Subject: ESAB 205ic Welder Quotes
Attachments: ESAB Rebel EMP 205ic AC_DC Multi-Process MIG_STICK_TIG Welder - Amazon.com.pdf; ESAB Rebel 205ic AC_DC Multiprocess Welder - 0558102553 – Baker's Gas & Welding Supplies, Inc_.pdf; Airgas - ESA0558102553 - ESAB® Rebel™ EMP 205ic Single Phase CC_CV Multi-Process Welder With 120 - 230 Input Voltage, sMIG Technology And Accessory Package.pdf; ESAB Rebel EMP 205ic AC_DC Flux-Core_MIG Multi-Process Welder — 120_230 Volts, 235 Amp Output, Model# 0558102553 _ Northern Tool.pdf

We've settled on the [Esab 205ic](#) welder for the shop. I've attached 4 pdf price quotes, as best as I can tell, the price is set by ESAB and doesn't really fluctuate. \$4,099 everywhere I found it. Locally, Airgas does carry it but it does not have a price drop for the state contract. Baker Gas is where I would suggest we make the purchase. While it is the same price as everywhere else, Baker includes a \$700 gift card that we can use to pick up some of the consumables (Tungsten, welding rod, cart, etc..) that we will need after upgrading to a newer machine.

🎧 Customer Support

- True All-Process - excellent performance on MIG, Flux-Cored, STICK (including 6010 electrodes), DC TIG and AC TIG industrial applications
 - Professional TIG features such as High Frequency start in DC and AC modes, balance adjustment, frequency adjustment and Pulse DC.
 - sMIG Technology - exclusive sMIG ("smart MIG") feature continuously learns and adapts to the operator's welding technique to provide a stable arc and superior, repeatable welds; increases productivity for the experienced welder, and reduces training time for novice welders
 - Unmatched Portability and Durability weighing in at only 49 lbs. (22 kg), Rebel EMP 205ic AC/DC with 5 handle roll cage can tackle any job around the shop or out at the job site
 - TFT Multilingual Display - packed full of features, Rebel EMP 205ic AC/DC has 4 programmable memory locations for each process, multi-language selection, trim adjustment, inductance control, pre/post flow control and spot weld setting - giving you the ability to fine tune your welds for the most optimal performance
