificate is presented to the municipality;
- (2) Receipt of a right to burial in another lot if the right to burial or title to the lot has been sold by the municipality; or

Kanab City Council Staff Report

File Number 20240116

Date:	January 19, 2023
Meeting Date:	January 23, 2024
Agenda Item:	Approve or deny a text amendment on Chapter 4-21 Private Lanes

Attachments:

- **Exhibit A: Proposed Amendment(s)**

Summary:

Staff received a request to petition an amendment to the ordinances regarding the width of the private lanes required for road base. Staff, prior to the petition, had already identified a need to amend the requirement for a Conditional Use Permit. It was on the staff's list of future items for the Planning Commission to review.

A public notice was posted on the city's website and on the State Public Notice site January 5th 2024.

Planning Commission:

Item was discussed at the January 16, 2024 Planning Commission meeting. Staff went through the petition process, explaining the petition request and confirming a consensus that the Planning Commission would like to review the width of private lanes. After confirmation, staff explained that this section of the Land Use ordinance had already been flagged to come before the Planning Commission regarding the Conditional Use Permit. With the petition staff bumped the item up on the "to do" list. Staff explained the petitioners' requests and amendments and then went over the amendments staff were recommending after their review.

The Planning Commission discussed the amendments at length, the main concerns were the enforcement amendments, the orientation of a residence to the private lane and the width. Comments were updated to exhibit A on the results of the discussion and amendments from the Planning Commission.

The Planning Commission sent a unanimous positive recommendation to the City Council to adopt changes to City code identified in exhibit A of the staff report.

Chapter 04 – Supplementary Regulations

Section 4-21 Private Lanes - Special Provisions

A. Because it may be in the interest of Kanab City to allow certain residential development without frontage upon public streets and only on a private lane, such approvals may be granted by ~~a conditional use permit recommended by the Planning Commission and approved by the City Council~~^{City Council after the Planning Commission recommendation}, upon satisfaction of the following conditions:

1. A scale drawing of the proposed private lane and lot shall be submitted in support of an application for approval, together with all other documents required and an agreement to abide by all provisions of this ordinance. The lot shall meet all size and setback requirements of the zone in which the lot is located.
2. A determination shall be made as to the future width of ~~a dedicated street that may be needed to serve the lot(s)~~, based upon the City Master Plan of streets. If the proposed private lane is not identified as a major or collector street, it shall ~~be improved with a minimum of road base and the improved portion be at least eighteen (18)sixteen (16) feet wide~~^{be considered to be a future local street}. ~~The private lane must meet all requirements of such a class of street, including width. The full length of the private lane is required to be paved if servicing more than three (3) residences.~~
3. The applicant for the ~~Conditional Use Permit~~^{Private Lane} shall record a written agreement to dedicate the private lane at such time as the City shall require dedication. ~~In addition to the dedication of the private lane, the recorded agreement including an exhibit of the scale drawing of the private lane and easement shall include and the property owner's/owners' agreement to dedicate "any additional width required under the City's ordinances for the type of street for which the City is requesting the private lane to be dedicated."~~ The agreement shall be signed by all individuals owning any ~~interest in~~ the private lane, ~~with a recorded copy being provided to the City.~~
4. ~~An public utility and access easement shall be recorded, which includes the full length of the private lane and the full width of the private lane plus the width necessary to meet the class of street as identified in the City's Master Plan. If the private lane is not identified on the City Master Plan, then the easement shall encompass the private lane, plus the width necessary to meet the width requirement for a local street. The easement shall across the private lane between the subject property and the public street or right of way providing provide~~ for installation and maintenance of utility lines and services, emergency vehicle access, ~~and~~ access of City or public personnel or vehicles as may be required in order to carry out the responsibilities of the City and other governmental entities, ~~and access for the potential construction and dedication of an anticipated public street.~~ A recorded copy of the easement shall be provided to the City.

Commented [KC1]: Kanab City Staff is recommending removing the requirement of a Conditional Use Permit. A private lane isn't a "use". The requirement for residential developments to have street frontage is addressed in other sections of the Land Use ordinance and in the Subdivision ordinance. A Private Lane was an avenue for small developers or local residents to meet the street frontage requirement for small or individual developments, such as, minor subdivisions and parcels that may be land locked.

Commented [KB2R1]: Removed City Council as the ultimate decisionmaker, to be consistent with State law requirements that will be implemented into the subdivision ordinance later this year (eliminating the City Council from the administrative decision process for residential development; the Council's impact and control is through the establishment/modification of the ordinance--a legislative decision).

Commented [KC3]: Amendment recommended by Petitioner.

Kanab City Staff recommends that part of this information remain. The reason for this is if the proposed private lane is not identified as a major or collector street the right-of-way/easement of the proposed lane should still meet a width requirements as determined in our Design Standards for streets. This will ensure that the determination as to the future width of a dedicated street meet our City Standards and #3 if the private lane becomes a dedicated street at a future date.

After speaking with the Kanab City Fire Chief about the potential of having more than one residence accessed by a private lane, he recommends that the private lane is wider in front of the residence and any required fire hydrant down the lane. This recommendation is to allow set up of the emergency equipment and also still allow other emergency vehicles or private vehicles to pass by. He recommends at least a 26 foot width for 100 feet in front of the residence and hydrant, but the private lane can reduce in size to 18' at any other point along the private lane.

... [1]

Commented [KC4]: Planning Commission recommends 16' with out the widening in front of hydrants or residence

Commented [KB5]: Added this phrase to avoid confusion about whether you could just pave the private lane from the third residence to the fourth or fifth residence, and thereby leave the length of the private lane between the first through third residences unpaved (that portion will receive traffic from all five residences—it needs to be paved, under the logic used for paving at all).

Commented [KC6]: Remove the requirement for a Conditional Use Permit as discussed above.

Commented [KB7]: With the narrowing of the private lane requirement, we will need this phrase included in the recorded private lane agreement (agreement to dedicate) in order to avoid a non-conforming street or the necessity for the City to go through and eminent domain process. I would not recommend that the City narrow the private lane below what is required for a potential...

... [2]

Commented [KB8]: If where the private lane will be located is not on the City's Master Plan, and is never anticipated to be a City dedicated street (e.g., if the geography/topography would make it impossible to be a through street), then perhaps the recorded easement could be as narrow as a rural road, instead of a loca

Land Use Ordinance

Chapter 04 – Supplementary Regulations

5. The private lane shall be improved with a road base or better surface across such width as the City may, from time to time, determine outlined herein. The driving surface shall be well maintained, and it shall be readily passable by a standard passenger car and emergency vehicles, in relation to its width, smoothness, and compaction.
6. Utility lines shall be extended at the cost of the applicant from the public street to the subject dwelling at such size as may be required by the City to serve the applicant or future development in the area. Upon installation and acceptance, the lines on the City side of the meter shall become the property of the City. The City will then assume responsibility for the upkeep and maintenance of the line. No reimbursement contracts will be issued by the City to the property owner for any future connections to any required utility line that may be installed as a part of a conditional use permit the private lane approval approval.
7. Water meters shall be located at the future property line in front of the dwelling. Other meters, such as electricity, shall be located as required by the City.
8. All dwellings shall be no further than two hundred and fifty (250) feet from an approved fire hydrant. If installation of a hydrant is necessary, it shall be done at the expense of the applicant. Dwellings shall be oriented to face the private lane as if the private lane were a dedicated public street.
9. A letter of consent and non-opposition to any future improvement district initiated by the City shall be recorded against the land and shall run with the land. The City, at its option, may initiate a special improvement district for the improvement of any private lane approved for use under these conditions.
- 9-10. If the paved or required improved surface of a private lane is less than twenty-six (26) feet in width, then there shall be no parking or storage of vehicles, trailers, or equipment on a private lane, except for emergency vehicles. A violation of this ordinance shall be considered an infraction. The recommended fine for a first offense shall be \$150.00 per offense. The recommended fine for a second or subsequent offense shall be \$300 per offense. [These recommended fines may be subsequently adjusted by the Kanab City Fee Schedule.]
- B. In the event any private lane is proposed to serve more than one lot, an agreement executed by all holding an interest in the lots shall be recorded providing that each owner shall contribute his pro-rata share of the cost of maintenance and improvement of the private lane, which obligation shall be secured by a lien on the lots. A private lane shall only service up to three-five (53) lots. This agreement shall be enforceable by one or more property owners against one or more of the other property owners, or may be enforced by the City at the City's sole discretion. A recorded copy of the agreement shall be provided to the City.

Commented [KB9]: There may be a better way to phrase this.

Commented [KC10]: Planning Commission recommends to not add this amendment.

Commented [KC11R10]: Staff explained to Planning Commission with out some standards what is considered "readily passable" this is difficult to enforce.

Commented [KB12]: This will help us avoid issues in the future of non-conforming orientation of a residence, which has the potential to cause other complications.

Commented [KC13]: Planning Commission recommends to strike this from this section.

Commented [KC14R13]: Staff explained to Planning Commission that the orientation of a residence is outlined in other areas of the ordinance and can still be enforced.

Commented [KC15]: Two Planning Commission recommends prior to the fine written notice for voluntary compliance is done (similar to Nuisance Ordinance) with a 30 day timeline. Three Planning Commission would like to see it eliminated.

Commented [KC16R15]: Staff did explain to Planning Commission that the parking of vehicles on a Private Lane can still be enforced under the nuisance ordinance. When done under the nuisance ordinance it would be criminal offense of a Class B or Class C misdemeanor. This recommendation was to lessen the offense to just a fine.

Amendment recommended by Petitioner.

Kanab City Staff recommends that part of this information remain. The reason for this is if the proposed private lane is not identified as a major or collector street the right-of-way/easement of the proposed lane should still meet a width requirements as determined in our Design Standards for streets. This will ensure that the determination as to the future width of a dedicated street meet our City Standards and #3 if the private lane becomes a dedicated street at a future date.

After speaking with the Kanab City Fire Chief about the potential of having more than one residence accessed by a private lane, he recommends that the private lane is wider in front of the residence and any required fir hydrant down the lane. This recommendation is to allow set up of the emergency equipment and also still allow other emergency vehicles or private vehicles to pass by. He recommends at least a 26 foot width for 100 feet in front of the residence and hyrant, but the private lane can reduce in size to 18' at any other point along the private lane.

Kanab city also recommends a minimum thickness requirement for the road base, i.e. 6 inches of road base.

There is a conflict in the Subdivision ordinance and Chapter 4-21 regarding the number of residences that can be accessed with a private lane. Some of the amendments address this conflict.

With the narrowing of the private lane requirement, we will need this phrase included in the recorded private lane agreement (agreement to dedicate) in order to avoid a non-conforming street or the necessity for the City to go through and eminent domain process. I would not recommend that the City narrow the private lane below what is required for a potential future anticipated street, UNLESS they include this phrase here—we don't want to set the City up for having to go through an eminent domain process any time the City wants to convert a private lane to a dedicated public street. That would likely result in private lanes almost never being converted to dedicated public streets, even with an appropriate need, due to the cost and process of eminent domain.

If where the private lane will be located is not on the City's Master Plan, and is never anticipated to be a City dedicated street (e.g., if the geography/topography would make it impossible to be a through street), then perhaps the recorded easement could be as narrow as a rural road, instead of a local road. This language could be added/modified, if desired by the Planning Commission or City Council.

ORDINANCE NO. 1-x-24 O
AN ORDINANCE AMENDING KANAB CITY LAND USE ORDINANCE
Land Use Ordinance – Chapter 4 – Supplementary Regulations

WHEREAS, the Kanab City Planning Commission and City staff have evaluated Chapter 4 – Supplementary Regulations of the current Land Use Ordinance;

WHEREAS, the Planning Commission has found a need for clarification, modification, and certain additions to Chapter 4 of the Land Use Ordinance;

WHEREAS, the Kanab City Planning Commission held a public hearing on January 16, 2024, reviewed, discussed, and then recommended to the Kanab City Council changes to the Land Use Ordinance, Chapter 4, Supplementary Regulations; and

WHEREAS, the Kanab City Council met during its regularly scheduled meeting on January 23, 2024, to consider, among other things, amending the Kanab City Land Use Ordinance, Chapter 4, Supplementary Regulations.

NOW, THEREFORE, BE IT ORDAINED by the Kanab City Council that the Kanab City Land Use Ordinance is hereby amended as reflected in the ____page(s) attached hereto.

All former ordinances or parts thereof conflicting or inconsistent with the provisions of this Ordinance or of the Code hereby adopted are hereby repealed. The provisions of this Ordinance shall be severable, and, if any provision thereof or any application of such provision is held invalid, it shall not affect any other provisions of this code or the application in a different circumstance.

This ordinance shall be effective upon the required posting.

KANAB

— UTAH —

DATE: January 23
TO: Mayor and City Council
SUBJECT: SCB's Purchase
PREPARED BY: Kanab Fire

Background:

In 2015, Chief Decker approached the City Council for the purchase of SCBAs and agreed to exhaust all other options including grants, receiving used packs from other departments, and repairing our current packs to the point where they can no longer be repaired before asking the tax payers of Kanab to come up with the funds to purchase new packs. In the last 9 years, we have exhausted every option and spent many hours attempting to make due with our SCBAs, including writing for grants we were not awarded and repairing packs that were near expiration with the help of the pack manufacturer. We were fortunate enough to receive surplus packs donated from Layton Fire Department that were still within their expiration dates so that we could continue to perform our jobs safely. The current self-contained breathing apparatus (SCBA) tanks that Kanab Fire have in use were manufactured in 2007 and have a 15-year expiration date

Analysis:

Firefighters are assigned a mask and are required to be fit tested annually to ensure the mask can still seal and function properly. Our current SCBA tanks are 4500 psi, made of a composite material, and are hydro-tested every 3 years. The manufacturer has stated that it is not safe to hydro-test bottles more than 15 years old, and therefore we are no longer able to ensure that our packs are safe to use. In the event of an emergency on a fire scene, we have a Rapid Intervention Team (RIT). This team has the tools necessary to free a trapped firefighter as well as provide a secondary air source, known as the RIT pack. In total we are asking for 20 packs, 40 bottles, 30 masks, and a RIT pack.

Legal:

N/A

— A Western Classic —

Financial: Cost to replace all the current SCBA's approximately \$186.

Recommendations/Actions:

It is recommended that the City Council approve the purchase of SCBA packs, tanks, masks, and a RIT pack. The bids to replace the 20 pack, 30 masks, totaling \$181,872.

Open and Public Meetings Act

Utah Code, Title 52, Chapter 4

1

Public Policy - §52-4-102

- Public bodies exist to aid in the conduct of the people's business.
- Their actions and deliberations should be taken and conducted openly.

2

Definitions § 52-4-103(6)

- “Meeting” means the convening of a **public body**, with a **quorum** present, whether in person or by means of electronic communications, for the purpose of discussing, receiving comments from the public about, or acting upon a matter over which the public body has jurisdiction or advisory power.
- Includes a workshop or executive session of a public body.
- Does not mean a chance or meeting.

3

Definitions § 52-4-103(9)

“Public body” means any administrative, advisory, executive, or legislative body of the state or its subdivisions that:

1. is created by the Utah Constitution, a statute, rule, ordinance, or resolution;
2. consists of two or more persons;
3. expends, disburses or is supported in whole or part by tax revenue; and
4. is vested with the authority to make decisions regarding the public’s business.

4

General Rule § 52-4-201(1)

Every meeting is open to the public unless closed under Sections 52-4-204, 52-4-205, and 52-4-206.

General Ordinance 3-110

- Council shall hold 2 regular meetings each month, on the 2nd and 4th Tuesday, at 6:30 p.m.
- Regular meeting schedule may be changed by resolution.
- One meeting per month may be cancelled or rescheduled, if the Council will meet or has met one other time during the month.
- Special Meeting: A special meeting, outside the regular scheduled meetings, may be called by the mayor or any 2 Council members.
 - At least 3 hours' notice must be given and served upon each member.
 - Personal appearance at the special meeting constitutes a waiver of the notice requirement.

8

Agenda Requirements

§ 52-4-202(6)

- A public notice that is required to include an agenda must be specific enough to notify the public as to the topics to be considered at a meeting.
- Except for emergency meetings, a public body may not consider a topic that is not listed under a properly noticed agenda.
- A topic not included on an agenda, raised by the public, during an open meeting may be discussed but no final action may be taken at that meeting.

9

Minutes and Recordings of Open Meetings

§52-4-203

- Except for site visits and traveling tours, written minutes and recordings must be kept of all open meetings.
- Pending minutes and recordings are public records, but approved minutes are the official record of action taken.
- Anyone in attendance can make their own recording unless it interferes with the conduct of the meeting.

10

Minutes and Recordings of Open Meetings

§ 52-4-203(2)

Written Minutes shall include:

- Date, time, and location of meeting
- Names of members present and absent

§ 52-4-206(1) & (2)

- A recording of the closed meeting is required, except where a sworn statement is allowed.
- Written minutes may be kept but are not required.
- Recordings must be a complete and unedited record from commencement through adjournment of the closed meeting.

17

Electronic Meetings

§ 52-4-207(2)

A public body may not hold an electronic meeting unless it has adopted a resolution, rule, or ordinance governing the use of electronic meetings.

Kanab has adopted General Ordinance 3-110(E), which provides the following provision for electronic meetings:

- A quorum must be present, with a minimum of 2 council members being present at an anchor location, where the public may attend
- Council members attending electronically must inform the City Recorder of the method intended to be used at least 48-hours prior to the meeting.
- Public participation is limited to the anchor location (i.e., they cannot participate by electronic means).
- Electronic meetings may be prohibited or limited based on budget, public policy, or logistical circumstances.

18

Electronic Meetings

§ 52-4-207(3)

A public body convening or conducting an electronic meeting must:

- Give public notice of the meeting;
- Post written notice at the anchor location(s);
- Provide at least 24-hour notice to the public body, including how members will be connected, so members may participate in and be counted as present for all purposes;
- Provide space and facilities at an anchor location for members of the public to attend the open portions of the meeting, UNLESS health or safety grounds established.

19

Disruptive Behavior at a Meeting

§ 52-4-301

- A public body may remove any person who willfully disrupts a meeting to the extent that orderly conduct is seriously compromised.
- Such a removal does not constitute closing the meeting.
- City Council may expel a council member or member of the public, or fine a council member, for disorderly conduct on a 2/3rds vote.

[G.O. 3-607 and 3-608]

20

Voiding a Public Meeting § 52-4-302

- Final action in a meeting held in violation of the requirements for open, emergency, and electronic meetings is voidable in court.
- A lawsuit to void any final action must be filed within 90 days after the date of the action.

21

Criminal Penalty for Closed Meeting Violation § 52-4-305

A knowing or intentional violation of the OPMA, or aiding or advising another to violate the closed meeting provisions of the OPMA, is classified as a class B misdemeanor.

22

 - (x) investment options and underlying investments offered to account owners;
 - (xi) marketing and outreach efforts;
 - (xii) financial plans; or
 - (xiii) reviews and audits excluding the final report required under Section 53B-8a-111.

(7)

- (a) "Meeting" means the convening of a public body or a specified body, with a quorum present, including a workshop or an executive session, whether in person or by means of electronic communications, for the purpose of discussing, receiving comments from the public about, or acting upon a matter over which the public body or specified body has jurisdiction or advisory power.
- (b) "Meeting" does not mean:
 - (i) a chance gathering or social gathering;
 - (ii) a convening of the State Tax Commission to consider a confidential tax matter in accordance with Section 59-1-405; or
 - (iii) a convening of a three-member board of trustees of a large public transit district as defined in Section 17B-2a-802 if:
 - (A) the board members do not, during the conversation, take a tentative or final vote on the matter that is the subject of the conversation; or
 - (B) the conversation pertains only to day-to-day management and operation of the public transit district.
- (c) "Meeting" does not mean the convening of a public body that has both legislative and executive responsibilities if:
 - (i) no public funds are appropriated for expenditure during the time the public body is convened; and
 - (ii) the public body is convened solely for the discussion or implementation of administrative or operational matters:
 - (A) for which no formal action by the public body is required; or
 - (B) that would not come before the public body for discussion or action.
- (8) "Monitor" means to hear or observe, live, by audio or video equipment, all of the public statements of each member of the public body who is participating in a meeting.
- (9) "Participate" means the ability to communicate with all of the members of a public body, either verbally or electronically, so that each member of the public body can hear or observe the communication.

(10)

(a) "Public body" means:

- (i) any administrative, advisory, executive, or legislative body of the state or its political subdivisions that:
 - (A) is created by the Utah Constitution, statute, rule, ordinance, or resolution;
 - (B) consists of two or more persons;
 - (C) expends, disburses, or is supported in whole or in part by tax revenue; and
 - (D) is vested with the authority to make decisions regarding the public's business; or

- (i) an interlocal entity or joint or cooperative undertaking, as those terms are defined in Section 11-13-103;
- (ii) a governmental nonprofit corporation as that term is defined in Section 11-13a-102;
- (iii) the Utah Independent Redistricting Commission; and
- (iv) a project entity, as that term is defined in Section 11-13-103.

(c) "Public body" does not include:

- (i) a political party, a political group, or a political caucus;
- (ii) a conference committee, a rules committee, or a sifting committee of the Legislature;
- (iii) a school community council or charter trust land council, as that term is defined in Section 53G-7-1203;
- (iv) a taxed interlocal entity, as that term is defined in Section 11-13-602, if the taxed interlocal entity is not a project entity; or
- (v) the following Legislative Management subcommittees, which are established in Section 36-12-8, when meeting for the purpose of selecting or evaluating a candidate to recommend for employment, except that the meeting in which a subcommittee votes to recommend that a candidate be employed shall be subject to the provisions of this act:
 - (A) the Research and General Counsel Subcommittee;
 - (B) the Budget Subcommittee; and
 - (C) the Audit Subcommittee.

(11) "Public statement" means a statement made in the ordinary course of business of the public body with the intent that all other members of the public body receive it.

(12)

- (a) "Quorum" means a simple majority of the membership of a public body, unless otherwise defined by applicable law.
- (b) "Quorum" does not include a meeting of two elected officials by themselves when no action, either formal or informal, is taken.

(13) "Recording" means an audio, or an audio and video, record of the proceedings of a meeting that can be used to review the proceedings of the meeting.

(14) "Specified body":

- (a) means an administrative, advisory, executive, or legislative body that:
 - (i) is not a public body;
 - (ii) consists of three or more members; and

- (iii) includes at least one member who is:
 - (A) a legislator; and
 - (B) officially appointed to the body by the president of the Senate, speaker of the House of Representatives, or governor; and
- (b) does not include a body listed in Subsection (10)(c)(ii) or (10)(c)(v).

(15) "Transmit" means to send, convey, or communicate an electronic message by electronic means.

- (2)
 - (a) A local school board holding a meeting that is open to the public under Section 52-4-201 shall allow a reasonable opportunity for the public to provide verbal comments that are germane to the authority of the local school board.
 - (b) Subsection (2)(a) does not apply to a meeting that is:
 - (i) a work session; or
 - (ii) an emergency meeting as described in Subsection 52-4-202(5).
- (3) No later than July 1, 2023, a local school board shall adopt a written policy that provides a reasonable opportunity for the public to provide both verbal and written comments in a meeting of the local school board that:
 - (a) is open to the public; and
 - (b) is not a meeting described in Subsection (2)(b).
- (4) The written policy described in Subsection (3) may limit public verbal and written comments to topics that are germane to the authority of the local school board.

Enacted by Chapter 100, 2023 General Session

52-4-202 Public notice of meetings -- Emergency meetings.

- (1)
 - (a)
 - (i) A public body shall give not less than 24 hours' public notice of each meeting.
 - (ii) A specified body shall give not less than 24 hours' public notice of each meeting that the specified body holds on the capitol hill complex.
 - (b) The public notice required under Subsection (1)(a) shall include the meeting:
 - (i) agenda;
 - (ii) date;
 - (iii) time; and
 - (iv) place.
- (2)
 - (a) In addition to the requirements under Subsection (1), a public body which holds regular meetings that are scheduled in advance over the course of a year shall give public notice at least once each year of its annual meeting schedule as provided in this section.
 - (b) The public notice under Subsection (2)(a) shall specify the date, time, and place of the scheduled meetings.
- (3)
 - (a) Subject to Subsection (3)(c), a public body or specified body satisfies a requirement for public notice by publishing the notice for the public body's jurisdiction, as a class A notice under Section 63G-30-102, for at least 24 hours.
 - (b) A public body whose limited resources make compliance with the requirement to post notice on the Utah Public Notice Website difficult may request the Division of Archives and Records Service, created in Section 63A-12-101, to provide technical assistance to help the public body in its effort to comply.
 - (c) A public body or specified body that is required, under this chapter and Section 63G-30-102, to post notice in a public location within the affected area may comply with the requirement by posting the notice in, on, or near:
 - (i) the anchor location for the meeting; or

- (ii) the structure or other area where the meeting will be held.
- (4) A public body and a specified body are encouraged to develop and use additional electronic means to provide notice of their meetings under Subsection (3).
- (5)
 - (a) The notice requirement of Subsection (1) may be disregarded if:
 - (i) because of unforeseen circumstances it is necessary for a public body or specified body to hold an emergency meeting to consider matters of an emergency or urgent nature; and
 - (ii) the public body or specified body gives the best notice practicable of:
 - (A) the time and place of the emergency meeting; and
 - (B) the topics to be considered at the emergency meeting.
 - (b) An emergency meeting of a public body may not be held unless:
 - (i) an attempt has been made to notify all the members of the public body; and
 - (ii) a majority of the members of the public body approve the meeting.
- (6)
 - (a) A public notice that is required to include an agenda under Subsection (1) shall provide reasonable specificity to notify the public as to the topics to be considered at the meeting. Each topic shall be listed under an agenda item on the meeting agenda.
 - (b) Subject to the provisions of Subsection (6)(c), and at the discretion of the presiding member of the public body, a topic raised by the public may be discussed during an open meeting, even if the topic raised by the public was not included in the agenda or advance public notice for the meeting.
 - (c) Except as provided in Subsection (5), relating to emergency meetings, a public body may not take final action on a topic in an open meeting unless the topic is:
 - (i) listed under an agenda item as required by Subsection (6)(a); and
 - (ii) included with the advance public notice required by this section.
- (7) Except as provided in this section, this chapter does not apply to a specified body.

52-4-203 Written minutes of open meetings -- Public records -- Recording of meetings.

- (1) Except as provided under Subsection (7), written minutes and a recording shall be kept of all open meetings.
- (2)
 - (a) Written minutes of an open meeting shall include:
 - (i) the date, time, and place of the meeting;
 - (ii) the names of members present and absent;
 - (iii) the substance of all matters proposed, discussed, or decided by the public body which may include a summary of comments made by members of the public body;
 - (iv) a record, by individual member, of each vote taken by the public body;
 - (v) the name of each person who:
 - (A) is not a member of the public body; and
 - (B) after being recognized by the presiding member of the public body, provided testimony or comments to the public body;
 - (vi) the substance, in brief, of the testimony or comments provided by the public under Subsection (2)(a)(v); and
 - (vii) any other information that is a record of the proceedings of the meeting that any member requests be entered in the minutes or recording.

- (b) A public body may satisfy the requirement under Subsection (2)(a)(iii) or (vi) that minutes include the substance of matters proposed, discussed, or decided or the substance of testimony or comments by maintaining a publicly available online version of the minutes that provides a link to the meeting recording at the place in the recording where the matter is proposed, discussed, or decided or the testimony or comments provided.
- (c) A public body that has members who were elected to the public body shall satisfy the requirement described in Subsection (2)(a)(iv) by recording each vote:
 - (i) in list format;
 - (ii) by category for each action taken by a member, including yes votes, no votes, and absent members; and
 - (iii) by each member's name.
- (3) A recording of an open meeting shall:
 - (a) be a complete and unedited record of all open portions of the meeting from the commencement of the meeting through adjournment of the meeting; and
 - (b) be properly labeled or identified with the date, time, and place of the meeting.
- (4)
 - (a) As used in this Subsection (4):
 - (i) "Approved minutes" means written minutes:
 - (A) of an open meeting; and
 - (B) that have been approved by the public body that held the open meeting.
 - (ii) "Electronic information" means information presented or provided in an electronic format.
 - (iii) "Pending minutes" means written minutes:
 - (A) of an open meeting; and
 - (B) that have been prepared in draft form and are subject to change before being approved by the public body that held the open meeting.
 - (iv) "Specified local public body" means a legislative body of a county, city, town, or metro township.
 - (v) "State public body" means a public body that is an administrative, advisory, executive, or legislative body of the state.
 - (vi) "State website" means the Utah Public Notice Website created under Section 63A-16-601.
 - (b) Pending minutes, approved minutes, and a recording of a public meeting are public records under Title 63G, Chapter 2, Government Records Access and Management Act.
 - (c) Pending minutes shall contain a clear indication that the public body has not yet approved the minutes or that the minutes are subject to change until the public body approves them.
 - (d) A public body shall require an individual who, at an open meeting of the public body, publicly presents or provides electronic information, relating to an item on the public body's meeting agenda, to provide the public body, at the time of the meeting, an electronic or hard copy of the electronic information for inclusion in the public record.
 - (e) A state public body shall:
 - (i) make pending minutes available to the public within 30 days after holding the open meeting that is the subject of the pending minutes;
 - (ii) within three business days after approving written minutes of an open meeting:
 - (A) post to the state website a copy of the approved minutes and any public materials distributed at the meeting;
 - (B) make the approved minutes and public materials available to the public at the public body's primary office; and

- (C) if the public body provides online minutes under Subsection (2)(b), post approved minutes that comply with Subsection (2)(b) and the public materials on the public body's website; and
- (iii) within three business days after holding an open meeting, post on the state website an audio recording of the open meeting, or a link to the recording.
- (f) A specified local public body shall:
 - (i) make pending minutes available to the public within 30 days after holding the open meeting that is the subject of the pending minutes;
 - (ii) within three business days after approving written minutes of an open meeting, post and make available a copy of the approved minutes and any public materials distributed at the meeting, as provided in Subsection (4)(e)(ii); and
 - (iii) within three business days after holding an open meeting, make an audio recording of the open meeting available to the public for listening.
- (g) A public body that is not a state public body or a specified local public body shall:
 - (i) make pending minutes available to the public within a reasonable time after holding the open meeting that is the subject of the pending minutes;
 - (ii) within three business days after approving written minutes of an open meeting:
 - (A) post and make available a copy of the approved minutes and any public materials distributed at the meeting, as provided in Subsection (4)(e)(ii); or
 - (B) comply with Subsections (4)(e)(ii)(B) and (C) and post to the state website a link to a website on which the approved minutes and any public materials distributed at the meeting are posted; and
 - (iii) within three business days after holding an open meeting, make an audio recording of the open meeting available to the public for listening.
- (h) A public body shall establish and implement procedures for the public body's approval of the written minutes of each meeting.
 - (i) Approved minutes of an open meeting are the official record of the meeting.
- (5) All or any part of an open meeting may be independently recorded by any person in attendance if the recording does not interfere with the conduct of the meeting.
- (6) The written minutes or recording of an open meeting that are required to be retained permanently shall be maintained in or converted to a format that meets long-term records storage requirements.
- (7) Notwithstanding Subsection (1), a recording is not required to be kept of:
 - (a) an open meeting that is a site visit or a traveling tour, if no vote or action is taken by the public body; or
 - (b) an open meeting of a special district under Title 17B, Limited Purpose Local Government Entities - Special Districts, or special service district under Title 17D, Chapter 1, Special Service District Act, if the district's annual budgeted expenditures for all funds, excluding capital expenditures and debt service, are \$50,000 or less.

52-4-206 Record of closed meetings.

- (1) Except as provided under Subsection (6), if a public body closes a meeting under Subsection 52-4-205(1), the public body:
 - (a) shall make a recording of the closed portion of the meeting; and
 - (b) may keep detailed written minutes that disclose the content of the closed portion of the meeting.
- (2) A recording of a closed meeting shall be complete and unedited from the commencement of the closed meeting through adjournment of the closed meeting.
- (3) The recording and any minutes of a closed meeting shall include:
 - (a) the date, time, and place of the meeting;
 - (b) the names of members present and absent; and
 - (c) the names of all others present except where the disclosure would infringe on the confidentiality necessary to fulfill the original purpose of closing the meeting.
- (4) Minutes or recordings of a closed meeting that are required to be retained permanently shall be maintained in or converted to a format that meets long-term records storage requirements.
- (5) A recording, transcript, report, and written minutes of a closed meeting are protected records under Title 63G, Chapter 2, Government Records Access and Management Act, except that the records:
 - (a) may be disclosed under a court order only as provided under Section 52-4-304; and
 - (b) shall be disclosed, upon request, to the Office of the Legislative Auditor General under Section 36-12-15.
- (6) If a public body closes a meeting exclusively for the purposes described under Subsection 52-4-205(1)(a), (1)(f), or (2):
 - (a) the person presiding shall sign a sworn statement affirming that the sole purpose for closing the meeting was to discuss the purposes described under Subsection 52-4-205(1)(a),(1)(f), or (2); and
 - (b) the provisions of Subsection (1) of this section do not apply.

52-4-207 Electronic meetings -- Authorization -- Requirements.

- (1) Except as otherwise provided for a charter school in Section 52-4-209, a public body may convene and conduct an electronic meeting in accordance with this section.
- (2)
 - (a) A public body may not hold an electronic meeting unless the public body has adopted a resolution, rule, or ordinance governing the use of electronic meetings.
 - (b) A resolution, rule, or ordinance described in Subsection (2)(a) that governs an electronic meeting shall establish the conditions under which a remote member is included in calculating a quorum.
 - (c) A resolution, rule, or ordinance described in Subsection (2)(a) may:
 - (i) prohibit or limit electronic meetings based on budget, public policy, or logistical considerations;
 - (ii) require a quorum of the public body to:
 - (A) be present at a single anchor location for the meeting; and
 - (B) vote to approve establishment of an electronic meeting in order to include other members of the public body through an electronic connection;
 - (iii) require a request for an electronic meeting to be made by a member of a public body up to three days prior to the meeting to allow for arrangements to be made for the electronic meeting;
 - (iv) restrict the number of separate connections for members of the public body that are allowed for an electronic meeting based on available equipment capability;
 - (v) if the public body is statutorily authorized to allow a member of the public body to act by proxy, establish the conditions under which a member may vote or take other action by proxy; or
 - (vi) establish other procedures, limitations, or conditions governing electronic meetings not in conflict with this section.
- (3) A public body that convenes and conducts an electronic meeting shall:
 - (a) give public notice of the electronic meeting in accordance with Section 52-4-202;
 - (b) except for an electronic meeting described in Subsection (5), post written notice of the electronic meeting at the anchor location; and
 - (c) except as otherwise provided in a rule of the Legislature applicable to the public body, at least 24 hours before the electronic meeting is scheduled to begin, provide each member of the public body a description of how to electronically connect to the meeting.
- (4)
 - (a) Except as provided in Subsection (5), a public body that convenes and conducts an electronic meeting shall provide space and facilities at an anchor location for members of the public to attend the open portions of the meeting.
 - (b) A public body that convenes and conducts an electronic meeting may provide means by which members of the public may attend the meeting remotely by electronic means.
- (5) Subsection (4)(a) does not apply to an electronic meeting if:
 - (a)
 - (i) the chair of the public body determines that:
 - (A) conducting the meeting as provided in Subsection (4)(a) presents a substantial risk to the health or safety of those present or who would otherwise be present at the anchor location; or

- (B) the location where the public body would normally meet has been ordered closed to the public for health or safety reasons; and
- (ii) the public notice for the meeting includes:
 - (A) a statement describing the chair's determination under Subsection (5)(a)(i);
 - (B) a summary of the facts upon which the chair's determination is based; and
 - (C) information on how a member of the public may attend the meeting remotely by electronic means;

(b)

- (i) during the course of the electronic meeting, the chair:
 - (A) determines that continuing to conduct the electronic meeting as provided in Subsection (4)(a) presents a substantial risk to the health or safety of those present at the anchor location; and
 - (B) announces during the electronic meeting the chair's determination under Subsection (5)(b)(i)(A) and states a summary of the facts upon which the determination is made; and
- (ii) in convening the electronic meeting, the public body has provided means by which members of the public who are not physically present at the anchor location may attend the electronic meeting remotely by electronic means;

(c)

- (i) the public body is a special district board of trustees established under Title 17B, Chapter 1, Part 3, Board of Trustees;
- (ii) the board of trustees' membership consists of:
 - (A) at least two members who are elected or appointed to the board as owners of land, or as an agent or officer of the owners of land, under the criteria described in Subsection 17B-1-302(2)(b); or
 - (B) at least one member who is elected or appointed to the board as an owner of land, or as an agent or officer of the owner of land, under the criteria described in Subsection 17B-1-302(3)(a)(ii);
- (iii) the public notice required under Subsection 52-4-202(3)(a)(i)(B) for the electronic meeting includes information on how a member of the public may attend the meeting remotely by electronic means; and
- (iv) the board of trustees allows members of the public attending the meeting by remote electronic means to participate in the meeting; or

(d)

- (i) the public body is a special service district administrative control board established under Title 17D, Chapter 1, Part 3, Administrative Control Board;
- (ii) the administrative control board's membership consists of:
 - (A) at least one member who is elected or appointed to the board as an owner of land, or as an agent or officer of the owner of land, under the criteria described in Subsection 17D-1-304(1)(a)(iii)(A) or (B), as applicable; or
 - (B) members that qualify for election or appointment to the board because the owners of real property in the special service district meet or exceed the threshold percentage described in Subsection 17D-1-304(1)(b)(i);
- (iii) the public notice required under Subsection 52-4-202(3)(a)(i)(B) for the electronic meeting includes information on how a member of the public may attend the meeting remotely by electronic means; and
- (iv) the administrative control board allows members of the public attending the meeting by remote electronic means to participate in the meeting.

- (6) A determination under Subsection (5)(a)(i) expires 30 days after the day on which the chair of the public body makes the determination.
- (7) Compliance with the provisions of this section by a public body constitutes full and complete compliance by the public body with the corresponding provisions of Sections 52-4-201 and 52-4-202.
- (8) Unless a public body adopts a resolution, rule, or ordinance described in Subsection (2)(c)(v), a public body that is conducting an electronic meeting may not allow a member to vote or otherwise act by proxy.
- (9) Except for a unanimous vote, a public body that is conducting an electronic meeting shall take all votes by roll call.

52-4-209 Electronic meetings for charter school board.

- (1) Notwithstanding the definitions provided in Section 52-4-103 for this chapter, as used in this section:
 - (a) "Anchor location" means a physical location where:
 - (i) the charter school board would normally meet if the charter school board were not holding an electronic meeting; and
 - (ii) space, a facility, and technology are provided to the public to monitor and, if public comment is allowed, to participate in an electronic meeting during regular business hours.
 - (b) "Charter school board" means the governing board of a school created under Title 53G, Chapter 5, Charter Schools.
 - (c) "Meeting" means the convening of a charter school board:
 - (i) with a quorum who:
 - (A) monitors a website at least once during the electronic meeting; and
 - (B) casts a vote on a website, if a vote is taken; and
 - (ii) for the purpose of discussing, receiving comments from the public about, or acting upon a matter over which the charter school board has jurisdiction or advisory power.
 - (d) "Monitor" means to:
 - (i) read all the content added to a website by the public or a charter school board member; and
 - (ii) view a vote cast by a charter school board member on a website.
 - (e) "Participate" means to add content to a website.
- (2)
 - (a) A charter school board may convene and conduct an electronic meeting in accordance with Section 52-4-207.
 - (b) A charter school board may convene and conduct an electronic meeting in accordance with this section that is in writing on a website if:
 - (i) the chair verifies that a quorum monitors the website;
 - (ii) the content of the website is available to the public;

- (iii) the chair controls the times in which a charter school board member or the public participates; and
- (iv) the chair requires a person to identify himself or herself if the person:
 - (A) participates; or
 - (B) casts a vote as a charter school board member.

(3) A charter school that conducts an electronic meeting under this section shall:

- (a) give public notice of the electronic meeting:
 - (i) in accordance with Section 52-4-202; and
 - (ii) by posting written notice at the anchor location as required under Section 52-4-207;
- (b) in addition to giving public notice required by Subsection (3)(a), provide:
 - (i) notice of the electronic meeting to the members of the charter school board at least 24 hours before the meeting so that they may participate in and be counted as present for all purposes, including the determination that a quorum is present;
 - (ii) a description of how the members and the public may be connected to the electronic meeting;
 - (iii) a start and end time for the meeting, which shall be no longer than 5 days; and
 - (iv) a start and end time for when a vote will be taken in an electronic meeting, which shall be no longer than four hours; and
- (c) provide an anchor location.

(4) The chair shall:

- (a) not allow anyone to participate from the time the notice described in Subsection (3)(b)(iv) is given until the end time for when a vote will be taken; and
- (b) allow a charter school board member to change a vote until the end time for when a vote will be taken.

(5) During the time in which a vote may be taken, a charter school board member may not communicate in any way with any person regarding an issue over which the charter school board has jurisdiction.

(6) A charter school conducting an electronic meeting under this section may not close a meeting as otherwise allowed under this part.

(7)

- (a) Written minutes shall be kept of an electronic meeting conducted as required in Section 52-4-203.
- (b)
 - (i) Notwithstanding Section 52-4-203, a recording is not required of an electronic meeting described in Subsection (2)(b).
 - (ii) All of the content of the website shall be kept for an electronic meeting conducted under this section.
- (c) Written minutes are the official record of action taken at an electronic meeting as required in Section 52-4-203.

(8)

- (a) A charter school board shall ensure that the website used to conduct an electronic meeting:
 - (i) is secure; and
 - (ii) provides with reasonably certainty the identity of a charter school board member who logs on, adds content, or casts a vote on the website.
- (b) A person is guilty of a class B misdemeanor if the person falsely identifies himself or herself as required by Subsection (2)(b)(iv).

(9) Compliance with the provisions of this section by a charter school constitutes full and complete compliance by the public body with the corresponding provisions of Sections 52-4-201 and 52-4-202.

52-4-302 Suit to void final action -- Limitation -- Exceptions.

(1)

- (a) Any final action taken in violation of Section 52-4-201, 52-4-202, 52-4-207, or 52-4-209 is voidable by a court of competent jurisdiction.
- (b) A court may not void a final action taken by a public body for failure to comply with the posting written notice requirements under Subsection 52-4-202(3)(a) if:
 - (i) the posting is made for a meeting that is held before April 1, 2009; or
 - (ii)
 - (A) the public body otherwise complies with the provisions of Section 52-4-202; and
 - (B) the failure was a result of unforeseen Internet hosting or communication technology failure.

(2) Except as provided under Subsection (3), a suit to void final action shall be commenced within 90 days after the date of the action.

(3) A suit to void final action concerning the issuance of bonds, notes, or other evidences of indebtedness shall be commenced within 30 days after the date of the action.

52-4-304 Action challenging closed meeting.

- (1) Notwithstanding the procedure established under Subsection 63G-2-202(7), in any action brought under the authority of this chapter to challenge the legality of a closed meeting held by a public body, the court shall:
 - (a) review the recording or written minutes of the closed meeting in camera; and
 - (b) decide the legality of the closed meeting.
- (2)
 - (a) If the judge determines that the public body did not violate Section 52-4-204, 52-4-205, or 52-4-206 regarding closed meetings, the judge shall dismiss the case without disclosing or revealing any information from the recording or minutes of the closed meeting.
 - (b) If the judge determines that the public body violated Section 52-4-204, 52-4-205, or 52-4-206 regarding closed meetings, the judge shall publicly disclose or reveal from the recording or minutes of the closed meeting all information about the portion of the meeting that was illegally closed.
- (3) Nothing in this section may be construed to affect the ability of a public body to reclassify a record, as defined in Section 63G-2-103, as provided in Section 63G-2-307.

Amended by Chapter 425, 2018 General Session

52-4-305 Criminal penalty for closed meeting violation.

In addition to any other penalty under this chapter, a member of a public body who knowingly or intentionally violates or who knowingly or intentionally abets or advises a violation of any of the closed meeting provisions of this chapter is guilty of a class B misdemeanor.
