IV. ACTION ITEMS

**A. CONSIDER RESOLUTION NO. 2024-01RDA APPROVING
AMENDMENTS TO THE MIDVALE MAIN BUSINESS LOAN PROGRAM**

Kate Andrus said since its adoption in 2021, only one loan has been processed under this program. Unfortunately, due to higher interest rates implemented to mitigate inflation, the development and business industry has experienced a significant slowdown. Despite the program's attempt to offer a rate reduction based on a set of public benefit criteria, the final reduction in the interest rate has proven insufficient to stimulate the desired improvements and businesses along the street. Therefore, recognizing the need to address the challenges posed by high interest rates, as well as desiring to tailor the program more specifically to businesses, staff has proposed the following amendments, which can be found in the attached program guidelines. These amendments aim to create a more impactful and transformative framework that aligns with the vision for Midvale Main.

Major Program Amendments:

Eligibility:

- Minimum Eligibility: To be considered for a loan the project must score a minimum score of 25/40 in meeting four key public benefit criteria of Economic Impact , Public Amenity, Permanent Job Creation, and Street Activation. These criteria are found in the chart below in Section V.
- Public Benefit Incentive: Applicants will receive a rate reduction of 0.25% for every 5 3points earned over the minimum required score, as outlined in the Public Benefit Criteria Chart found in Section V.
- The addition of Public Benefit Projects: Projects that provide a substantial public benefit to the street are eligible for 0% interest loans.
 - Loans under \$25,000 must meet the minimum eligibility requirement, have a minimum score of 35 points under the public benefit criteria which must receive a full score in the areas of 1) Economic Impact, 2)Street Activation, 3) Job Creation.
 - Loans over \$25,000 must meet the minimum eligibility requirement, have a minimum score of 60 points under the public benefit criteria and must receive a full score in the areas of 1) Economic Impact, 2) Adaptive Reuse, 3) Permanent Job Creation 4) Street Activation.

Terms:

- Collateral: Must have 10% 60%-80% minimum of available collateral.
- Base Interest Rate: US Prime Rate + 1.5(- Public Benefit Score Reduction, if applicable) .

Public Benefit Criteria:

- Defined desired businesses under the desired business categories list attached to the Program as exhibit A.
- Removed Historic Preservation and Affordable Housing: AMI targets as a public benefit criteria.

Fiscal Impact:

Funding in the amount of \$1.5 million was loaned from the Bingham Junction Project Area to the Main Street Project Area. To date, only one loan has been processed for \$250,000, and this loan has already started the repayment process.

B. CONSIDER RESOLUTION NO. 2024-02RDA APPROVING THE MIDVALE MAIN ADAPTIVE REUSE LOAN PROGRAM

Kate Andrus said in 2021, the Redevelopment Agency adopted the Main Street Revolving Business Loan, now known as the Midvale Main Business Loan. Since that time, it has become evident to staff that this program was not distinctly tailored for businesses or property owners. As a staff, we also recognize the need for gap funding by property owners to address the substantial costs associated with the adaptive reuse of many historical buildings, transforming them into usable shells for tenants.

Due to the desire to provide funding to businesses and property owners within the Main Street Project Area, staff has proposed the separation of the program into two distinct loan programs, thereby creating a new program that provides adaptive reuse loans.

Intent:

The Midvale Main Adaptive Reuse Loan Program is another funding tool in the Main Street redevelopment toolkit designed to incentivize the right development or improvements to activate the street. More specifically, the purpose of this program is to encourage and promote the reuse and revitalization of existing buildings within the Main Street Project Area. The objective is to facilitate transformative development that preserves the past while contributing to the economic vitality of the Main Street Project Area. This is achieved by making loans available to property owners within Midvale's Main Street Project Area.

Eligible property owners must demonstrate their commitment to creating a sense of place within the Main Street project area by shaping redevelopment, enhancing arts and culture, preserving and celebrating history and providing or supporting spaces for people to gather and recreate.

Program Guidelines:

Key Eligibility Requirements:

- Applicants must own or be purchasing property within Midvale's Main Street Project Area.
- Minimum Eligibility: To be considered for a loan, the project must score a minimum of 25/40, meeting four key public benefit criteria: Economic Impact, Public Amenity, Beautification, and Street Activation, as found in Section V.
- Public Benefit Incentive: A reduction to the standard interest rate is available for projects exceeding the minimum score in any combination of criteria in the Public Benefit Criteria Chart (Section V). For every 3 points earned over the minimum score required, a project is eligible for a rate reduction of 0.25% from the standard interest rate, with a minimum interest rate of 1%. Compliance and reporting requirements will be triggered for each interest rate reduction to ensure public benefit criteria are met.
- Public Benefit Projects: Projects providing a substantial public benefit to the street are eligible for 0% interest loans.
 - Loans under \$25,000 must meet the minimum eligibility requirement, score a minimum of 35 points under the public benefit criteria, and receive a full score in the areas of 1) Economic Impact and 2) Street Activation.
 - Loans over \$25,000 must meet the minimum eligibility requirement, score a minimum of 55 points under the public benefit criteria and receive a full score in the areas of 1) Economic Impact, 2) Historic Character, 3) Beautification, and 4) Street Activation.

Key Terms:

- **Loans for Physical Improvement and Real Estate Purchases Under \$25,000**

- o Loan Amount: Loans will provide up to \$25,000.
- o Background Check: Required.
- o Credit Score: No minimum. (Credit scores determine loan amount, interest rate, and collateral %).
- o Collateral: Must have 100% available collateral.
- o Default: Defaulting on the loan will result in the loss of collateral.
- o Easement: An easement will be placed on the property until the loan is repaid in full.

- **Loans for Physical Improvement and Real Estate Purchases Over \$25,000**

- o Loan Amount: Loans will provide up to \$250,000.
- o Background Check: Required.
- o Credit Score: Minimum Credit Score of 640.
- o Collateral: Must have 100% available collateral.
- o Default: Defaulting on the loan will result in the loss of collateral.
- o Easement: An easement will be placed on the property until the loan is repaid in full.
- o Loan to Value Ratio: 85% of the property value or project expense.

The full eligibility requirements, along with loan terms, can be found in the program guidelines.

Approval Process:

RDA staff will evaluate the loan application based on the public benefit criteria listed under Section V of the attached Program guidelines. The applicant must meet specific thresholds to be considered. Applicants exceeding these thresholds will be eligible for more favorable loan terms. If all terms and requirements are met, all loans under \$25,000 will be administratively processed by RDA Staff. All loans over \$25,000 will be brought before the RDA Board for approval. Any loan with terms negotiated outside standard loan parameters detailed in the program will be brought to the Board for approval.

Fiscal Impact:

Funding in the amount of \$1.5 million was loaned from the Bingham Junction Project Area to the Main Street Project Area. To date, only one loan has been processed for \$250,000. This loan has already started the repayment process. The business loan and the adaptive reuse loan will utilize the same funding source and share the same revolving nature of the funds.

Desire Business Categories

This is a list of business categories which will play an important role in establishing an arts, food, and culture district. This will be used as a guide when determining the public benefit criteria score of a loan application.

1. Art Galleries and Studios
2. Theaters and Performing Arts Spaces

4. Food and Beverage
5. Bakery
6. Museums and Cultural Institutions

Program Update

- Since 2021, one loan has been processed under this program.
- Despite offering an avenue for interest rate reduction, higher interest rates have resulted in rates that fell short of incentivizing development and business growth.
- Questions regarding who the program was tailored to: Property Owner or Business?
- Questions regarding what a complimentary service or business is as called out in the Public Benefit Criteria.
- Overall desire to provide an attractive incentive to potential projects that will play a significant role in the rapid transformation of Midvale Main.

Proposed Amendments

Base Interest Rate: US Prime Rate +1.5% (- Public Benefit Score Reduction, if applicable)

Base Interest Rate: US Prime Rate (- Public Benefit Score Reduction, if applicable)

V. DISCUSSION ITEMS

A. DISCUSSION REGARDING THE CACTUS AND TROPICALS MIDVALE MAIN BUSINESS LOAN

Kate Andrus said on June 15, 2022, the RDA Board approved the Midvale Main Street Revolving Loan Program.

Currently, the RDA is in the process of amending this program. During this phase, Agency staff received a loan request from Cactus and Topicals for \$250,000. Staff has reviewed and evaluated the loan application based on the proposed program guidelines and criteria, finding that the applicant has met the required threshold for consideration. As the loan request exceeds \$25,000, the terms of the loan agreement are being presented to the RDA Board for discussion and eventual final approval

With most of the building restoration being handled by the property owners, Cactus and Tropicals will require funding to implement the additional tenant improvements essential to creating a customized space that aligns with their mission. This mission involves establishing a beautiful space that offers distinctive products and services, setting them

apart as an exceptional retailer of horticultural products, events and workshops along the Wasatch Front. The planned improvements encompass various aspects, including construction features such as skylights, floor coverings, paint, lighting, and plumbing. Additionally, the inventory will include display tables, racks, shelving, cash registers, computers, printers, plumbing fixtures, shopping carts, pallet jacks, tools, and other fixtures crucial to their operational needs.

As part of the staff review, it was concluded that the application exceeded the minimum required threshold. This demonstration indicates that the funds provided will contribute to attracting and promoting the growth of businesses within the Main Street Area.

Cactus and Tropicals loan proposal scored strongly under the Public Benefit Criteria, obtaining full points in the areas of 1) Economic Impact, 2) Adaptive Reuse, 3) Permanent Job Creation, and 4) Street Activation. Agency staff believes that Cactus and Tropicals will provide a substantial public benefit to the street. Specifically, Cactus and Tropicals will help rejuvenate the vacant Vincent building, once again making it an attraction on Midvale Main. Furthermore, given that Cactus and Tropicals is a local and popular retailer and event company along the Wasatch Front, staff believes that their presence will have a significant economic impact on the area, not just in terms of new employment opportunities but also in street activation. This impact will bring increased pedestrian activity that will likely spill over into other businesses, making the area more attractive to future businesses looking to relocate.

Therefore, Agency staff recommends providing a loan of \$250,000 to Cactus and Tropicals with the terms outlined in the attached Term Sheet. This recommendation is based on Agency staff's review of Cactus and Tropicals' proposal and supporting financial documents. Furthermore, if the Agency Board approves the adoption of the Public Benefit Project Incentive offering 0% interest business loans, Staff further recommends Cactus and Tropicals as a qualified applicant for the incentive.

Fiscal Impact:

The current program budget is \$1.25 million to be utilized for individual loans. If approved, the RDA will provide a \$250,000 loan to Cactus and Tropicals. This will bring the current overall budget for the revolving loan program to \$1 million to be loaned to additional projects.

Project Summary

Cactus and Tropicals applied for a \$250,000 loan to help fund tenant improvements, equipment and inventory, specifically:

- Skylights
- Floor coverings

REDEVELOPMENT AGENCY OF MIDVALE CITY SUMMARY REPORT

February 6, 2024

ITEM TYPE: Action

SUBJECT: Consider **Resolution No. 2024-03RDA** approving the term sheet for an adaptive reuse loan agreement between the Redevelopment Agency of Midvale City and Midvale Main Partners II, LLC

SUBMITTED BY: Kate Andrus, RDA Program Manager

CITIZEN'S REPORT: The Redevelopment Agency of Midvale City Board of Directors will have a discussion and consider a proposed \$250,000 loan for 7696 S. Main Street, Midvale UT 84047.

SUBMITTED BY:

Kate Andrus, RDA Program Manager

SUMMARY:

On January 16, 2024, the RDA Board approved the Midvale Main Adaptive Reuse Loan Program. Following its approval, Agency staff received a loan request from Jeff Beck with Midvale Main Partners II, LLC for \$250,000. Agency staff has reviewed and evaluated the loan application against the program guidelines and criteria, confirming that the applicant successfully met the required threshold for consideration. Given that the loan request exceeds \$25,000, the terms of the loan agreement are now presented for discussion and approval by the RDA Board.

Midvale Main II, LLC, the applicant, is the owner of the property located at 7696 S. Main Street, commonly known as the Vincent building. The applicant intends to implement necessary improvements to attract and secure tenants essential for activating Midvale Main, focusing on the realms of food, retail, and events. The planned renovations are extensive, covering structural upgrades, new framing and stair access, updated HVAC systems, new plumbing, drywall installation, electrical upgrades, flooring enhancements, and modernized bathrooms.

In addition, the section of the Vincent building designated for Cactus and Tropical will feature the installation of a greenhouse positioned on the west side of the building. This greenhouse will seamlessly integrate into the open space located to the north making it a perfect environment to sell Cactus and Tropical Product and to host events. Furthermore, the smaller retail/restaurant space on the northern side of the building will be retrofitted to cater to a food tenant, with new openings facilitating outdoor dining in the adjacent open space to the North. These strategic

improvements aim to create an inviting and dynamic environment, fostering the success of Midvale Main as a vibrant hub for various activities.

As part of Agency staff's review, it was concluded that the application exceeded the minimum required threshold, demonstrating that these funds will contribute significantly to creating a sense of place within the Main Street project area. This contribution involves shaping redevelopment, enhancing arts and culture, preserving and celebrating history, and providing or supporting spaces for people to gather and recreate.

Furthermore, the loan proposal from Midvale Main Partners II, LLC received strong scores under the Public Benefit Criteria, attaining full points in the areas of 1) Economic Impact, 2) Historic Character, 3) Beautification, and 4) Street Activation, making it a qualified applicant for the 0% incentive.

Considering these findings, Agency staff recommend approving a loan of \$250,000 to Midvale Main Partners II LLC, with the terms outlined in the attached Term Sheet. This recommendation is based on a review of the applicant's proposal and supporting financial documents by Agency staff.

Fiscal Impact:

The current budget for the revolving loan programs is \$1.25 million to be utilized for individual loans. If this loan is approved, the RDA will provide a \$250,000 loan to Midvale Main Partners II, LLC. In addition, the Agency Board is currently considering a business loan of \$250,000. If both loans are approved, this will bring the current overall budget for the revolving loan programs to \$750,000 to be loaned to additional projects.

Vincent Park: Public Impact

Economic Impact: We believe that through rehabilitating the old Vincent Building and retrofitting it for Cactus and tropicals it will have a large economic impact on Main Street Midvale. Cactus and Tropicals is a local and popular retailer along the wasatch front. It is a destination for people and we believe it will drive a lot of traffic to the street which will spill over into other businesses. We also feel it will help other landlords attract much stronger and more interesting tenants because of their presence on Main Street.

Public Amenities: We believe that the Vincent Soda Shop, Cactus and Tropicals, the Restaurant, the rooftop dining and the park will all be beautiful and unique amenities on Main Street. The outdoor dining and garden areas will be a beautiful green space that will benefit everyone walking by and every customer that visits any of these spaces.

Preservation: We are planning to restore the old Vincent facade. We hope to improve it by adding tasteful finishes that make it look current, while also keeping some of its unique characteristics to preserve the charm and history that it holds for the city. We are also planning to have a soda and candy shop in the first 25 feet of the Vincent building as a throwback to what Vincent was known for and to create a place that people can stop in for a soda and a little nostalgia. We have chosen to remodel, rather than rebuild these buildings, because we believe that restoring old buildings brings an authentic charm to the street that new construction can't replicate.

Beautification: We are working with reputable designers and architects and plan to use high end finishes to make the facade look charming and current. The outdoor dining and the courtyard area for Cactus will be a beautiful, unique attraction for the city.

Educational based Business: Cactus and tropicals is a retail and events business, but it also hosts classes and lectures to educate their customers on a variety of subjects regarding plants. This will bring an educational element to the space.

Sustainability: Remodeling vs. Rebuilding is better for the environment. It creates less waste and uses less resources. We believe because we are remodeling, rather than rebuilding, this is considered a sustainable project

Street Activation: Cactus and tropicals sells retail during the day and hosts events at night. This will activate the street for longer hours than an average retail shop. As mentioned above, they are a popular and beloved company, and we believe people will come to Main Street specifically to shop there. This will drive traffic that wouldn't naturally be on Main Street. We believe the design of the park, with the outdoor dining and retail, will activate the street in a unique way. This will be a great experience and a draw that we believe will activate Main Street in a big way.

REDEVELOPMENT AGENCY OF MIDVALE CITY SUMMARY REPORT

February 6, 2024

ITEM TYPE: Action

SUBJECT: Consider **Resolution No. 2024-04RDA** approving the term sheet for a business loan agreement between the Redevelopment Agency of Midvale City and Cactus & Tropicals, LLC

SUBMITTED BY: Kate Andrus, RDA Program Manager

CITIZEN'S REPORT: The Redevelopment Agency of Midvale City Board of Directors will consider a \$250,000 loan for Cactus & Tropicals, LLC.

SUBMITTED BY:

Kate Andrus, RDA Program Manager

SUMMARY:

On January 16, 2024, the RDA Board approved amendments to the Midvale Main Business Loan Program. Coinciding with this approval, Agency staff received a \$250,000 loan proposal from Cactus & Tropicals, LLC. Agency staff has reviewed and evaluated the loan application against the program guidelines and criteria, confirming that the applicant successfully met the required threshold for consideration. In addition, staff concluded that the application went above and beyond the minimum required threshold, demonstrating that the funds provided will contribute to the attraction and promotion of growth and improvement of businesses within the Main Street Area. Agency staff has, therefore, concluded that this proposal is eligible for the 0% interest loan incentive. A term sheet has been compiled to demonstrate the proposed terms of the agreement, and this was brought before the Board for discussion on January 16, 2024. These same terms are now being brought before the Board for approval.

Fiscal Impact:

The current budget for the revolving loan programs is \$1.25 million to be utilized for individual loans. If this loan is approved, the RDA will provide a \$250,000 loan to Cactus & Tropicals, LLC. In addition, the Agency Board is currently considering an adaptive reuse loan of 250,000. If both loans are approved, this will bring the current overall budget for the revolving loan programs to \$750,000 to be loaned to additional projects.

Cactus & Tropicals Economic & Community Impact

Cactus & Tropicals, (C&T) in its two existing locations, has had a significant positive impact on the surrounding business and residential communities.

Economic Impact – We anticipate that in year one, C&T Midvale will generate about \$600,000 in revenue from the sale of retail merchandise and through the hosting of events such as wedding receptions, corporate events, community gatherings and sponsored classes. The “spillover” effect has been positive for the community with the build up of several restaurants (SLC - Feldman’s Deli, Draper – Cliff and Cultivate) as well as several retail stores and residential complexes that did not exist before the establishment of our stores in those area. Over the span of 6-8 years we hope to grow revenues in our Midvale location to \$1.8 million.

Public Amenities – C&T has established as its competitive advantage over big box competitors such as Lowes and Home Depot, a positive customer experience. Fountains and blooming vines as well as arbors and statuary are used to create an environment that suggests a garden lifestyle both in our stores and in our outdoor areas. C&T Midvale will have a greenhouse structure where tropical plants will be planted as well as offered for sale. Because of the gardenlike atmosphere that we create, our two existing locations began offering their spaces to customers for private events in 2006. In addition to paid events, each year, the spaces are provided to charitable organizations and other NFP’s at no charge as a location where they can hold fund raisers and gatherings.

Adaptive Reuse – C&T Midvale hopes to be able to open in the old Vincent Drug building. It will attempt to keep much of the charm of that building while adding a greenhouse towards the rear of the property. In addition, the plan is to tentatively have a space up front that is reminiscent of the original soda fountain that was a gathering place at Vincents in days gone by. It will offer customers sodas and light refreshments as well as its wide array of plants and gifts.

Beautification – We are working closely with Jeff and Caitlin Beck to create a space that is both charming and that will attract customers from all over the valley. We have retained the services of a designer to help create a beautiful space within the building and will be calling on our own landscape designers to create an attractive outdoor nursery area that will enhance the street and neighborhood. The first line of our mission statement is that we create beautiful spaces – both for our retail stores and for our customers’ homes and businesses.

Education Based – C&T offers classes and lectures on a wide variety of topics. Some of these classes and demonstrations are free to the public and some are for a small charge. We advertise these classes on our website and through an extensive mailing email list of over 20,000 recipients. It is our intention to offer those same classes and demonstrations at our Midvale Location.

Street Activation – As noted above, we believe that our two locations have been a positive catalyst for activity in their respective geographies. In both our Salt Lake and Draper locations, multiple businesses established themselves after we opened. In both locations we are open Monday through Saturday from 10 am to 6 pm and Sundays from 11 am to 5pm for retail sales. In the evenings we make our space available for private events. In 2023 we hosted 48 private events at our Salt Lake City Store and 86

events in our Draper Store. It is our intent to do the same at C&T Midvale. These numbers do not include donating the space for events for charitable organizations and NFP's.

Permanent Job Creation and Retention - During year one, we are estimating that we will employ 5-6 individuals on a permanent basis. Because of seasonal demand, more employees are brought on during the peak months of May, June, November and December. C&T currently employs about 160 individuals in its 2 retail locations and in its large services division.

Sustainability -- Because of the green nature of our business, we attempt to use sustainable practices in all of our operations. We have purchased several electric vehicles for deliveries and service personnel. We recycle paper, glass, and green waste whenever possible. We have a sustainability committee that meets regularly to identify ways to reduce waste, conserve, reuse and recycle whenever possible. We attempt to focus our customers on natural solutions for their gardening needs.

REDEVELOPMENT AGENCY OF MIDVALE CITY SUMMARY REPORT

February 6, 2024

ITEM TYPE: Action

SUBJECT: Consider **Resolution No. 2024-05RDA** authorizing the Chief Administrative Officer to execute an amendment to the Interlocal Cooperation Agreement between the Redevelopment Agency of Midvale City and Salt Lake County regarding the Main Street Festival Lighting Project.

SUBMITTED BY: Kate Andrus, RDA Program Manager

CITIZEN'S AGENDA: Redevelopment Agency of Midvale City Board of Directors will consider an amendment to the Interlocal Cooperation Agreement between the Redevelopment Agency of Midvale City and Salt Lake County for the purpose of extending the deadline of the festival lighting project to July 1, 2024.

SUMMARY:

In March of 2023, the Redevelopment Agency received grant funding for the installation of festival lighting along Midvale Main through the Salt Lake County Tourism, Recreation, Culture and Convention (TRCC) Support Program with a completion deadline of March 31, 2024.

Unfortunately, this project has encountered unforeseen obstacles that have affected its ability to meet the March 31st deadline.

The primary issue being a lack of responses to the initial Request for Proposals (RFP). Despite staff's best efforts to solicit bids from potential vendors, staff did not receive any responses. Upon further investigation and discussions with potential bidders, a critical problem was identified which involved an inadequate supply of power to Main Street for the festival lights.

To address this, Agency staff will be working with Rocky Mountain Power to provide the needed infrastructure to supply power to the street. However, this process could take an one to two months.

Agency staff has been working with Salt Lake County to obtain an extension of the deadline. Agency staff are now bringing before the Board an amendment to the original grant agreement which will extend the completion date to July 1, 2024.

FISCAL IMPACT:

The overall budget for this project is \$387,700. The TRCC Support Program is providing \$200,000 as a reimbursement grant. The remaining \$187,700 will be funded by the Main Street CDA budget.

RECOMMENDED MOTION:

“I move that we suspend the rules and pass Resolution No. 2024-05RDA authorizing the Chief Administrative Officer to execute an amendment to the Interlocal Cooperation Agreement between the Redevelopment Agency of Midvale City and Salt Lake County regarding the Main Street Festival Lighting Project.”
