FY14	\$826,026	\$814,659	\$11,367

Consider the creation of a Capital Improvement Fund

Council Work Sessions Recap

December 12

- New gps system for carts \$42,000 annual lease for all 80 - will cover cost by selling ads on the system for \$2,500 x 18 holes = \$45,000
- Realignment of the front nine

November 7

- Discussed need for an automated range ball dispensing machine which cost approx. \$19,000 to purchase and get set up
- Decided not to build the pole fence on hole 18 which we budgeted \$36,000. Would like to use that money to purchase ball machine
- Berm stabilization and retaining wall (\$67,400)
- Discussed moving sales tax outside the current rates which would generate an additional \$80,000-\$90,000 annually
- That additional money for the rest of this FY would go towards the berm and retaining wall
- Next FY we would like to use this additional revenue to help fund a new mechanic/assistant position at the golf course to get us back to 3 FT maint.

Golf Course Mechanic/2nd Assistant Position

Responsibilities/Justification:

- Maintain 45 pieces of equipment + golf carts that need weekly, monthly and annual service.
- Manage and organize the shop.
- Help with FOL set up and take down. No other golf course is responsible for something similar to FOL, another full time guy will allow us to use him on FOL and on the course depending on what's needed.
- We often need an extra guy for bigger projects on the course (especially Fall and Spring Prep when we don't have seasonal crew).
- Will be able to stay up on grinding and sharpening reels, currently not being done as often as needed resulting in inconsistent quality of cut on greens, tees, collars, fairways etc.
- Work with city mechanics to ensure our equipment/trucks are being maintained according to city standards.
- Will not need to take our equipment to city mechanics freeing up their time.
- City Mechanics often take several weeks to fix and repair equipment - we need to have a mower back within days not weeks or months.
- Motor Pool Expenses - avg \$14,000/year - this should decrease substantially as we will now take care of all equipment repairs at the golf course.

Stall Barns

New stall barns would take us from 161 covered stalls to 236

Summary Cost

SPANISH FORK

PRIDE & PROGRESS

FY25 Architect, Engineering, Planning	\$150,000
FY26 Large Indoor Arena Exterior	\$900,000
FY27 Large Indoor Arena Interior	\$1,250,000
FY28 Covered Warm-up Area	\$820,000
FY29 New Stall Barns	\$2,950,000
TOTAL	\$5,920,000
Split w/City & County	\$2,960,000

SPANISH FORK

PRIDE & PROGRESS

The groups listed below have held events or multiple events per year at the Fairgrounds and have outgrown or are out-growing our facility. With the Fairgrounds being a central location most of these groups would love the ability to come back. Currently there are about 14-15 weekends available that these bigger 3-4 day events could be scheduled. This would increase both stalls and RV's, as well as capitalizing on a higher economic impact.

Current Shows

Recreation/Arts Likes & Suggestions

Can't wait for the Rec Center

Do not build a recreation center! We already voted that down!

Stop spending my money on things I don't want

I LOVE the use of the RAP tax money!
Spanish Fork Youth Theater in particular is doing great things.

Getting into Youth Theater is next to impossible

I love the arts programs offered

Indoor facilities for Pickleball & Exercise would be nice

We need more Pickleball Courts & Basketball hoops

Best rec program around!

"If something is important enough, even if the odds are against you, you should still do it."

Charging more for rec to pay coaches and adult refs would be acceptable many large cities already do this and it helps to not force parents who don't know the games to ref/coach

Too Expensive!

City needs to stay out of entertaining the people

We need more Soccer fields

Not all Parks should be a Soccer field

The arts are continuing to grow and thrive.
We need a Cultural Arts building!

I wish they would have programs for midlife-ers 40-60, empty nesters, seniors

Well run and affordable

Parks Likes & Suggestions

More covered play structures

The All-Abilities park is PERFECT. Do more of that around the city

More trees along trails

Keep using RAP funds to build Parks

Turning our already established parks into better ones

Continue to connect trail paths

I love that you are updating broken and aged playgrounds

Build Indoor parks & playgrounds during the winter

We have too many Parks

First thank you! We love and use all of the parks in Spanish Fork

Not many new parks going in the new developments

love the goal to have a park in every neighborhood

More walking trails

A dog park for smaller dogs would be fantastic

Parks get so crowded in the summer.. more would be nice!

**Our favorite- “Please continue to prioritize Parks and Recreation for the city”
Thank You**

2023- Nebo outdoor usage was down due to wet/frozen spring.

2021- Nebo gym “governmental use” has gone from \$25 to \$30 per hour. This has been calculated for the past two years.

2020- Due to COVID, the balance is a lot closer than it has been in recent years.

2019- The total water usage costs come to \$27,976.06. A difference of \$15,528.74 in 2018.
