Coalville City
Community Development Director

To: Coalville City Planning Commission
From: Don Sargent, Community Development Director
Date of Meeting: February 20, 2024
Re: Wohali Proposed Phase 2.D Final Plan and Construction Drawings
Action: Public Hearing and Possible Recommendation

Wohali MPD – Phase 2.D Final Plan and Construction Drawings

REQUEST

The purpose of this public hearing is to review and discuss, receive comment, and consider recommending approval of the final plan and construction drawings for Phase 2.D of the Wohali Master Planned Development (MPD).

BACKGROUND

On December 14, 2020, the City Council approved the Wohali MPD Development. On May 25, 2021 a Development Agreement was approved, which implements the MPD approval for the project, including 125 single-family dwelling lots, 303 nightly rental resort units, 2 golf courses, associated recreational support facilities, and 1,172 acres of open space.

To date, Phases 1.A and 1.B as well as Phases 2.A, B, and C of the development have been approved by the City and recorded in the Summit County Recorder's Office.

The applicant received preliminary plan approval of Phase 2.D on January 8, 2024 and is now applying for final plan and construction drawings approval of the project.

Phase 2.D includes 2.82 acres, 6 golf cabin resort units, private roadway extension and shared driveways within the Village Center adjacent to the existing golf course practice range.

The complete Phase 2.D Final Plan and Construction Drawings can be accessed from the following Dropbox link:

<https://www.dropbox.com/scl/fo/cq3vg05ii48mkzgc33bzy/h?rlkey=xbujs2hiwkvpfqtrhm1z6g1br&dl=0> *Attachment A and B* includes the Phase 2.D final site, grading, and landscape plans for quick reference.

ANALYSIS

Included as *Attachment C* is the overall Phase 2 Village Center Illustrative Plan and *Attachment D* includes the MPD Village Center Plan with Sub-Phase 2.D area identified for reference. Phases 2.A, B, and C of the Village Center were previously approved by the City Council on July 11, 2022.

Staff Review:

Staff has reviewed the requirements of the Wohali MPD, and Development Agreement applicable to the Phase 2.D Final Plan and Construction Drawings Application. The final plan appears to be consistent with the approved preliminary plan. *Attachment E* includes the approval findings for the preliminary plan.

The development agreement contemplated that the overall MPD land use development plan layout may change based on market orientation, demand, detailed site conditions and analysis, and other factors. However, each development phase must be generally consistent with the MPD approval.

Staff is in the process of finalizing the review of the details of the final plans and construction drawings and will continue to work with applicant to ensure the drawings comply with the Wohali MPD and City Engineering Standards and Specifications.

Final Plan Recordation:

The instrument used to record the placement of the resort units for configuration and physical addressing is a Resort Unit Plan. The final plan will include notes with references to the approved Wohali MPD and Development Agreement, specifically regarding the use requirements of the resort units for ownership and occupancy timeframes. Resort unit nightly rentals shall be limited in time frame as defined in the development code consistent with transient room tax requirements.

Sanitary Sewer and Culinary Water Service:

According to Section 7.3.1 of the Wohali DA, sewer service and culinary water service, is to be provided by the City for the development if there is existing capacity in the city system to serve a proposed project phase under review. There are currently 183 sewer ERU's and 742 water ERC's available. Therefore, sanitary sewer and culinary water capacity is available to serve the proposed 6 resort units of Phase 2.D.

Per Section 7.2.1 of the development agreement the Wohali Master Developer is to pay all required connection fees, applicable water right fees and/or impact fees in lieu of developing new water sources or dedicating water shares to the City.

Secondary Water Service:

Per Section 7.2.2 of the development agreement the Wohali Master Developer shall provide all secondary water for the project.

Required Review Process:

In accordance with Section 8-2-070 of the Development Code, the role of the Staff, Planning Commission, and City Council in the review of this application is to ensure compliance and consistency of preliminary and final plans with the approved Wohali MPD Development Agreement and applicable standards of the development code.

The final plan and construction drawings application process includes the review and public hearing by both the Planning Commission and City Council.

RECOMMENDATION

Staff recommends the Planning Commission review and discuss the project, conduct a public hearing, and consider recommending approval of the Wohali Phase 2.D Final Plan and Construction Drawings to the City Council with the following findings and conditions:

Findings of Fact:

1. The Wohali Phase 2.D Final Plan includes 6 resort units and is consistent with approved preliminary plan and the Overall Village Center Plan and MPD approval.
2. The previously approved Resort Unit Plans for Phases 2.A, B, and C included 47 resort units and are sub-phases of the Phase 2 Overall Village Center Plan.
3. The total number of resort units platted and planned to date including Phase 2.D in the Wohali MPD is 53 units with 250 units remaining.
4. The meaning of different classifications or names of resort unit types is the same as a "resort unit" defined and regulated by the Wohali MPD and DA.
5. City culinary water and sanitary sewer service is available to serve Phase 2.D.

Conditions of Approval:

1. Any remaining items of the final plans and construction drawings for the project shall be addressed by Staff for compliance with the Wohali MPD and City Engineering Standards and Specifications prior to City Council approval and/or final plan recordation.
2. The Phase 2.D Final Plan shall be implemented in accordance with the approved Wohali MPD Development Agreement.

As an alternative action the Planning Commission may provide direction to Staff and/or the applicant regarding the proposed Phase 2.D Final Plan and Construction Drawings for continued review and consideration at a subsequent meeting.

WOHALI VILLAGE PHASING PLAN

MAP DATE: NOVEMBER 17, 2023

Wohali Phase 2.D Preliminary Plan Approval Findings

1. The Wohali Master Planned Development (MPD) was approved by the City Council on December 14, 2020.
2. The approval of the Wohali MPD vested the development with respect to Use, Density and Configuration.
3. The approval of the MPD reflects the general layout of open space areas, golf courses with support facilities, resort units, and single-family dwelling lots.
4. The Development Agreement (DA) for the MPD memorializes and addresses the development plan details, MPD approval conditions, City sewer and water services, and developer obligations and responsibilities overtime as the project builds out.
5. The Phase 2 Overall Village Center Plan of the Wohali MPD was approved by the City Council on November 8, 2021, including 110 acres, 181 resort units, 32 lodge/golf house units with amenities, and an 11-hole golf short course.
6. The previously approved Resort Unit Plans for Phases 2.A, B, and C included 47 resort units and are sub-phases of the Phase 2 Overall Village Center Plan.
7. Sub-Phase 2.D includes 6 resort units and is generally consistent with the Phase 2 Overall Village Center Plan and MPD approval.
8. The total number of resort units platted and planned to date in the Wohali MPD is 53 units with 250 units remaining.
9. The meaning of different classifications or names of resort unit types is the same as a "resort unit" defined and regulated by the Wohali MPD and DA.
10. City culinary water and sanitary sewer service is available to serve Phase 2.D.
11. The short executive golf course in the village center area includes 13 golf holes.
