6. Action Items

6.1 Elementary Boundary Realignment

President Rich brought to the attention of board members that during February's public hearing concerning boundaries, the Board opted to defer the discussion on elementary boundaries to this current meeting, pending further information regarding West Elementary's status and the feasibility of maintaining it. After receiving the details regarding the cost implications of replacing West Elementary, Member Bryan expressed his opinion that West Elementary should remain open and proposed adopting option 1B for elementary boundaries.

MOTION:

Move to Adopt Option 1B

Motion by Scott Bryan, second by Emily Syphus

DISCUSSION TO MOTION:

During the discussion, several board members voiced concerns regarding the relief of the student population provided by Option 1B for Sterling Elementary. Member Holt proposed relocating special education classrooms from Sterling to other schools, although Dr. Becherini, Tooele Area Director, and Marissa Lowry, Special Education Director, expressed reservations about this suggestion. Vice President Gowans suggested that to maintain pure feeder schools

while addressing Sterling's needs, adjusting West Elementary's boundaries would be necessary.

Member Holt reiterated the importance of thoroughly reviewing redrawn boundaries before deciding. Vice President Gowans expressed confidence in adopting Option 1B, contingent upon shifting West Elementary's boundaries eastward to alleviate pressure on Sterling Elementary by 75 to 150 students but still striving to establish natural geographic boundaries. Vice President Gowans also reminded the Board and the Public that our schools have open boundaries.

MODIFIED MOTION: Adopt Option 1B with the modification of moving 75-150 students from Sterling Elementary to West Elementary Boundary.

7. Information, Discussion, or Calendar Items

7.1 Superintendent's Report/Mid-Year Budget Update

(this agenda item was moved up to be before item 6.1)

Superintendent Ernst discussed the district's focus on the Instructional Framework and a

Guaranteed and Viable Curriculum, both integral to ensuring student success through effective teaching practices and comprehensive course content coverage. Instructional leaders, supported by area directors, are tasked with ensuring teachers understand and implement the framework, with personal conversations scheduled to gauge teacher comprehension and utilization by April 30.

Superintendent Ernst and Business Administrator Lark Reynolds delivered a post-legislative update on the mid-year budget. They announced that the legislative session authorized the USBE to allocate up to \$10M to alleviate the \$50M mid-year budget adjustment. Additionally, the Weighted Pupil Unit (WPU) is set to increase by 5%, generating an extra \$4.8M to address ongoing inflation and operating costs.

Despite these measures, the Tooele County School District still faces a \$128M shortfall in ongoing revenue to cover current salaries and benefits for the base budget. After careful consideration of all options and keeping in mind the Goal of least impact on taxpayers as possible, the administration has recommended the following course of action:

1. Utilize \$40M from capital reserves to partially cover the remaining balance for new construction.
2. Issue \$50M of MBA Bonds, with \$10M allocated to complete new construction, leaving \$40M remaining.
3. a. Increase General Fund Levies by \$11.3M in FY25 (2024), with an additional \$1.5M from taxes on vehicles/late fees, totaling \$12.8M to address the ongoing revenue shortage. b. Decrease Capital Local Levy by \$11.3M in FY25 (2024).
4. Transfer the remaining \$40M from MBA Bonds into capital reserves, covering capital needs for the next four years.
5. Implement small incremental tax raises over multiple years, aligning with TCSD's established philosophy. All agreed-upon property tax increases will be allocated to the Capital Local Levy.
6. Implement additional ongoing cost-saving measures.

President Rich clarified that the proposed MBA Bond wouldn't immediately raise taxes due to prior Truth in Taxation measures but could impact future tax considerations, and also explained that if the Board went through Truth in Taxation this fall, there would be a tax increase.

Member Bryan suggested a moratorium on non-essential expenditures like bus purchases and technology updates. Vice President Gowans expressed conceptual support for the Administrative recommendations plan pending specifics on tax implications. Member Syphus emphasized balancing fiscal responsibility with addressing school needs.

7.2 Construction Update

Micheal Garcia, Construction Coordinator, briefed the Board on the status of the various construction projects in the District.

7.3 Board of Education Committee Reports

Board Members provided updates on various committees they serve on:

- **JLC/USBA.** Vice President Gowans stated they will be setting up a new process and protocol for the JLC (Joint Legislative Committee), and there will be a JLC meeting in April so they can be ready for the Delegate Assembly in June.
- **TTECH Advisory Board.** President Rich mentioned her involvement on the advisory Board for TTECH (Tooele Technical College) and highlighted the ongoing efforts to foster collaboration between TTECH and the Tooele School District. President Rich
