ADMINISTRATIVE BUSINESS:

MINUTES:

The minutes from the January 27, 2014 Board meeting were read.

Dr. Moesinger made a motion to approve the minutes as read. Ms. Bloom seconded the motion. The Board vote was unanimous.

APPOINTMENTS:

8:45 am

Debbie Harry, Compliance Update on Hansel Rayner

Ms. Harry stated that Mr. Rayner is in compliance with his Stipulation and Order. She asked the Board to tell Mr. Rayner that he should not be filling out his own supervisor reports and having Dr. Satter sign the reports, Dr. Satter should be doing both.

Mr. Coursey stated that nothing has changed online and it is concerning to see that Mr. Rayner has such little concern to initiate the recommendations of the Board.

The Board stated that they want to ask Mr. Rayner how the merge with Dr. Satter's practice is progressing and if they are on schedule to be completely moved by April 27, 2014.

Ms. Taxin read a letter to the Board that was submitted by Mr. Rayner asking about possible employment with another supervising physician in Draper, Utah.

9:00 am

Mr. Hansel Rayner, Probationary Interview

Mr. Coursey conducted the interview asking Mr. Rayner how he is doing.

Mr. Rayner stated that he has been busy trying to make the changes requested by the Board. He stated he has been working on getting his profile off of the internet, but it has been very difficult.

Mr. Coursey asked where Mr. Rayner is practicing.

Mr. Rayner stated that he spends half a day on Mondays and all day on Wednesdays at Dr. Satter's office. He stated he is at his office location the rest of the week.

Mr. Rayner stated that he submitted a letter to the Board from Dr. Robert Burr an Endocrinologist who has invited Mr. Rayner to be a part of his practice. He

asked if he can have Dr. Burr be his supervising physician.

Mr. Coursey asked if Dr. Burr is aware of his probationary status and what location Mr. Rayner will work out of.

Mr. Rayner stated that Dr. Burr is aware of his probationary status and that he would join his practice as a full time PA working at the facility in Murray.

Ms. Bloom stated that she thinks that Mr. Rayner should not be a satellite employee. She stated that if he works with Dr. Burr then he needs to be working in the office that has a physician present.

The Board reiterated that it would be fine for Mr. Rayner to work under Dr. Burr at his practice, but at this time, he is not to work independently at a satellite clinic.

Mr. Rayner stated that he really wants to work with Dr. Burr as he specializes in Endocrinology and he is not comfortable working at Dr. Satter's clinic with internal medicine.

Ms. Bloom asked how many internal medicine patients Mr. Rayner is seeing a week.

Mr. Rayner stated that he sees approximately 25 patients a week while he is at Dr. Satters, and he is very uncomfortable with internal medicine.

Dr. Furguson stated that the reason Mr. Rayner is on probation is because he has been working independent of a physician and he is not sure that he wants to involve yet another practice that allows Mr. Rayner to practice independently.

Ms. Bloom stated that Mr. Rayner needs to be on-site while he is on probation. He should not entertain being in a satellite clinic during his probationary period.

Dr. Moesinger stated if Dr. Burr hires Mr. Rayner, he would like Dr. Burr to meet with the Board.

Ms. Bloom suggested that Mr. Rayner do CE courses to brush up on his primary care practice. She asked if Mr. Rayner is even interested in doing primary care.

Mr. Rayner stated that Dr. Satter is comfortable with him and is willing to work with him and if the job with Dr. Burr does not go through, he will continue to work with Dr. Satter.

Mr. Coursey stated that limbo is not a good place for Mr. Rayner therefore the plan to move into the Complete Care Clinic of Dr. Satter's by April 27, 2014 needs to move forward. He stated if anything else comes up, then he can meet in front of the Board and address it at that time.

Mr. Coursey stated that there has been some damage done and there has been feedback in the community from Physician's about Mr. Rayner and he needs to make sure he changes those impressions. He stated that the letter to patients and providers needs to go out by April 2, 2014.

Dr. Ferguson asked how the providers are going to be notified.

Mr. Rayner stated that a cover letter will be written and sent to providers along with the patient letter. He asked if email can be used to send the letter.

Mr. Coursey told Mr. Rayner that Dr. Satter needs to fill out the supervisor reports and sign them. He stated the report is not supposed to be filled out by Mr. Rayner and then signed.

Mr. Rayner acknowledged that he understands and stated that Dr. Satter was told by Ms. Harry that he needs to be the one to fill out the supervisor reports.

Mr. Coursey stated that if the agreement with Mr. Rayner and Dr. Burr proceeds, Dr. Burr would have to meet in front of the Board before Mr. Rayner can start working for Dr. Burr. He stated that Dr. Burr needs to read the PA laws and rules

before meeting in front of the Board.

Ms. Bloom stated that before Dr. Burr comes in front of the Board he needs to be very clear as to the Board's position regarding satellite clinics.

Mr. Rayner asked if the supervisor reports can go from monthly to quarterly.

Ms. Taxin stated that Mr. Rayner's track record needs to be more consistent before the frequency of the report is reduced.

Dr. Moesinger stated that he wants to see the records monthly for at least six more months and not quarterly.

Dr. Moesinger stated that he wants Mr. Rayner or Dr. Satter to let Ms. Harry know when the letter has been sent out and then the Board needs to be notified.

Mr. Rayner asked who he can talk to if he has questions regarding Dr. Burr.

Ms. Taxin stated that he can call herself or Ms. Harry.

The Board thanked Mr. Rayner for coming today.
